Economic And Political Roots Of The New Protectionism

Y Pai

Economic And Political Roots Of The New Protectionism:

The Economic and Political Roots of the New Protectionism Sima Lieberman,1988 In this volume the author presents the hypothesis that during the 19th and 20th centuries political and industrial leaders of Western industrialized economics supported free trade policies only as long as their production and sales were not threatened by significant foreign competition When their economic hegemony was challenged the same nations enacted protectionist measures By integrating the historic and political factors that affected Western commercial policy in the course of two centuries the author gives a broad perspective to the study of international trade in the 19th and 20th centuries and demonstrates the relevance of noneconomic variables in the economic history of this period *Economic Discrimination and Political Exchange* Kenneth A. Oye,2021-03-09 Did bilateral and regional bargaining choke off international commerce and finance in the 1930s and prolong the Great Depression Is the open world economic system now being placed at risk by explicitly discriminatory practices that erode respect for the GATT the IMF and the IBRD Most political economists would answer in the affirmative warning that bilateral and regional preferences are at best inefficient and at worst catastrophic By contrast Kenneth Oye shows how economic discrimination can foster international economic openness by facilitating political exchange *Brazil in the Uruguay Round of the GATT* Ricardo Wahrendorff Caldas,2018-12-14 First published in 1998 this volume analyses Brazil s strategy in the Uruguay Round focusing on the issue of services Three different moments were chosen for analysis The first was during discussions before the launch of the Uruguay Round During this period Brazil led the Less Developed Countries LDCs in obstructing the inclusion of services on the agenda The Second was during the launch of the Uruguay Round when Brazil persisted with this policy This second period is referred to as the initial position of Brazil in the Uruguay Round The third was Montreal in 1988 when Brazil supported the principles which guided an agreement on services After this turning point Brazil s position in the Round was increasingly supportive of an agreement not only in services but in all fields

Government and Business Richard Lehne,2012-03-23 In the wake of worldwide economic turmoil and efforts toward recovery understanding the interdependence of government and business is more important than ever In this thoroughly updated edition Lehne takes a comparative approach evaluating the U S political economy with respect to those of Great Britain Germany Japan and the EU The book provides detailed historical context for and a conceptual understanding of the business government environment and then clarifies the roles of the major actors and outlines the regulatory and policy frameworks Along the way Lehne probes some of the most crucial dilemmas facing government and business today Updates to this edition include expanded coverage of ethics as it relates to government and business greater attention to China in particular in the feature boxes on developing nations and a look at relations between government and business at the subnational level A comprehensive glossary and chapter summaries enhance student learning **International Political Economy and Globalization** Syed Javed Maswood,2008 The second edition of International Political Economy and

Globalization is completely revised and updated to include new material on trade monetary and environmental issues It provides a comprehensive treatment of major developments in the global economy and is suitable for adoption as a primer in undergraduate courses in international political economy The author takes a stand that is supportive of globalization in principle while acknowledging that there are many areas of inequity that disadvantage developing countries This is explored in chapters that deal with trade debt crises and the environment Students will find that the material is presented in a readable format that does not presuppose prior familiarity with economics

British Weapons Acquisition Policy and the Futility of Reform Warren A. Chin, 2019-09-17 Originally published in 2004 This incisive work reveals the causes of escalating costs and delays in British defence procurement from 1945 to the present Tackling a complex subject in a straightforward and readable manner it considers how successive British governments reacted to this problem why they adopted the reforms they did and why these reforms failed to have any meaningful effect on the operation of this process The study draws upon a number of disciplines such as economics politics and science and engineering to provide a broad synthesis that allows the reader to understand the technicalities of the process The conclusion reached is that there is no apparent solution to the problem of intergenerational costs of weapons but that a key to controlling the growing cost of projects during their development lies in the construction of a more effective research and development strategy a path followed by Margaret Thatcher's predecessors and one that is also being advocated today

Growth and Crisis in the Spanish Economy: 1940-1993 Sima Lieberman, 2005-06-23 An appraisal of the turbulent development of the Spanish economy over the last fifty years and an evaluation of the current economic and social problems within an historical context

Encyclopedia of Government and Politics Mary Hawkesworth, Maurice Kogan, 2013-11-07 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

Encyclopedia of

Government and Politics M. E. Hawkesworth, Maurice Kogan, 1992 From the Ashes of History Adam B. Lerner, 2022 In recent years calls for reparations and restorative justice alongside the rise of populist grievance politics have demonstrated the stubborn resilience of traumatic memory From the transnational Black Lives Matter movement s calls for reckoning with the legacy of slavery and racial oppression to continued efforts to secure recognition of the Armenian genocide or Imperial Japan s human rights abuses international politics is replete with examples of past violence reasserting itself in the present But how should scholars understand trauma s long term impacts Why do some traumas lie dormant for generations only to surface anew in pivotal moments And how does trauma scale from individuals to larger political groupings like nations and states shaping political identities grievances and policymaking In *From the Ashes of History* Adam B Lerner looks at collective trauma as a foundational force in international politics a shock to political cultures that can constitute new actors and shape decision making over the long term As Lerner shows uncovering collective trauma s role in international politics is vital for two key reasons First it can help explain longstanding tensions between groups an especially relevant topic as scholars examine the transnational resurgence of nationalism and populism Second it pushes the discipline of International Relations to more completely account for mass violence s true long term costs particularly as they become embedded in longstanding structural inequalities and injustices While IR scholarship has largely dismissed non systematic latent phenomena like trauma Lerner argues that collective trauma can help draw the lines between international political groups and frame the logics of international political action Drawing on three historical cases that uncover the impact of collective trauma in Indian Israeli and American foreign policymaking *From the Ashes of History* demonstrates the broad utility of collective trauma as a theoretical lens for investigating how mass violence s legacy can resurge and dissipate over time

The Best Books for Academic Libraries: Social sciences ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers Free Trade and its Reception 1815-1960 Andrew Marrison, 2002-01-08 This book examines the Corn Laws and their repeal It brings together leading international experts working in the field from Britain Europe and the United States Their contributions range widely over the history politics and economics of free trade and protectionism in the nineteenth and twentieth centuries together they provide a landmark study of a vitally important subject and one which remains at the top of today s international agenda *A History of Economic Theory and Method* Robert B. Ekelund, Jr., Robert F. Hébert, 2013-08-30 Known for its clarity comprehensiveness and balance the latest edition of *A History of Economic Theory and Method* continues that tradition of excellence Ekelund and Hébert s survey provides historical and international contexts for how economic models have served social needs throughout the centuries beginning with the ancient Greeks through the present time The authors not only trace ideas that have persisted but skillfully demonstrate that past discredited ideas also have a way of spawning critical thinking and encouraging new directions in economic analysis Coverage that distinguishes the Sixth Edition from its predecessors includes a detailed

analysis of economic solutions by John Stuart Mill and Edwin Chadwick to problems raised by the Industrial Revolution the role of psychology and experiments in understanding demand and consumer behavior discussions of modern economic theory as it interrelates with other social sciences and a close look at the historical development of the critical role of entrepreneurship both in its productive and unproductive variants The authors creative approach gives readers a feel for the thought processes of the great minds in economics and underscores key ideas impacting contemporary thought and practice Well crafted discussions are further enriched by absorbing examples and figures Thorough suggested reading lists give options for more in depth explorations by interested readers

The Political Economy of Economic Reform in the Pacific Ron Duncan,2011-07-01 Over the last several years Vanuatu has become one of the fastest growing economies in the Pacific region driven primarily by tourism construction and aid inflows The achievement of strong economic growth has also occurred on the back of improved economic policy effective fiscal management and improved environment for private sector development While recent gains have been impressive more remains to be done to sustain growth and ensure the benefits are distributed throughout the nation The Government is now on a sound financial footing and is well placed to address key development issues The report discusses options for responding to these needs with a view to helping guide public policy formulation in Vanuatu
