cultural resources in order to further their own projects and narrate their own myths and histories In the process she argues Portuguese Goa emerged as a space with a specific identity that was a result of these contestations and interactions The book de essentializes the categories of colonizer and colonized making visible instead their inner group diversity of interests their different modes of identification and the specificity of local dynamics in their interactions and exchanges in other words the several threads that wove the fabric of colonial life

**The Jesuits** Markus Friedrich,2022-03 Since its founding by Ignatius of Loyola in 1540 the Society of Jesus The Jesuits has been intimately involved in the unfolding of the modern world The young Jesuit order played a crucial role in the Counter Reformation especially in Poland southern Germany and several other parts of Europe The Jesuits were also participants in the establishment and spread of European empires engaging in missionary activity in east and south Asia in the 16th and 17th centuries and becoming central to the spreading of Christianity in the New World At the same time Jesuits often tangled with the Roman curia and the Pope leading to the suppression of the Jesuits in 1773 After the subsequent restoration of the order in 1814 the Jesuits continued to be leaders in Catholic education and theology In 2013 Jorge Bergoglio became the first

Jesuit Pope taking the name Pope Francis I In this book Markus Friedrich presents the first comprehensive account of the Jesuits from a non Catholic perspective Drawing on his expertise as a historian of the early modern world Friedrich situates the Jesuit order within the wider perspective of European history In particular he places the Jesuits in the context of social cultural and imperial history showing that the Jesuits were not monolithic but rather were very sensitive to local context and that the order s core texts especially Ignatius s Spiritual Exercises were templates to engage with rather than instructions manuals to be followed slavishly *Women's Health in Goa* Shaila Desouza,2006 Contributed papers presented at a workshop **Pierre Lambert de la Motte** Francoise Fauconnet-Buzelin,2024-03-20 Pierre Lambert de la Motte was born in Normandy in 1624 into a pious noble family After studying law and a brief but distinguished career in civil administration he entered the Congregation of the Assumption a lay association In 1657 he volunteered as a missionary in Asia was appointed Titular Bishop of Beirut and left for Asia in 1660 Arrived in Siam he made pastoral visits in Cochinchina Southern Vietnam and throughout Vietnam educating and ordaining native priests giving courage to dispersed communities trying to settle the many rivalries between missionary orders and to improve tense relations with the authorities while living the deep spiritual life of a mystic of the Cross He died in 1679 His work is part of the considerable development of missions in the seventeenth century under the leadership of Pope Gregory XV In France Pierre Lambert de la Motte played a key role in the birth of the Paris Foreign Missions Society in 1658 for China and South East Asia They were to work tirelessly following the Roman Instructions of 1659 refusal of secularization and politicization respect for indigenous cultures accession of the local Churches to autonomy and consolidation of their link with the Holy See The author describes the work accomplished by the Paris Foreign Missions Society in this part of Asia shows the difficulties in developing them as well as the extraordinary tenacity of an inspired man **The Development of Teacher Education in Portuguese Goa, 1841-1961** Ricardo Cabral,2009 Study with reference to the state of Goa India *Asian and Asian American Women in Theology and Religion* Kwok Pui-lan,2020-02-25 This book presents personal narratives and collective ethnography of the emergence and development of Asian and Asian American women s scholarship in theology and religious studies It demonstrates how the authors religious scholarship is based on an embodied epistemology influenced by their social locations Contributors reflect on their understanding of their identity and how this changed over time the contribution of Asian and Asian American women to the scholarship work that they do and their hopes for the future of their fields of study The volume is multireligious and intergenerational and is divided into four parts identities and intellectual journeys expanding knowledge integrating knowledge and practice and dialogue across generations **The Years of Jesuit Suppression, 1773-1814: Survival, Setbacks, and Transformation** Paul Shore,2019-12-30 The forty one years between the Society of Jesus s papal suppression in 1773 and its eventual restoration in 1814 remain controversial with new research and interpretations continually appearing Shore s narrative approaches these years and the period preceding the suppression from a new perspective that covers individuals

not usually discussed in works dealing with this topic As well as examining the contributions of former Jesuits to fields as diverse as ethnology a term and concept pioneered by an ex Jesuit and library science where Jesuits and ex Jesuits laid the groundwork for the great advances of the nineteenth century the essay also explores the period the exiled Society spent in the Russian Empire It concludes with a discussion of the Society s restoration in the broader context of world history
