Friis,2021-11-12 *White Light* The Poetry of Alberto Blanco explores the interplay of

complementary images and concepts in *A la luz de siempre* the Mexican writer and visual artist's vast trilogy of poems from 1979-2018. By focusing on listening and seeing Blanco's highly interdisciplinary poetry transforms his inspirations into the inspiration of his readers. *The Long Land War* Jo Guldi, 2022-04-19 A definitive history of ideas about land redistribution allied political movements and their varied consequences around the world. An epic work of breathtaking scope and moral power. *The Long Land War* offers the definitive account of the rise and fall of land rights around the world over the last 150 years. Matthew Desmond, Pulitzer Prize winning author of *Evicted: Poverty and Profit in the American City*. Jo Guldi tells the story of a global struggle to bring food, water, and shelter to all. Land is shown to be a central motor of politics in the twentieth century: the basis of movements for giving reparations to formerly colonized people; protests to limit the rent paid by urban tenants; intellectual battles among development analysts; and the capture of land by squatters taking matters into their own hands. The book describes the results of state-engineered land reform policies beginning in Ireland in 1881 until U.S. led interests and the World Bank effectively killed them off in 1974. *The Long Land War* provides a definitive narrative of land redistribution alongside an unflinching critique of its failures set against the background of the rise and fall of nationalism, communism, internationalism, information technology, and free market economics. In considering how we could make the earth livable for all, she works out the important relationship between property ownership and justice on a changing planet. *The Absurd Element in the Plays of Federico García Lorca* Gene Howard Franks, 1968 *Salsa Consciente* Andrés Espinoza Agurto, 2021-12-01 This volume explores the significations and developments of the *Salsa consciente* movement, a Latino musical, poetic, and political discourse that exploded in the 1970s but then dwindled in momentum into the early 1990s. This movement is largely linked to the development of Nuyorican popular music brought about in part by the mass Latino migration to New York City beginning in the 1950s and the subsequent social movements that were tied to the shifting political landscapes. Defined by its lyrical content alongside specific sonic markers and political and social issues facing U.S. Latinos and Latin Americans, *Salsa consciente* evokes the overarching cultural nationalist idea of *Latinidad* (Latin-ness). Through the analysis of over 120 different *Salsa* songs from lyrical and musical perspectives that span a period of over sixty years, the author makes the argument that the urban Latino identity expressed in *Salsa consciente* was constructed largely from diasporic, deterritorialized, and at times imagined cultural memory, and furthermore proposes that the Latino/Latin American identity is in part based on African and Indigenous experience, especially as it relates to Spanish colonialism. A unique study on the intersection of *Salsa* and Latino and Latin American identity, this volume will be especially interesting to scholars of ethnic studies and musicology alike. *Ophelia* Sharon Keefe Ugalde, 2020-05-15 The study emphasizes the role of the arts and humanities in the replotting of gender and also links cultural production to political circumstances, specifically to the end of the Franco dictatorship and the transition to a new democracy in Spain. The inclusion of both the visual art of Marina Núñez and art photographs as well as literary authors and dramatists offers views of overarching motifs.

in the cultural production of Spain The book includes an historical component with an analysis of works by major nineteenth and early twentieth century Spanish poets including Espronceda B cquer Villaspesas Lorca and the pioneer female author Blanca de los Rios The list of writers from the 1970s forward includes both highly recognized figures Clara Jan s Mar a Victoria Atencia Eduardo Quiles and an extensive group of important writers less recognized beyond among critics

Spanish-American Literature Enrique Anderson Imbert,1969 With a focus both historical and literary Enrique Anderson Imbert surveys the literature of Hispanic America His study is not merely an historical synthesis of names titles and dates it is rather a critical analytical appraisal of the verse prose and drama written in Spanish in the Americas in the contemporary period

World Literature in Spanish Maureen Ihrie,Salvador Oropesa,2011-10-20 Containing roughly 850 entries about Spanish language literature throughout the world this expansive work provides coverage of the varied countries ethnicities time periods literary movements and genres of these writings Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order However *World Literature in Spanish An Encyclopedia* contains roughly 850 entries on both major and minor authors themes genres and topics of Spanish literature from the Middle Ages to the present day affording an amazingly comprehensive reference collection in a single work This encyclopedia describes the growing diversity within national borders the increasing interdependence among nations and the myriad impacts of Spanish literature across the globe All countries that produce literature in Spanish in Europe Africa the Americas and Asia are represented covering both canonical authors and emerging contemporary writers and trends Underrepresented writings such as texts by women writers queer and Afro Hispanic texts children s literature and works on relevant but less studied topics such as sports and nationalism also appear While writings throughout the centuries are covered those of the 20th and 21st centuries receive special consideration

The Mexican Filmography, 1916 through 2001 David E. The Crucified Mind Robert Havard,2001 Why is the Spanish input to Surrealism so distinctive and strong What

do such renowned figures as Dal Bu uel Lorca Aleixandre and Alberti have in common This book untangles the issue of Surrealism in Spain by focusing on a consistent feature in Spanish avant garde poetry art and film of the late twenties and thirties its supersaturation in religion A repressive religious upbringing typically under the Jesuits intensifies both the paranoiac and the mystical Surrealism s twin pillars which were already deeply ingrained in the Spanish psyche Striking examples are Lorca s prophetic voice in New York Dal and Bu uel s Eucharistic transformations Alberti s Loyolan materio mysticism Alberti is the fulcrum of this study since his poetry goes the full distance of Surrealism s evolution from Freudian catharsis to metaphysical transcendence until it expires in a Marxist reaction to church bound tradition when his nation convulses in civil war the surrealist ethos in Spain is not reducible to measuring how closely it imitates French theory It is more serious than the French says Alberti and its bearings are found on a cross of mental suffering and in a journey out of hell that made real art in practice ROBERT HAVARD is Professor of Spanish University of Wales Aberystwyth
