El Cid Oxford Classic Tales:

El Cid Rosamund Fowler,2002 El Cid is the best soldier in Castile When he is unfairly banished from court the Spanish hero sets off on a campaign against the Moorish invaders of Southern Spain to win back favour After many battles and conquests El Cid is forgiven But he comes home to face one last terrible battle and ultimately his death **The Oxford**

History of Literary Translation in English: Peter France,Kenneth Haynes,2006-02-23 In the one hundred and ten years covered by volume four of The Oxford History of Literary Translation in English what characterized translation was above all the move to encompass what Goethe called world literature This occurred paradoxically at a time when English literature is often seen as increasingly self sufficient In Europe the culture of Germany was a new source of inspiration as were the medieval literatures and the popular ballads of many lands from Spain to Serbia From the mid century the other literatures of the North both ancient and modern were extensively translated and the last third of the century saw the beginning of the Russian vogue Meanwhile as the British presence in the East was consolidated translation helped readers to take possession of exotic non European cultures from Persian and Arabic to Sanskrit and Chinese The thirty five contributors bring an enormous range of expertise to the exploration of these new developments and of the fascinating debates which reopened old questions about the translator's task as the new literalism whether scholarly or experimental vied with established modes of translation The complex story unfolds in Britain and its empire but also in the United States involving not just translators publishers and readers but also institutions such as the universities and the periodical press Nineteenth century English literature emerges as more open to the foreign than has been recognized before with far reaching effects on its orientation

Folk Heroes and Heroines around the World Graham Seal,Kim Kennedy White,2016-03-14 This comprehensive collection of folk hero tales builds on the success of the first edition by providing readers with expanded contextual information on story characters from the Americas to Zanzibar Despite the tremendous differences between cultures and ethnicities across the world all of them have folk heroes and heroines real and imagined that have been represented in tales legends songs and verse These stories persist through time and space over generations even through migrations to new countries and languages This encyclopedia is a one stop source for broad coverage of the world's folk hero tales Geared toward high school and early college readers the book opens with an overview of folk heroes and heroines that provides invaluable context and then presents a chronology The book is divided into two main sections the first provides entries on the major types and themes the second addresses specific folk tale characters organized by continent with folk hero entries organized alphabetically Each entry provides cross references as well as a list of further readings Continent sections include a bibliography for additional research The book concludes with an alphabetical list of heroes and an index of hero types

Knowles,2005 Explores the stories behind names and sayings that can be found in classic literature or today s news **Catalog of Reprints in Series** Robert Merritt Orton,1961 **Current Literature** ,1921 A Kingdom of Stargazers Michael A. Ryan,2012-03-27 Astrology in the Middle Ages was considered a branch of the magical arts one informed by Jewish and Muslim scientific knowledge in Muslim Spain As such it was deeply troubling to some Church authorities Using the stars and planets to divine the future ran counter to the orthodox Christian notion that human beings have free will and some clerical authorities argued that it almost certainly entailed the summoning of spiritual forces considered diabolical We know that occult beliefs and practices became widespread in the later Middle Ages but there is much about the phenomenon that we do not understand For instance how deeply did occult beliefs penetrate courtly culture and what exactly did those in positions of power hope to gain by interacting with the occult In A Kingdom of Stargazers Michael A Ryan examines the interest in astrology in the Iberian kingdom of Aragon where ideas about magic and the occult were deeply intertwined with notions of power authority and providence Ryan focuses on the reigns of Pere III 1336 1387 and his sons Joan I 1387 1395 and Mart I 1395 1410 Pere and Joan spent lavish amounts of money on astrological writings and astrologers held great sway within their courts When Mart I took the throne however he was determined to purge Joan s courtiers and return to religious orthodoxy As Ryan shows the appeal of astrology to those in power was clear predicting the future through divination was a valuable tool for addressing the extraordinary problems political religious demographic plaguing Europe in the fourteenth century Meanwhile the kings contemporaries within the noble ecclesiastical and mercantile elite had their own reasons for wanting to know what the future held but their engagement with the occult was directly related to the amount of power and authority the monarch exhibited and applied A Kingdom of Stargazers joins a growing body of scholarship that explores the mixing of religious and magical ideas in the late Middle Ages **The American Educational Catalogue** ,1922 *The Writers Directory 2008* Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who

have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography **The Publishers Weekly** ,1923 *Mythological Swords* Rocky Pendergrass,2015-06-22
Mythological Swords provides a collection of curated articles detailing mythological swords *El Cid* Geraldine
McCaughrean,1997-03 This is the story of Don Rodrigo Diaz de Vivar chief marshal of the royal army who was exiled from his
native Castile by the weak King Alfonso in 1089 Banished from his two little daughters and his lovely wife he rode out of
Castile at midnight between the teeth of a wild and snarling mountain range and journeyed into the South where Moorish
invaders had ruled for centuries
