Inter-American Economic News ,1944 Economic Inequality and News Media Andrea Grisold,Paschal Preston,2020
Economic Inequality and News Media examines how mainstream news media cover frame and discuss economic inequality through an empirical analysis of news media coverage of Thomas Piketty s high profile and best selling book Capital in the Twenty First Century **Inter-American Economic News** United States. Office of Inter-American Affairs, The Effects of Economic News on Commodity Prices Mr.Shaun K. Roache,Mr.Marco Rossi,2009-07-01 The paper uses an event study methodology to investigate which and how macroeconomic announcements affect commodity prices Results show that gold is unique among commodities with prices reacting to specific scheduled announcements in the United States and the Euro area such as indicators of activity or interest rate decisions in a manner consistent with gold s traditional role as a safe haven and store of value Other commodity prices where such news is significant exhibit pro cyclical sensitivities and these have risen somewhat as commodities have become increasingly financialized These results are important for those trading in the commodity markets on a frequent basis and long term market participants that take their decisions based on information on price fundamentals which are reflected in the release of macroeconomic announcements **Spillovers to Emerging Markets from US Economic News and Monetary Policy** Philipp Engler,Mr. Roberto Piazza,Galen Sher,2023-05-19 When the U S economy sneezes do emerging markets catch a cold We show that economic news and not just monetary policy in the United States affects financial conditions in emerging markets News about U S employment has the strongest effects followed by news about economic activity and about vaccines during the COVID 19 pandemic News about inflation has instead limited effects on average A key channel of international transmission of U S economic news appears to be the risk

perceptions or risk aversion of international investors We also show that some of the transmission of U S economic news occurs independently of the U S monetary policy reaction Finally we expand on evidence that financial conditions in the U S and emerging markets respond differently to U S monetary policy surprises depending on the reaction of US stock prices
