Hans Paasche Militant Pacifist In Imperial Germany:

Hans Paasche Werner Lange, 2005 Isn't it wonderful to suddenly find real human beings Menschen in circles where one would least expect to find them So wrote Rosa Luxemburg in November 1917 from her Breslau prison cell to her friend Clara Zetkin She was referring to Hans Paasche 1881-1920 at that time also imprisoned son of the Reichstag vice president but accused of high treason Hans Paasche Imperial Navy officer and combative pacifist big game hunter and nature conservationist Africa explorer and life reformer alcohol abstainer and vegetarian author and revolutionary Here the brief but active life of this extraordinary personality is narrated in detail his vain attempts to change the Prussian Deutschland über alles mindset his reaching out to peoples of all colors classes and political bent the African military campaign where he learned first hand the horror and futility of war his African explorations with his also extraordinary wife Ellen the first European woman to reach the Source of the Nile and the first to ascend Kilimanjaro and the recently erupted volcano Nyiragongo an aid in these explorations was the fact that they both spoke fluent Kiswahili Paasche's fictional series of letters Lukanga Mukara a look at Germany through the eyes of an educated African reveal the decadence then existing At last a retreat with Ellen and their four children to his estate Waldfrieden where at age 39 he fell victim to a political assassination A gripping story about a remarkable life lived into the first two decades of the twentieth century **Theories of Culture**

Arnold Groh, 2019-08-02 This authoritative but concise guide describes the most significant cultural theories from the 19th to the 21st century and their originators as well as the links between them and their mutual influences This guide explores ideas around what culture is when and why cultures change over time and whether there are any rules or principles behind culture related phenomena and processes For those seeking to answer questions on culture familiarity with these topics is essential From refugee movements caused by wars to the ongoing demographical changes in regions of the world like sub-Saharan Africa or the Indian subcontinent understanding the underlying mechanisms of culture related processes has become an immediate and essential task Covering everything from the processes of cultural change to counterculture and destabilisation the book explains different ideas in a clear and objective fashion and includes approaches that have been unduly neglected but which have high explanatory value regarding culture and its phenomena Providing readers with an up to date idea of what culture is and how our understanding of it has been established over the past century this text is the perfect companion for advanced undergraduates postgraduates and researchers **Dissonant Lives** Mary

Fulbrook, 2011-06-09 Examines ways in which Germans of different generations lived through the violent eruptions and rapid regime changes of the 20th century revealing striking generational patterns *Pastor Martin Niemöller, Admiral Karl Dönitz, and the German Experience of the 20th Century* Lawrence Sondhaus, 2025-06-02 This book traces the remarkable lifelong friendship of Martin Niemöller the Evangelical minister who defied Hitler and Karl Dönitz the mastermind of Germany's submarine campaigns in World War II who ultimately succeeded Hitler From their days as cadets at the German naval

academy in the years 1910-1913 to their deaths in the early 1980s their story is full of ironies and unexpected twists After World War I D nitz served the Weimar Republic and shunned the far right while Niem ller briefly left his seminary studies to command a battalion in the right wing Freikorps Then after World War II when Niem ller was hailed for his principled Christian resistance to Hitler and D nitz indicted for war crimes Niem ller volunteered to help with his old friend s defense at the Nuremberg Trials Finally late in life D nitz a hero for unrepentant Nazis and Niem ller a world renowned pacifist frequently shared a table at navy class reunions throughout the 1960s and 1970s In the end they and their friends and classmates learned to love their country in ways that differed from the chauvinistic nationalism of their youth In this manner their lives were emblematic of the transformation of their generation and of Germany as a whole

The Long Shadow of German Colonialism Henning Melber,2024-07-18 From 1884 to 1914 the world s fourth largest overseas colonial empire was that of the German Kaiserreich Yet this fact is little known in Germany and the subject remains virtually absent from most school textbooks While debates are now common in France and Britain over the impact of empire on former colonies and colonising societies German imperialism has only more recently become a topic of wider public interest In 2015 the German government belatedly and half heartedly conceded that the extermination policies carried out over 1904-8 in the settler colony of German South West Africa now Namibia qualify as genocide But the recent invigoration of debate on Germany s colonial past has been hindered by continued amnesia denialism and a populist right endorsing colonial revisionism A campaign against postcolonial studies has sought to denounce and ostracise any serious engagement with the crimes of the imperial age Henning Melber presents an overview of German colonial rule and analyses how its legacy has affected and been debated in German society politics and the media He also discusses the quotidian experiences of Afro Germans the restitution of colonial loot and how the history of colonialism affects important institutions such as the Humboldt Forum

I precursori dell'ambientalismo. I movimenti giovanili ambientalisti dai Wandervögel ai Fridays For Future Domenico Palermo,2023-10-25 Cos hanno in comune i giovani del Fridays For Future e un movimento d inizio Novecento i Wandervögel Non solo la cultura romantica lo sviluppo impetuoso contemporaneo l ideologia ambientalista ma soprattutto un sogno costruire un mondo vivibile per l umanit Entrambi i movimenti per seppur a un secolo di distanza si sono ritrovati davanti agli stessi ostacoli a quelle sfide che sembrano averli condotti in un vicolo cieco Questo libro spiega perch il destino dei movimenti ambientalisti continua a ripetersi evidenziando gli errori commessi fino a ora e offrendo delle alternative fattibili per superare la crisi ecologica figlia di una profonda crisi dell umanit Un analisi che affonda le sue radici in figure come Romano Guardini e nell enciclica Laudato si di Papa Francesco Introduzione alla nuova edizione del prof Mario Sirimarco Universit di Teramo
