Hapless Child:

The Hapless Child Edward Gorey, 2008 Hapless Child Edward Gorey, 1986-12-12 Gorey Secrets Malcolm Whyte, 2021-11-01 Edward Gorey 1925-2000 was a fascinating and prolific author and artist. Of the one hundred delightful and fascinating books that Gorey wrote and illustrated, he rarely revealed their specific inspirations or their meanings. Where did his intriguing ideas come from? In *Gorey Secrets: Artistic and Literary Inspirations* behind Divers Books by Edward Gorey, Malcolm Whyte utilizes years of thorough research to tell an engrossing revealing story about Gorey's unique works. Exploring a sampling of Gorey's eclectic writings from *The Beastly Baby* and *The Iron Tonic* to *The Curious Sofa* and *Dracula*, Whyte uncovers influences of Herman Melville, Agatha Christie, Edward Lear, the I Ching, William Hogarth, René Magritte, Hokusai, French cinema, early toy books, eighteenth-century religious tracts for children, and much more. With an enlightening preface by Gorey collaborator and scholar Peter F. Neumeyer, *Gorey Secrets* brings important uncharted insight into the genius of Edward Gorey and is a welcome addition to collections of both the seasoned Gorey reader and those who are just discovering his captivating books.

A Handbook of Divorce and Custody Linda Gunsberg, Paul Hymowitz, 2013-04-15
The *Handbook of Divorce and Custody* brings together mental health professionals and forensic specialists dedicated to working in the legal arena with families in crisis. Section I provides the individual perspectives of experienced clinicians, all of whom share a psychodynamic and developmental purview and supplements their accounts with the viewpoints of a lawyer and a judge. Section II examines parental psychopathology, which is often at the root of family conflict and turmoil. Section III deals with the nature and extent of the state's potential involvement with the family, from ensuring parents' rights to raise their children to identifying those circumstances that justify the termination of parental rights. The remaining three sections follow the progressive issues engaged by divorcing families as they work their way through the legal system: forensic evaluation, post-divorce legal arrangements, and the emotional aftermath of divorce, including indications for various types of therapeutic intervention. Through the *Handbook*, contributors pay special attention to a set of core issues that underlie and complicate the evaluations, recommendations, and judicial determinations that enter into the divorce custody process. Specifically, they focus on the inherent conflict between the family's right to privacy and the state's commitment to the best interest of children; the increasingly uncertain question of what constitutes a family and who has the right to legal standing; the problematic role of fathers in the lives of their children; the nature of the evaluation process and the role of the forensic expert in a good enough evaluation; the important differences between the role of therapist and the role of evaluator; and finally, the impact of divorce itself on the lives of today's children.

The second part covers unusual life crises and other hazards that typically involve extreme stress such as man-made and natural disasters and terrorism. The book highlights effective coping behavior among healthy individuals rather than psychological breakdown and psychiatric symptoms. Esta es una historia de tres universidades que llevan a cabo de esa manera de enseñar a sus estudiantes muy a pesar de los niños. **A View from the Outside** P. Chidambaram, 2008 Chidambaram illuminates the crucial interface between economics and politics. His style is simple, austere, impressive. There is much that I enjoyed in this book. Meghnad Desai in Indian Express: Economics is the science of the possible made to look like the art of the impossible is a definition that would strike a chord with any finance minister of India who every year has to perform the great Indian hope-trick otherwise known as the budget, a careful balancing act between revenue and expenditure, tax rates and tax sops, growth and equity reforms and the status quo within these constraints. However, there is much that a finance minister can actually accomplish. As P. Chidambaram, one of India's most accomplished economists and commentators shows in *A View from the Outside*, a collection of columns that assesses the promises and performance of the NDA government in the period 2002-2004. The columns originally published in the Indian Express and the Financial Express reflect the views of Chidambaram, finance minister between 1996 and 1998 and again from 2004 onwards on a range of issues that remain important regardless of the government in power. They also provide snapshots of the Indian economy in good times and bad. This collection covers subjects such as agriculture reforms, budgets, forex reserves, economic growth and tax policies. It also offers perceptive political analyses and some telling comments on social issues far more than mere reactions to developments during that period. Chidambaram provides the reader with an extraordinarily clear understanding of the problems underlying the Indian economy and its politics and ways of solving them. Reviews: There is a lot of wisdom in this book as well as entertainment. Gurcharan Das in Outlook

Memory and Spatiality in Post-Millennial Spanish Narrative Lorraine Ryan, 2016-04-22 Focusing on literary texts produced from 2000 to 2009 Lorraine Ryan examines the imbrication between the preservation of Republican memory and the transformations of Spanish public space during the period from 1931 to 2005 Accordingly Ryan analyzes the spatial empowerment and disempowerment of Republican memory and identity in Dulce Chac n s Cielos de barro ngeles L pez s Martina la rosa n mero trece Alberto M ndez s Los girasoles ciegos Carlos Ruiz Zaf n s La sombra del viento Emili Teixidor s Pan negro Bernardo Atxaga s El hijo del acordeonista and Jos Mar a Merino s La sima The interrelationship between Republican subalternity and space is redefined by these writers as tense and constantly in flux undermined by its inexorable relationality which leads to subjects endeavoring to instill into space their own values Subjects erode the hegemonic power of the public space by articulating in an often surreptitious form their sense of belonging to a prohibited Republican memory culture In the democratic period they seek a categorical reinstatement of same on the public terrain Ryan also considers the motivation underlying this coterie of authors commitment to the issue of historical memory an analysis which serves to amplify the ambits of existing scholarship that tends to ascribe it solely to postmemory
