The Shi'i Islamic Martyrdom Narratives of Imam al-Ḥusayn Muhammad-Reza Fakhr-Rohani, 2023-06-14 Martyrdom narratives maqtals represent a prominent genre of Islamic particularly Shi i literature In this genre the heart rending aspects

of the martyrdom scenes of religiously prominent people are depicted graphically Although not exclusively limited to the martyrdom accounts of Imam al usayn and his companions who were martyred on the plain of Karbala Iraq a great majority of Islamic martyrdom narratives deal with the Ashura episodes As the first book length treatment of this genre in English this text takes the reader from the dawn of Islam in ancient Arabia exploring the background of the Battle of Karbala and giving a view of the various maqats and several related studies Although examining Arabic and Persian sources this book presupposes little background knowledge on the part of the reader **Liber 420** Chris Bennett,2018-04-20 Although little known cannabis and other psychoactive plants held a prominent and important role in the Occult arts of Alchemy and Magic as well as being used in ritual initiations of certain secret societies Find out about the important role cannabis played in helping to develop modern medicines through alchemical works Cannabis played a pivotal role in spagyric alchemy and appears in the works of alchemists such as Zosimos Avicenna Llull Paracelsus Cardano and Rabelais Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix Sepher Raxiel Liber Salomonis and The Book of Oberon Could cannabis be the Holy Grail With detailed historical references the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma which was a preparation of cannabis opium and other drugs Many of the works discussed have never been translated into English or published in centuries The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and renaissance history of cannabis as well as the role of plants in the magical and occult traditions **Muwaššah, Zajal, Kharja** Henk Heijkoop,Otto Zwartjes,2004-01-01 This bibliography intended to be as complete as possible provides information on written material in 22 languages about muwassa and zajal poetical strophic forms in al Andalus during the Middle Ages and the kharja final segment of muwassa and some zajals and about their popularity in East and West **Interpreting al-Tha'labi's Tales of the Prophets** Marianna Klar,2009-09-10 Al Tha labi was a renowned Qur anic scholar of the fifth eleventh century and his Ara is al majalis is arguably the finest and most widely consulted example of the Islamic qisas al anbiya genre Drawing on primary Arabic sources Klar applies modern critical methods in order to explore the nature of al Tha labi s Ara is al majalis within its historical and literary context and thereby produces a compelling examination of the stories of Noah Job Saul and David as portrayed in the key historiographical and folkloric texts of the medieval Islamic period Via a close analysis of the relevant narratives the book considers a number of universal aspects of the human condition as they are displayed in these tales from first a religious then a familial and finally a social perspective Touching upon the benefits and limitations of the application of biblical studies and literary motifs to Islamic materials the book investigates the possibilities of interpretation raised by a primarily psychoanalytical reading of the tales of the four individuals in question As such this text will be of great interest to scholars
