Hard Sell The Evolution Of A Viagra Salesman:

Hard Sell Jamie Reidy, 2005-03 *Hard Sell* tells you things about the American pharmaceutical industry you'd rather not know and about practices you'd rather weren't happening. But once you pick it up, you won't want to put this book down. Jamie Reidy is to the pharmaceutical business what Jerry Maguire was to professional sports and Frank Abagnale's *Catch Me If You Can* was to bank fraud. He's the guy who's been there, done that, and walked away with the insider stories. You'll find yourself rooting for Reidy and at the same time you'll be shocked by the realities of the world that paid his salary. *Hard Sell* is a witty expose of an industry that touches nearly everyone in contemporary America. It reveals the questionable practices of drug reps, nurses, and even physicians. Reidy traces his ups and downs as a rep for giant drug manufacturer Pfizer, maker of some of the most widely prescribed and used drugs in existence, including Viagra. With equal parts self-confidence and self-mockery, Reidy tells it like it is in the drug-selling trenches that are our local doctors' offices. The result is a funny and fascinating book.

Hard Sell Jamie Reidy, 2010-09-14 Jamie Reidy is the guy who's been there, done that, and walked away with the insider stories. Inside *Hard Sell* Now a Major Motion Picture *LOVE* and *OTHER DRUGS* you'll find yourself rooting for Reidy and shocked by the realities of the world that paid his salary. This comedic expose traces Reidy's experiences from Pfizer training to life as the V Man when Reidy became Pfizer's number one drug rep during the Viagra craze. With equal parts self-confidence and self-mockery, Reidy takes the reader on a hilarious romp through pharma culture while revealing the controversial side of the drug industry. From viewing a circumcision to gaining a doctor's rapport to providing insight on why doctors choose to prescribe Drug X over Drug Y and from how to bargain signs and scripts to why the Viagra pill is shaped as a diamond, Reidy discloses everything. A witty behind-the-scenes look at an industry that touches everyone in America with a prescription. *Hard Sell* uncovers truths about the pharmaceutical industry you'd rather not know and practices you'd like to believe weren't employed. *Hard Sell* has been adapted into a major motion picture starring Jake Gyllenhaal and Anne Hathaway.

Bad Pharma Ben Goldacre,2013-02-05 We like to imagine that medicine is based on evidence and the results of fair testing and clinical trials In reality those tests and trials are often profoundly flawed We like to imagine that doctors who write prescriptions for everything from antidepressants to cancer drugs to heart medication are familiar with the research literature about a drug when in reality much of the research is hidden from them by drug companies We like to imagine that doctors are impartially educated when in reality much of their education is funded by the pharmaceutical industry We like to imagine that regulators have some code of ethics and let only effective drugs onto the market when in reality they approve useless drugs with data on side effects casually withheld from doctors and patients All these problems have been shielded from public scrutiny because they re too complex to capture in a sound bite But Ben Goldacre shows that the true scale of this murderous disaster fully reveals itself only when the details are untangled He believes we should all be able to understand precisely how data manipulation works and how research misconduct in the medical industry affects us on a global scale With Goldacre s characteristic flair and a forensic attention to detail *Bad Pharma* reveals a shockingly broken system and calls for regulation This is the pharmaceutical industry as it has never been seen before [The Obama Syndrome](#) Tariq Ali,2011-09-01 Written early in 2010 and initially published in September 2010 The Obama Syndrome predicted the Obama administration s historic midterm defeat But unlike myriad commentators who have since pinned responsibility for that Democratic Party collapse on the reform president s lack of firm resolve Ali s critique located the problem in Obama s notion of reform itself Barack Obama campaigned for the presidency by promising to escalate the war in Afghanistan and his economic team brought the architects of the financial crisis into the White House Small wonder then that the War on Terror torture in Bagram occupation in Iraq appeasement in Israel and escalation in Pakistan continues And that Wall Street and the country s biggest corporations have all profited at the expense of America s working class and poor Now a thoroughly updated paperback continues the story through the midterms including a trenchant analysis of the Tea Party and Obama s decision to continue with his predecessor s tax cuts for the rich Ali asks whether in the absence of a progressive

upheaval from below US politics is permanently mired in moderate Republicanism Already called a comprehensive account of the problems with Obama The Huffington Post this new edition is sure to provide a more powerful boost to Obama dissenters on the left Pittsburgh Post Gazette Before Prozac Edward Shorter,2009 In this volume Shorter presents a revealing account of why psychiatry is losing ground in the struggle to treat depression It focuses on an unexpected villain the FDA the very agency charged with ensuring drug safety and effectiveness Shorter describes how the FDA permits companies to test new products only against placebo
