The Wife The Mother and the Man in between Vaishnavi Sanoj, 2011 *Take Heart* Chloe Shorten, 2017-04-03. These days families come in all shapes and sizes. They move from one state to create a family in another. They combine into new homes, take holidays with blends of children and parents from different households. They invent routines and rituals to establish their own rhythms. And don't forget the double sets of school uniforms and pyjamas under different roofs. Welcome to the new normal of family life for many Australians. It is a path Chloe Shorten has walked. Chloe was surprised at the lack of helpful information and unexpected tripwires for those not fitting the traditional cookie cutter model. She was also heartened by the sensible advice she unearthed: the resilience of her children and the joy of watching her husband become a father three times over. Chloe tells of her own quest to create a new normal. Honest, sincere and warm-hearted, this is a story of the modern household and explores the idea of who qualifies as a family in the twenty-first century.
