political authorities in Israel and Early Judaism s The Heart Of The Sword Franklyn Thomas Jr. ,2020-06-18 In a land where the sword decided who lived and who died came an almost unstoppable force This force ripped through a once peaceful land The beauty that once covered the hillside was now ravished by fire and the smell of death and destruction Creatures that once lay dormant were now roaming the lands leaving nothing but horror in their wake Then out of nowhere a champion takes the lead on the battle to restore peace and beauty back to the land he loved more than life itself Man had no chance until he showed himself He and the men who banded with him brought peace back to the land a peace that did not last long an unexpected force that rose up and took the place of the evil that for a year had possessed the land Once again this champion stepped up to bring this evil that once again threatened his people as well as the land he loved and called home Its time was long ago and still the battle lingers on as if it will last forever **The Tragedy of Social Democracy** Sirvan Karimi,2015-12-01T00:00:00Z The Tragedy of Social Democracy is about the rise fall and future of social democracy as a politico ideological force a force that was believed would democratically transform capitalism into socialism Instead of democratizing capitalism social democracy was itself liberalized by capitalism Why has social democracy gravitated into the magnetic field of neoliberalism Who can be blamed for such a tragedy Can social democracy reverse its political and ideological eclipse Numerous books and articles have been written on social democracy and its political viability has continued to be the subject of debate among left wing intellectuals In The Tragedy of Social Democracy Srivan Karimi sheds light on the innate structural vulnerability of social democracy to progressive degeneration Karimi theorizes the transformation of social democracy and establishes a structural linkage between its rise ascendancy and subsequent decline since the theoretical raid of neoliberalism on Keynesianism in the 1980s and highlights certain public policy measures that are indispensable to the social democratic renewal that is being debated among socialists and social democrats
