Ecstasy And Holiness Counter Culture And The Open Society Modern Revivals In:

Ecstasy and Holiness Frank Musgrove,1994 Deals with the counter culture which emerged in the wealthy societies of the late 1960s and early 1970s often disguised by the rejection of conventional careers and the acceptance of voluntary poverty in the context of plenty The period witnessed radical change in young people s attitudes *The Sociology of Youth Culture and Youth Subcultures (Routledge Revivals)* Michael Brake,2013-10-08 First published in 1980 this book argues that subcultures are formed in defence of collectively experienced problems that arise from defects and contradictions in social structures Mike Brake looks at the development of post war youth culture in a sociological context and considers the class base of youth subcultures showing that they generate a form of collective identity from which an individual identity can be achieved outside that ascribed by class education or occupation Black youth and young females are two groups given special attention here since Brake notes they are prone to particular problems resulting from the racism and sexism inherent in much youth culture *Christian Life and Practice* Owen C. Thomas,2009-01-01 This book is a study of the Christian life and the practice of Christians and the church from an Anglican perspective It begins with an analysis and explication of the structure and process of the Christian life before God in the church and the world involving a five fold rule of life and the relation of this to spiritual direction This is followed by an analysis and critique of the current spirituality movement which arose in the 1970s and which has come to dominate and mislead the churches A sequel to the latter explains the origin of the spirituality movement in the current Romantic movement that arose in the 1960s and has influenced all aspects of our culture with ambiguous results Next there is a critique of contemporary parish ministry as practiced in residential parishes that at best ministers only to the private lives of its members followed by a fictional story of such a residential parish that suggests a new departure in parish ministry Then there is a critique of preaching in the Episcopal Church that is generally considered to be poor and a proposal of a way to overcome this The concluding three chapters treat a fundamental problem in our approach to private prayer and a way to resolve this a proposal for a way to overcome the current impasse in the Anglican Communion concerning homosexuality and a meditation on the responsibility of Christians in public life
