## **Economics Against The Grain Volume:**

*Macroeconomic Instability and Coordination* Axel Leijonhufvud, 2000 Axel Leijonhufvud has made a unique contribution to the development of macroeconomic theory This volume draws together his insightful essays dealing with the extremes of economic instability great depressions high inflation and the transition from socialism to a market economy In several of the papers Leijonhufvud brings a neo institutionalist perspective to the problems of coordination in economic systems The papers within *Macroeconomic Instability and Coordination* some of them already considered classics deal with the questions that dominated Leijonhufvud s interest throughout his career as an economist what are the limits to an economy s capacity to coordinate the activities of its members How does the behavior of the system change under extreme conditions In what ways does its performance depend upon the institutions that govern the market process The Economics of Imperfect

Knowledge G. B. Richardson, 1998-01-01 G B Richardson s writings although from 1953 to 1972 are still very relevant to modern economics The central theme of this book of his papers is that the knowledge upon which business decisions are taken is limited and uncertain and that the availability of it is affected by market structure **The Theory of International**

**Trade** John Somerset Chipman, 2008-01-01 John Chipman is one of the most esteemed economists working in international trade theory Presented in two volumes this work presents Chipman s survey articles on the theory of international trade The papers explore the evolution of thought from classical to new classical and on to modern theory Variants in Economic
