Happy Road Trip to You Sophie Rouzier, 2024-03-27 Ever dreamed of receiving a trip as a birthday present If you were to ask French people what their dream destination for such a gift would be without hesitation their answer would be the United States With one exception Louis This strapping young man with the vocabulary of a lord of the manor but a geek on the edges preferring numbers and his apartment to his fellow human beings is certainly happy about the trip but manages to restrain his excitement His girlfriend Chantal of Nepalese origin is organized yet shy and always in the shadows She s convinced she ll make him happy by planning their vacation The highlights Silicon Valley then San Diego and a very special event Comic Con If every religious believer has their place of pilgrimage then superhero fans also have theirs It s here at Comic Con where the stars of action movies and series meet their costumed fans from all around the world Well that s the plan anyway Unfortunately a tiny mistake has been made with the reservations Right Chantal Forced to change their plans our lovebirds will visit all the iconic places in the American West while at the same time find themselves far outside their comfort zone Due to some unexpected and surprising encounters our heroes will discover a whole new section of American culture and in so doing will break some clich s and confirm many others Two things are certain 1 during this trip Chantal and Louis will make good use of their superhero costumes and 2 they ll never go on a road trip again We won t force them to either Too much adventure kills a sense of adventure
