El Mejor Alcalde El Rey Fuenteovejuna:

El mejor alcalde, el rey Lope Félix de Vega Carpio, 1966 *Space, Drama, and Empire* Javier Lorenzo, 2023-09-15

Spanish poet playwright and novelist Lope de Vega 1562-1635 was a key figure of Golden Age Spanish literature second only in stature to Cervantes and is considered the founder of Spain's classical theater. In this rich and informative study, Javier Lorenzo investigates the symbolic use of space in Lope's drama and its function as an ideological tool to promote an imagined Spanish national past. In specific plays, this book argues, historical landscapes and settings were used to foretell and legitimize the imperial present in Hapsburg Spain, allowing audiences to visualize and plot as on a map the country's expansionist trajectory throughout the centuries. By focusing on connections among space, drama, and empire, this book makes an important contribution to the study of literature and imperialism in early modern Spain and equally to our understanding of the role and political significance of spatiality in Siglo de Oro comedy.

Lope de Vega on Spanish Screens, 1935-2020 Philip Allen, 2022-06-27 This book provides an in-depth examination and analysis of the film and television adaptations of Lope de Vega's theatrical dramas that have appeared on Spanish screens since the mid-twentieth century. Using a multidisciplinary approach, Allen draws on critical media literacy studies, film and adaptation studies, literary theory, cultural studies, and cultural historiography in his analysis. Allen argues that, given the problematic reception of Lope's works in Francoist Spain, the canonical author never held a privileged position in the dictatorial propaganda machine. In fact, adaptations of Lope's theater productions were subject to the same rigorous scrutiny, if not more than any other screenplays that landed under censorship's microscope. Allen analyzes adaptations produced during and after the nearly forty-year dictatorship and questions whether the adapters of the democratic era created films and television shows that can sufficiently demonstrate how the spirit of Lope's life and works can resonate with modern audiences. Scholars of film and television studies, adaptation studies, and history will find this book particularly useful.

Playing the King Melveena McKendrick, 2000 A reappraisal of Lope's literary career bringing out the complexities of his dramatic texts. This book offers a radical re-evaluation of Lope's theatre, which will affect the way in which the comedy in general is read. It spans Lope's literary career, discussing pseudo-historical, tragic, and peasant plays in order to show Lope's texts as complex negotiations between author and public, between conservatism and subversion, between representations of the ideal of kingship and its political reality in a period of social and political change. Drawing on contemporary Spanish political philosophy, McKendrick shows that far from glorifying monarchy and advocating absolutism, the orthodox view in the Hispanic world, Lope's political plays constitute an informed critique of kingship; she also challenges the received wisdom that the comedy was an instrument of stage and that its playwrights were the conscious propagandists of an aristocratic elite. With the help of insights and models provided by the speech act theory, the stratagems and techniques utilised by Lope to follow the path of prudence between the acceptable and the unacceptable in political commentary in the commercial theatre are scrutinised, illustrating

how richly nuanced texts produce not an ideologically monolithic and complacent drama but one which is at once politically anxious and probing MELVEENA MCKENDRICK is Professor of Spanish Literature Culture and Society at the University of Cambridge **Refiguring the Hero** Dian Fox, 2010-11-01 *Fuenteovejuna* Lope de Vega, Pedro Henríquez Ureña, 1938

Honor and Violence in Golden Age Spain Scott K. Taylor, 2008-11-17 Early modern Spain has long been viewed as having a culture obsessed with honor where a man resorted to violence when his or his wife's honor was threatened especially through sexual disgrace This book the first to closely examine honor and interpersonal violence in the era overturns this idea arguing that the way Spanish men and women actually behaved was very different from the behavior depicted in dueling manuals law books and honor plays of the period Drawing on criminal and other records to assess the character of violence among non elite Spaniards historian Scott K Taylor finds that appealing to honor was a rhetorical strategy and that insults gestures and violence were all part of a varied repertoire that allowed both men and women to decide how to dispute issues of truth and reputation **Golden Age Drama in Contemporary Spain** Duncan Wheeler, 2012-04-15 This is the first monograph on the performance and reception of sixteenth and seventeenth century national drama in contemporary Spain which attempts to remedy the traditional absence of performance based approaches in Golden Age studies The book contextualises the socio historical background to the modern day performance of the country's three major Spanish baroque playwrights Calderón de la Barca Lope de Vega and Tirso de Molina whilst also providing detailed aesthetic analyses of individual stage and screen adaptations **Adulterous Alliances** Richard Helgerson, 2000 The result is an unexpected prehistory of the nineteenth and twentieth century cult of domesticity BOOK JACKET

Cervantes Dominick L. Finello,1998 Cervantes work closely analysed for evidence of his attitude to academic life and to conversos and his responses to technical challenges A number of longstanding polemical issues related to Cervantes life and creativity are closely examined here throwing new light on his work as a whole The book begins by exploring Cervantes complex and ambivalent attitude towards academic life which yielded comic portraits of students and many parodies of the academic tendencies of false praise pedantry and pompousness It goes on to consider the impact of the converso or New Christian on Spanish collective thinking and Cervantes and Lope de Vega in particular Old Christian versus New Christian rhetoric frequently determines the expression of such characters as Sancho Panza An analysis of Cervantes controversial interpolation of stories in the first part of Don Quijote follows and Professor Finello concludes by looking at the enigmatic discourse and dialogue of Don Quijote himself elegant and harmonious despite the knight s apparent madness arguing that since Quijote believes he is justified in imposing his chivalric values upon those who come into contact with him he adjusts the situations in which he finds himself to the appropriate rhetoric of literary tradition DOMINICK FINELLO is Professor of Spanish at Rider University
