Ecology of Communication David L. Altheide,2020-03-11 Altheide's new book advances the argument set in motion some years ago with *Media Logic* and continued in *Media Worlds in the Postjournalism Era* that in our age information technology and the communication environments it posits have affected the private and the social spheres of all our power relationships redefining the ground rules for social life and concepts such as freedom and justice Articulated through an interactionist and non deterministic focus *An Ecology of Communication* offers a distinctive perspective for understanding the impact of information technology communication formats and social activities in the new electronic environment The International Encyclopedia of Political Communication, 3 Volume Set Gianpietro Mazzoleni,Kevin G. Barnhurst,Ken'ichi Ikeda,Rousiley C. M. Maia,Hartmut Wessler,2015-12-14 The International Encyclopedia of Political Communication is the definitive single source reference work on the subject with state of the art and in depth scholarly reflection on the key issues within political communication from leading international experts It is available both online and in print Explores pertinent salient topics within political science sociology psychology communication and many other disciplines Theory empirical research and academic as well as professional debate are widely covered in this truly international and comparative work Provides clear definitions and explanations which are both cross national and cross disciplinary by nature Offers an unprecedented level of authority accuracy and balance with contributions from leading international experts in their associated fields Part of The Wiley Blackwell ICA International Encyclopedias of Communication series published in conjunction with the International Communication Association Online version available at Wiley Online Library www.wileyicaencyclopedia.com Named Outstanding Academic Title of 2016 by Choice Magazine a publication of the American Library Association Media, Structures, and Power Robert E. Babe,2011-01-01 Containing introductions and contributions by other prominent scholars this volume situates Babe's work within contemporary scholarship and underscores the extent to which he is one of Canada's most prescient thinkers Tweets and the Streets Paolo Gerbaudo,2012-10-05 What should we make of the culture of the protest movements of the 21st century From the Arab Spring to the indignados protests in Spain and the Occupy movement Paolo Gerbaudo examines the relationship between the rise of social media and the emergence of new forms of protest Gerbaudo argues that activists use of Twitter and Facebook does not fit with the image of a cyberspace detached from physical reality Instead social media is used as part of a project of re appropriation of public space which involves the assembling of different groups around occupied places such as Cairo's Tahrir Square or New York's Zuccotti Park An exciting and invigorating journey through the new politics of dissent *Tweets and the Streets* points both to the creative possibilities and to the risks of political evanescence which new media brings to the contemporary protest experience *Media Worlds in the Postjournalism Era* David Altheide,2019-01-08 The concept of media logic a theoretical framework for explaining the

relationship between mass media and culture was first introduced in Altheide and Snow's influential work *Media Logic In Media Worlds* in the Postjournalism Era the authors expand their analysis of how organizational considerations promote a distinctive media logic which in turn is conducive to a media culture They trace the ethnography of that media culture including the knowledge techniques and assumptions that encourage media professionals to acquire particular cognitive and evaluative criteria and thereby present events primarily for the media's own ends ***Tangled Routes*** Deborah Barndt, 2008 Now in a thoroughly revised and updated edition *Tangled Routes* offers a vivid interdisciplinary examination of the global food system through the journey of a corporate tomato Through case studies in the three NAFTA countries Mexico the United States and Canada Deborah Barndt examines the dynamic relationships between production and consumption work and technology biodiversity and cultural diversity and health and environment The compelling stories of women workers along the tomato trail humanize her analysis of globalization taking into account the intersections of gender race class family status and north south relations

Cultural Economies of Locative Media Rowan Wilken, 2019 Location location awareness and location data have all become familiar and increasingly significant parts of our everyday mobile mediated experiences *Cultural Economies of Locative Media* examines the ways in which location based services such as GPS enabled mobile smartphones are socially culturally economically and politically produced just as much as they are technically designed and manufactured Rowan Wilken explores the complex interrelationships that mutually define new business models and the economic factors that emerge around and structure locative media services Further he offers readers insight into the diverse social uses cultures of consumption and policy implications of location providing a detailed critical account of contemporary location sensitive mobile data *Cultural Economies of Locative Media* delves into the ideas technologies contexts and power relationships that define this scholarship resulting in a rich portrait of locative media in all of its cultural and economic complexity

The New Politics of Surveillance and Visibility Richard V. Ericson, Kevin D. Haggerty, 2006-01-01 Since the terrorist attacks of September 2001 surveillance has been put forward as the essential tool for the war on terror with new technologies and policies offering police and military operatives enhanced opportunities for monitoring suspect populations The last few years have also seen the public's consumer tastes become increasingly codified with data mines of demographic information such as postal codes and purchasing records Additionally surveillance has become a form of entertainment with reality shows becoming the dominant genre on network and cable television In *The New Politics of Surveillance and Visibility* editors Kevin D Haggerty and Richard V Ericson bring together leading experts to analyse how society is organized through surveillance systems technologies and practices They demonstrate how the new political uses of surveillance make visible that which was previously unknown blur the boundaries between public and private rewrite the norms of privacy create new forms of inclusion and exclusion and alter processes of democratic accountability This collection challenges conventional wisdom and advances new theoretical approaches through a series of studies of surveillance in

policing the military commercial enterprises mass media and health sciences *The Media and The Public* Stephen Coleman, Karen Ross, 2015-07-13 The Media and the Public explores the ways a range of media from the press to television to the Internet have constructed and represented the public Provides a new synthesis of recent research exploring the relationship between media and their publics Identifies ways in which different publics are subverting the gatekeeping of mainstream media in order to find a voice and communicate with others Situates contemporary media public discourse and relationships in an historical context in order to show the origin of contemporary public political engagement Creates a theoretical expansion on the role of the media in accessing or denying the articulation of public voices and the ways in which publics are harnessing new media formats to produce richer and more complex forms of political engagement Personal, Societal, and Ecological Values of Wilderness ,1998 *Handbook of Symbolic Interactionism* Larry T. Reynolds, Nancy J. Herman-Kinney, 2003 Symbolic interactionism has a long history in sociology social psychology and related social sciences In this volume the editors and contributors explain its history major theoretical tenets and concepts methods of doing symbolic interactionist work and its uses and findings in a host of substantive research areas *Handbook of Interview Research* Jaber F. Gubrium, James A. Holstein, 2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It is also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today's leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today's society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society Excellence in Communicating Organizational Strategy Donald P. Cushman, Sarah Sanderson King, 2001-07-19 Essays on how organizations effectively communicate strategy to optimize performance **Democracy in the Age of Globalization and Mediatization** Hanspeter Kriesi, Sandra Lavenex, Daniel Bochsler, Jörg Matthes, Frank Esser, Marc Bühlmann, 2013-01-11 This book provides a comprehensive overview over the models of contemporary democracy its social cultural economic and political prerequisites empirically existing varieties and the two major challenges globalization and

mediatization confronting established democracies today As the boundaries of the national political communities increasingly dissolve democracy as we know it is put into question Similarly as the role of the media in politics increases the way established democracies function is being transformed The book covers the transformation of established democracies democracy's global expansion into new countries as well as its spread into supranational polities such as the European Union It confronts head on democracy's constantly changing nature its diversity of institutions and practices its repeated need to respond to exogenous challenges and most importantly its perpetually unsatisfactory quest to make real existing democracy conform better to potentially ideal democracy
