Happy Birthday:

Feliz Cumpleaños Nicholas Ian, 2016-08 Follow the popular birthday song as sung in English Spanish and American Sign Language **The Little Wasn't the Least After All!** Ramsis F. Ghaly MD, 2022-03-31 In the final days of Christmas 2019 I had an epiphany I will never forget that night when I cried out as I saw a vision of that little Since then I have felt so dismal and would rather bury my head in the sand No matter where I go and how fast I run I can't forget that dream or catch that invisible little anymore I found myself running away and I couldn't help it I would ask myself To whom should I report to What is the remedy other than running away These questions have brought me to author the fourth book on COVID 19 This series has covered the world's journey experiences and views since it all began It was just a little and wasn't much Before I knew it it had infected the world entirely It was supposed to pass by swiftly with little to be done Then it proceeded to be remedied by a face mask for two weeks followed by just one dose of a vaccine All the while the nightmare never ended The little invader of human cells crept in unnoticed in the darkness and left imprinted memories for generations to come It has changed our day to day lives for more than two years shaped our daily living and will affect our future for decades to come The little wasn't the least as the world thought and was indeed ignored as many downplayed its sharp spikes until it killed millions and infected hundreds of millions The world is living in tears and terrors broken hearted and in fear What is next I would ask myself as it appears it is only getting worse as the news of wars and economic collapse are already at our door To make things grave many forever lost But now lessons must be learned and the wisdom of the past shall carry the world to the future Over 16 sections and 188 chapters the book represents the last of the author's series of COVID 19 as it covers the last year of the pandemic and the most recent events It represents the author's views and highlights a wide variety of topics ranging from living stories medical and political to philosophical views and experiences The book reflects the author's Christian and medical devotions as it covers many true patients stories patients testimonials medical events and resident education *Post Covid Living at the Shadows* Ramsis F. Ghaly MD, 2022-11-30 Will the world ever recover from COVID 19 As a practicing Neurosurgeon and anesthesiologist I haven't stop or close my practice In contrary I was much busier and happy to be in the frontline saving lives The book contains not only my review to events occurred as the world began to recover from COVID 19 but also many of my medical and surgical adventures including patients stories during 2022 as COVID 19 slowing down This is my fifth book since COVID 19 started The fear is that COVID 19 has caused a lifetime impact and healed with visible permanent scar Perhaps the year 2022 is post COVID Living at the Shadows represents the New Era of Hybrid Remote Living for years to come Indeed COVID may be gone but not its shadow and the long term impact of Lockdown Time has passed and the world hasn't yet looked at how COVID 19 was handled and what lessons have been learned Instead of celebrating Thanksgiving among many others the world witnessed post COVID aggression This book presents the author's personal views reflections and experiences during 2022 post COVID 19 period covered over 178

chapters and 14 sections The reader will reflect on what could be the new norms and events evolved as the world attempts to recover from the pandemic of COVID 19 In 14 sections over 153 chapters **Python Programming** John M.
