**Economic and Social Transformation in China** Angang Hu, 2006-11-22 The Center for China Studies is among China's most influential think tanks and its China Studies Reports are read at the highest levels of government Now for the first time the most important of these reports is collected in book form in English providing a fascinating insight into the challenges and opportunities for Chinese development and the government's thinking on economic and social issues Including comparative studies with developed and developing nations analysis of past economic performance and future trends and effects of demographic shifts such as population ageing and urbanization this book is an essential collection of research and includes notes made by central party leaders Compiled by the founder of the Center for China Studies one of the country's leading economists this book is key to understanding Chinese development and the likely future path of government policy

Special Economic Zones and China's Development Path Yitao Tao, Zhiguo Lu, 2018-10-05 The book provides insights into the development of special economic zones which are an important factor in the political and economic reforms in China It discusses a number of topics including the history and the modernization of special economic zones in

China the contributions of special economic zones to China's economic success and cultural change as well as the new mission of special economic zones in the current economic social context Applying institutional economics and growth poles theory it discusses the mechanism of China's path driven by special economic zone practices The book is a valuable resource for researchers interested in special economic zones political and institutional reforms and economic transformation during China's modernization *Issues in Socialist Economic Modernization* Jan S. Prybyla,1980 *Industry and Enterprise* Industrial Systems Research,1985 *Economics and Capitalism in the Ottoman Empire* Deniz T. Kiliçoğlu,2015-06-19 Is it possible to generate capitalist spirit in a society where cultural economic and political conditions did not unfold into an industrial revolution and consequently into an advanced industrial capitalist formation This is exactly what some prominent public intellectuals in the late Ottoman Empire tried to achieve as a developmental strategy long before Max Weber defined the notion of capitalist spirit as the main motive behind the development of capitalism This book demonstrates how and why Ottoman reformists adapted English and French economic theory to the Ottoman institutional setting and popularized it to cultivate bourgeois values in the public sphere as a developmental strategy It also reveals the imminent results of these efforts by presenting examples of how bourgeois values permeated into all spheres of socio cultural life from family life to literature in the late Ottoman Empire The text examines how the interplay between Western European economic theories and the traditional Muslim economic cultural setting paved the way for a new synthesis of a Muslim capitalist value system shedding light on the emergence of capitalism as a cultural and an economic system and the social transformation it created in a non Western and more specifically in the Muslim Middle Eastern institutional setting This book will be of great interest to scholars of modern Middle Eastern history economic history and the history of economic thought **Hearings, Reports and Prints of the Joint Economic Committee** United States. Congress. Joint Economic Committee,1962 *A History of Qing Economy Studies* Zhu Hu,2023-11-29 This book is a historiographical study of the economic history of the Qing dynasty that systematically examines the research paradigms underlying the range of historical studies conducted over the past century In reviewing historical studies of the economic history of the Qing dynasty from an epistemological and methodological perspective the book explores how this research area emerged and developed and explores the three major paradigms that dominate the field the revolutionary historical paradigm based on productive relations the modernization paradigm centring on productivity and the Chinese centric approach that seeks to understand the internal momentum of economic development It is shown that shifts in paradigms derive not only from the linear derivation of academic ideas but are also closely related to wider changes in society and social discourse Hence the author proposes an approach that studies economic and social history with an emphasis on social practice shedding light on a better understanding of the direction of China's economic history The title will benefit scholars and students interested in economic history and modern Chinese history **China's Road and China's Dream** Angang Hu,2018-02-01 This book defines China's road towards

modernization with Chinese characteristics by systematically examining a typical Chinese political process the National Congress of the Communist Party of China CPC during which diverse opinions are collected and a unified political consensus is formed The author provides a detailed introduction to the background of and preparations for the 18th National Congress of CPC as well as his personal experience of it as an attending representative In addition the book addresses a key problem namely how China s leadership handover procedure gradually evolved into the current collective handover procedure by analyzing its developmental history The question of how to implement China s leadership handover is particularly meaningful as it reflects the development of China s political system and is also essential to the CPC flourishing and China s long term prosperity The author s personal experiences at the 18th National Congress made it possible to fully investigate the leadership handover procedure between Hu Jintao and Xi Jinping Lastly the book provides a detailed description of one highlight of the 18th CPC National Congress the focus on ecological culture and green development and discusses China s dream and its implications for history and the world

**Civil Society and Politics in Central Asia** Charles E. Ziegler, 2015-02-27 The five Central Asian states of Kazakhstan Uzbekistan Kyrgyzstan Tajikistan and Turkmenistan constitute an area of increasing importance in global politics The region currently serves as the main route for transporting American and NATO supplies and personnel into Afghanistan Its Turkic Muslim peoples share ethnic and religious roots with China's Uighurs in neighboring Xinjiang where some Uighurs have connections to the Taliban in Afghanistan and Pakistan fueling Beijing's already acute fears of terrorism and separatism Perhaps most importantly the Caspian basin holds immense reserves of oil and natural gas Countries rich in hydrocarbons like Kazakhstan Turkmenistan and Uzbekistan can benefit greatly from this wealth but often they must rely on foreign companies usually backed by foreign governments to develop these resources Revolts in Kyrgyzstan in 2005 and 2010 and Uzbekistan in 2005 Tajikistan's civil war in the 1990s and continued terrorist incidents 2010 2011 strikes and suicide bombings in Kazakhstan in 2011 have contributed to concerns about stability in the region In Civil Society and Politics in Central Asia a prominent group of scholars assesses both the area's manifold problems and its emerging potential examining the often uneasy relationship between its states and the societies they govern A meticulously in depth study the volume demonstrates the fascinating cultural complexity and diversity of Central Asia Small landlocked and surrounded by larger powers Central Asian nations have become adept at playing their neighbors against each other in order to maximize their own abilities to maneuver The essays in this book look beyond the surface of Central Asian politics to discover the forces that are working for political change and continuity in this critical region of the world

**The Routledge Companion to Non-Market Strategy** Thomas C. Lawton, Tazeeb S.
