The Art of Everyday Ecstasy Margot Anand, 2015-02-18 Ecstasy is about waking up and finding that you are in love with life Most people think of ecstasy in terms of sexual ecstasy which Tantric sex expert Margot Anand wrote about in her bestselling The Art of Sexual Ecstasy Now in The Art of Everyday Ecstasy Anand expands our definition of ecstasy and shows how we can harness its energy to help us live work and love more passionately joyfully and with true spiritual focus Our modern work obsessed stress filled culture what Anand calls the anti ecstatic conspiracy has dulled our spirits thrown us off balance and alienated us from meaningful everyday experiences In this inspirational journey toward finding the healing nature of ecstasy Anand explains how the two types of ecstatic experiences the moments of epiphany called Ecstatic Awakenings and Everyday Ecstasy or the Ecstasy of Flow a connection to our power and inner wisdom can help us move beyond pain and doubt to reach our highest potential Based on the spiritual path of Tantra Anand shows how to use the natural energy system of our bodies the seven chakras as a map to ecstasy As she guides us through the chakras she explains how each one plays an important role in transforming energy into erotic passion healing empowerment compassion creativity insight and gratitude Blocked chakras manifest themselves in surprising ways wholeness can be achieved only when all of the chakras are open with energy flowing freely By transforming negative behavioral patterns into positive ones and strengthening ourselves physically emotionally and spiritually we can improve our health sex life career relationships and find profound meaning in everyday moments With personal anecdotes exercises meditations and rituals The Art of Everyday Ecstasy shows us how to bring ecstatic energy into the body mind heart and spirit to embrace every moment in our totality to respond bodily feel from the heart perceive with clarity and be fully present to others and to life

The Spanish Mystics: Ecstasy and Communion with Peter Tyler Peter Tyler, Wise Studies, 2020-03-28 In these four talks Peter Tyler explores the factors that contributed to the rise of mystical writing in 16th Century Spain He traces the particular history of the Peninsula that shaped the milieu within which mysticism flourished at this time One of the most popular and approachable Christian saints of all time St Teresa of Avila 1515 1582 is justly celebrated as one of the key writers in the Christian mystical tradition Yet her popularity belies the struggles she had to overcome in her own lifetime to have her mystical approaches accepted by the wider church Peter looks at how her life and struggles influenced her mystical teaching especially as found in The Book of the Life and The Interior Castle Peter explores the author of the Dark Night of the Soul St John of the Cross's 1542 1591

His teachings on the spiritual life are remarkably light and beautiful Peter places John's life and teaching within the context of 16th Century Spain and explores questions such as How can God be known in this life and How far does knowledge of God lead to annihilation of the individual personality

Meditation: The Art of Ecstasy Osho, 2023-02-28 Concentration is a choice It excludes all except its object of concentration it is a narrowing If you are walking on the street you will have to narrow your consciousness in order to walk You cannot ordinarily be aware of all that is happening because if you are aware of everything that is happening you will become unfocused So concentration is a need Concentration of the mind is a need in order to live to survive and exist That is why every culture in its own way tries to narrow the mind of the child

The Veils of the Seven Skies - Where Order Meets Ecstasy Chris Tsirkas,2025-04-09 The Veils of the Seven Skies was born from a personal need to reconstruct the experience of Tragedy not as narrative but as passage In a time where theatre often becomes commentary or spectacle I longed to return to its ritual core a place where sound word and silence become thresholds The work seeks to revive the Sacred in performance not through religion but through the metaphysical weight of form repetition and gesture It is a response to the fragmentation of modern selfhood an offering of self transformation written for a stage that dares to stand still I envision this piece not simply as a play but as a vessel something ancient souls might recognize even if they no longer name it I wrote it so that it might one day be sung by voices who remember how to breathe between the Worlds The play is a philosophical and theatrical experiment that aims to bridge ancient worlds creating a poetic dialogue between the cultural heights of classical Greece and imperial China Its dramatic verse play merges the structure and philosophical depth of Attic Tragedy with the refined aesthetics and performative precision of traditional Chinese Theatre and Opera Set upon a semi operatic vessel reminiscent of 18th century Italian opera this work creates a unique synthesis of two seemingly distant but profoundly resonant artistic worlds The baroque grandeur of the language and spectacle serves the cosmic scope of this East West symbolical encounter The narrative follows Dionysus the Greek god of wine and ecstatic transformation as he journeys to the Celestial Court of ancient China There his encounter with Princess Lian daughter of the Jade Emperor catalyzes a cosmic dialogue between Eastern discipline and Western spontaneity When the Emperor subjects Dionysus to Five Elemental Trials both cultures must confront their limitations and discover the complementary nature of their seemingly opposed philosophies Through Fire Water Wood Metal and Earth the characters navigate a series of challenges which test not only their physical and spiritual capacities but also their cultural assumptions about order chaos freedom and control The play integrates authentic elements from both traditions the Chorus Choral Odes and dramatic structure of Attic Tragedy alongside the water sleeve techniques shu xi and stylized gestures of Kunqu structural elements of Yuan Zaju and Ming Chuanqi and the codified role types of Peking Opera J ngj Through musicalized verse and detailed choreographic directions this work illuminates universal themes which bind human expression across cultures The play s formal structure honors both traditions while creating something entirely new a theatrical language that speaks to our shared humanity The Veils of the Seven Skies explores timeless questions which have

occupied both Eastern and Western philosophical traditions such as How do we balance freedom with form How can tradition embrace change without losing its essence and What happens when seemingly opposite forces discover their shared humanity These questions unfold through characters who embody philosophical principles while remaining emotionally compelling their personal journeys reflecting the larger cultural synthesis at the heart of this work This theatrical experiment demonstrates how Dionysian ecstasy and Eastern harmony can converse in a shared theatrical language transcending time and geography in order to explore the essential balance between chaos and order freedom and form tradition and transformation It stands as both a literary text and a potential performance piece which celebrates the richness of global theatrical traditions a tale of transformation where Seven Veils dissolve revealing the unity beneath our cultural differences The extensive glossary and notes provide context for readers unfamiliar with either tradition making this work accessible to diverse audiences while honoring the depth and complexity of its source material

Transition, Infinity, and Ecstasy

Suresh Hariramsait, 2016-01-15 Though modern astronomers and astrophysicists like Stephen Hawking have their doubts about interstellar travel there are countless references to interdimensional travel in mostly ancient Indian texts The Kandha Puranam nearly 17 million years ago mentions that the Asura Titan King Sooran ruled over 1008 universes and had vimanas or flying crafts that could in an instant travel all over space cutting across dimensions at tremendous speed that could hover in mid air over water disappear and reappear all of a sudden and had a host of stealth weapons even nuclear winter is mentioned for it is said that the entire world was enveloped in darkness caused by Sooran during the war Lord Muruga possessed the Peacock Craft that could circumvent the 14 worlds and fly beyond in a micro second and his missile with the lengthy flame nedunchudar Vel was voice activated and reusable and was so powerful that it blew up into smithereens the Kraunja mountain which even our modern day nuclear weapons cannot do according to scientists The Ramayana 17 million years ago mentions that Emperor Ravana's Pushpaka vimana which he captured from Kubera the Lord of riches in heaven could host as many passengers as it takes there were stun weapons and stealth technology In the Mahabharata war 3500 b c nuclear weapons like the brahmastra were used and there is mention of numerous flying crafts of the Lords Angels of Asuras Titans and Rakshasas Demons who all travelled to and fro from the upper and lower worlds The Sri Linga Purana mentions that Lord Brahma's Swan Craft flew and transcended the seven upper worlds while Lord Vishnu's Boar Craft tunneled through the seven lower worlds and went even beyond Baathala the lowest plane which all reminds us of blackholes being portals and shortcuts to parallel universes which is being theoretically proved today More than 2500 years ago the Japanese Royal Family's ancestors met with the Sun God who landed on Mount Fuji and were presented with a sword and an orb which are still in the Imperial Palace in Japan The native Indian's forefathers living on Sun Island on Lake Titicaca in South America were visited by the Sun God The Dogon tribes of Mali have a tradition that their forefathers had sailed on a great ship that flew down from Sirius the star but what is interesting is that they don't wear spacesuit like gear and celebrate their home coming

once every fifty two years which is when sirius comes in direct alignment with our world *Twilight in Italy and Other Essays* D. H. Lawrence,1994 The first critical edition of D H Lawrence s 1912 16 essays Lawrence left England for the first time in May 1912 and began to record his reactions to foreign cultures In 1915 he amplified some of these essays and wrote others for *Twilight in Italy* 1916 his first travel book **Songs of Ecstasy** Hugh B. Urban,2001 This book offers the first English translation of a body of highly esoteric mystical poetry and songs associated with the Khartabhajas a Bengali sect devoted to Tantrism The period from the late 18th to the early 19th century during which these lyrics were written was an era of change experimentation and transition from the older medieval styles to the new literary forms of modern Bengal The highly original songs presented here are an important part of this transitional period reflecting the search for new literary forms and experimentation in new poetic styles **Twilight in Italy** D. H. Lawrence,2015-05-30 In 1912 a young D H Lawrence left England for the first time and travelled to northern Italy He spent nearly a year on the shores of Lake Garda lodged in elegantly decaying houses set amid lemon groves and surrounded by the fading life of traditional Italy This is a travel book unlike any other where landscapes and people are backdrops to Lawrence s deeper wanderings into philosophy opinion life nature religion and the fate of man With sensuous descriptions of late harvests darkening days and fragile ancient traditions *Twilight in Italy* is suffused with nostalgia and premonition For looming over the idyll of rural Italy hover dark spectres the arrival of the industrial age and the brewing storm of World War I upheavals that would change the face of Europe forever **D. H. Lawrence and Italy** D. H. Lawrence,2018-11-08 In these impressions of the Italian countryside Lawrence transforms ordinary incidents into passages of intense beauty *Twilight in Italy* is a vibrant account of Lawrence s stay among the people of Lake Garda whose decaying lemon gardens bear witness to the twilight of a way of life centuries old In *Sea and Sardina* Lawrence brings to life the vigorous spontaneity of a society as yet untouched by the deadening effect of industrialization And *Etruscan Places* is a beautiful and delicate work of literary art the record of a dying man drinking from the founts of a civilization dedicated to life Exile & Ecstasy Madison Margolin,2023-11-07 Through the perspective of having grown up among HInJews in the Ram Dass community and cannabis legalization movement journalist Madison Margolin takes the reader on a journey inside New York s Jewish counterculture and the Hasidic underground reconciling her roots tackling ancestral Jewish trauma and finding intersectionality between the Jewish and psychedelic experience *Exile and Ecstasy* sets out to explore the psychedelic path that occupies the crossroads between the Ram Dass movement and Hasidism It s a path of seeking and escape rebellion and return medicine and magic Bridging the polar ends of the Jewish and psychedelic worlds while buttressing the experience with expert reportage Madison Margolin prods at *Be Here Now* to find its relevance and utility in a new generation facing different issues than those Ram Dass faced as a generally well to do boomer In doing so she looks at solutions to our lack of presence and offers practices that help us integrate our psychedelic experiences in mundane life as well as in the context of our roots and religious identities This book is for anyone looking to

feel spiritually kindled to make peace with where they come from and to reconcile seemingly disparate experiences of spirituality and psychedelics with traditional religion
