in depth case study of Romania's land and agricultural reforms from mid 19th century and up to 2000 offering a historical account of agricultural reforms in post communist Romania in the light of more than a century of social and economic development experiments Taking a dual economy analytic perspective the book examines the impact of structural and agricultural reforms on the country's economic development and provides an analysis of the ideas and models that stood behind policy reforms aiming at the modernization of an economy and society defined by dualism and late development

Aspects of Independent Romania's Economic History with Particular Reference to Transition for EU Accession

David Turnock, 2016-04-15 After fifteen years of transition in the former communist states of Central and Eastern Europe it has become clear that for a substantial number the objective of reform and restructuring process is a market system in line with membership of the EU In this study the long term economic transformation of Romania is studied offering a detailed narrative and thematic account of events from the nineteenth to the twenty first centuries From the first steps towards large scale industrialisation begun prior to the First World War through the accelerated pace set by the communist regime after 1945 and the uncertainty following its subsequent collapse in 1989 the book addresses a wide range of pertinent issues that have shaped Romania's economic development The study also offers an interpretation of a distinctive phase in the modernisation of post communist Romania supported by economic historical surveys of the preceding century as a context for recent restructuring on the eve of EU accession This is linked with trends in the region as a whole so that a broad perspective is maintained throughout the book By highlighting Romania's position as one of more backward accession states and considering in what ways its experience during transition differs from the more developed states of the region this study offers a valuable insight into both the history of Romania and its future prospects Furthermore it provides a valuable case study that can be compared and contrasted with other countries who are likewise still grappling with the legacy of a centralised economy and in the process of adopting a more market orientated approach in order to gain EU membership As such this study will be of interest not only to historians and economists but anyone with an interest in the expansion of the European Union Overseas Business Reports, 1971

Romania Stephen Roper, 2004-08-02 The Romanian revolution was motivated by a desire for greater political and intellectual freedom and economic prosperity It was the bloodiest of the eastern European transitions due to Ceausescu's cult of personality However many of the goals of the revolution are still unfulfilled The lack of civil society charges of political corruption the failure to transform the economy and concerns over the protection of ethnic minority rights are all factors in Romania's failure to become a fully integrated European country Tracing the country's political history and examining Romania's postcommunist politics economic transition and foreign policy this book contemplates the prospects for this country as it enters the twenty first century *Communist Eastern Europe;*

in Central and Eastern Europe Johan F.M Swinnen, 2018-08-10 First published in 1997 this volume responds to the challenges faced in post Communist Eastern Europe in the privatization and decollectivisation of agriculture The contributors feature specialists in agriculture finance economics and political science They begin with discussions on the political economy of privatization and a historical overview and continue with thoughts on agricultural decollectivization in twelve countries across Eastern Europe including Albania the Baltic countries Bulgaria Slovakia and Hungary The project reflects the basic framework of endogenous institutional change and policy analysis and uses a political economy framework to explain and interpret these agricultural trends Hearings, Reports and Prints of the Joint Economic Committee United

States. Congress. Joint Economic Committee, 1974 Industrial Cooperation between East and West Friedrich Levčik, Jan Stankovsky, 2017-09-08 This title was first published in 1979 A number of valuable and interesting publications have appeared in the last few years on East West cooperation These studies which by means of interviews and direct contacts with the firms concerned have shed some light on a subject that in the past had remained little known also provided us with extremely valuable incentives Most of these studies dealt only with individual aspects of cooperation particularly the legal and microeconomic aspects The quantitative data used however did not easily lend themselves to comparison Eastern European studies more often contained the views of the respective governments than the experiences of enterprises involved in cooperative undertakings In this book the authors have attempted to provide a unified picture of the most important problems of East West cooperation The motivations and goals of those concerned in all their microeconomic macroeconomic commercial and political aspects are brought together with the pertinent legal and institutional factors and are analyzed

Business America, 1997 *Problems of Communism*, 1971 Small Firms and Economic Development in Developed and Transition Economies David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research
