Adina Hoffman,2009-04-01 This first biography of a Palestinian writer also provides a moving account of the ways ordinary individuals are swept up by the floodtides of both war and peace Beautifully written and composed with a novelist's eye for detail this book tells the story of an exceptional man and the culture from which he emerged Taha Muhammad Ali was born in 1931 in the Galilee village of Saffuriyya and was forced to flee during the war in 1948 He traveled on foot to Lebanon and returned a year later to find his village destroyed An autodidact he has since run a souvenir shop in Nazareth at the same time evolving into what National Book Critics Circle Award winner Eliot Weinberger has dubbed perhaps the most accessible and delightful poet alive today As it places Muhammad Ali's life in the context of the lives of his predecessors and peers *My Happiness* offers a sweeping depiction of a charged and fateful epoch It is a work that Arabic scholar Michael Sells describes as among the five must read books on the Israel Palestine tragedy In an era when talk of the Clash of Civilizations dominates this biography offers something else entirely a view of the people and culture of the Middle East that is rich nuanced and above all else deeply human *The Pacific Unitarian*, 1897 **Finding True Happiness**

Robert Spitzer,2015-03-30 One of the hottest topics in contemporary culture is happiness so much so that the United Nations declared an International Happiness Day in response to the immense popularity of Pharrell Williams song Happy The explanation for this current fixation seems to lie in the contrary phenomenon unhappiness Despite the fact that we have tremendous access to every imaginable form of entertainment we experience a pervading sense of insecurity emptiness and malaise amid sporadic peak experiences The problem seems to lie less in the external environment than in the internal one We seem in the words of Viktor Frankl to be suffering from an absence of meaning that pervades both individuals and societies giving rise to a collective emptiness loneliness and alienation *Finding True Happiness* attempts to provide a way out of this personal and cultural vacuum by helping people to identify and then reach for happiness As Aristotle noted 2 400 years ago happiness is the one thing we can choose for its own sake everything else is chosen for the sake of happiness After an exhaustive investigation of philosophical psychological and theological systems of happiness author Fr Spitzer developed the Four Levels of Happiness which he based on the classical thinkers Plato Aristotle Augustine and Aquinas the contemporary
