## **Hard Country Poems:**

Hard Country Sharon Doubiago, 1999 First published by West End Press in 1982 this book length poem about a journey across America has been out of print for a decade but has maintained its underground reputation as a major response to the male epic consciousness of twentieth century American poetry In this political geography of the continent's body the land is corporeal erotic and ever present Doubiago's imagination is always unified and political Sharon Doubiago is a complex of occasions a brilliant response to Whitman an American poet free spiritual and gifted Carolyn Forché A unique search for the meaning of personal and national history narrated by a woman seeking her own liberation and fulfillment through struggle against the reactionary mores and politics of her time Thomas McGrath Sharon Doubiago fearlessly enters the labyrinth of our history our search and danger as woman as human as deep American wanderer It is a long saga a woman's history and a history of us all Meridel Le Sueur

**Collected Poems** Edwin Rolfe, 1997 This long overdue collection which gathers together more than two hundred poems written over a span of six decades along with an extended biographical analysis by Fred Whitehead permits a comprehensive assessment of the work of a man Thomas McGrath described as one of the very best of the revolutionary poets Don Gordon made his name in the 1930s as a passionate and outspoken political poet his work being published in the most prestigious American journals In spite of his growing literary reputation he was called before the Un American Activities Committee of the U S House of Representatives in September 1951 Due to his openly communist views and his reluctance to give the committee names of fellow radical writers Gordon was blacklisted from employment in the film industry He devoted his time to writing poems despite the difficulty of finding a wide audience for them Many of Gordon's poems are suffused with themes of revolution and political activism but this collection showcases the breadth of the subjects he addressed in his sixty years of writing expressed with a rigorous aesthetic sensibility in a style that incorporates diverse influences including modernism and surrealism Don Gordon is great Meridel LeSueur wrote because he shows the vigorous and wondrous strength of the people With this complete collection of his poems readers can at last experience the full range of this vigorous and challenging writer

*Approaches to the Anglo and American Female Epic, 1621-1982* Bernard Schweizer, 2019-02-08 Epic has long been regarded as the exclusive domain of the male literary genius and as an incarnation of patriarchal values This provocative collection of essays challenges such a

hegemonic stereotype by demonstrating the ways in which women writers have successfully adapted the masculine epic tradition to suit their own aesthetic needs and to express their own heroic literary social and historical visions Bringing the female epic out of the shadows the contributors rethink generic boundaries to illuminate this heretofore hidden literary practice The essays range from Mary Tighe to Rebecca West from Elizabeth Barrett Browning to Gwendolyn Brooks and from Frances Burney to Virginia Woolf Bernard Schweizer s introduction titled Muses with Pens connects the trajectory of ideas and influences in the individual essays to demonstrate how each participates in reclaiming for women writers a place in the development of a female epic tradition The volume will be an invaluable resource for scholars working on issues related to genre canon formation and the evolution of female literary authority [The Poetry of Dylan Thomas](#) John

Century American Poetry's Engagement with the Past by Gary Grieve Carlson argues that twentieth century American poetry has contained and helped its readers to think about history in a variety of provocative and powerful ways Tracing the discussion of the relationship between poetry and history from Aristotle's Poetics to Norman Mailer's The Armies of the Night and Hayden White's Metahistory the book shows that even as history evolves into a professional academic discipline in the late nineteenth century and as its practitioners emphasize the scientific aspects of their work and minimize its literary aspects twentieth century American poets continue to take history as the subject of their major poems Sometimes they endorse the views of mainstream historians as Stephen Vincent Benét does in John Brown's Body but more often they challenge them as do Robert Penn Warren in Brother to Dragons Ezra Pound in The Cantos or Charles Olson in The Maximus Poems In Conquistador Archibald MacLeish illustrates Aristotle's claim that poetry tells more philosophical truths about the past than history does while in Paterson William Carlos Williams develops a Nietzschean suspicion of history's value Three major American poets T S Eliot in Four Quartets Hart Crane in The Bridge and Carolyn Forché in The Angel of History present different challenges to professional historiography's assumption that the past is best understood in strictly material terms Poems Containing History devotes chapters to each of these poets and offers a clear sense of the seriousness with which American poetry has engaged the past as well as the great variety of those engagements 'Choosing Tough Words' Angelica Michelis, Antony Rowland, 2003 If the post of Poet Laureate was allocated on the basis of popularity Carol Ann Duffy would have been the first woman to hold this prestigious post Like Philip Larkin in his day Duffy is both a poet respected by many academics and teachers and widely read and enjoyed by children and adult readers of poetry This is the first full length collection of essays on the poetry of Carol Ann Duffy approaching and exploring her work from a variety of literary theoretical perspectives including feminism masculinity national identity and post structuralism This lively anthology situates Duffy's poems in relation to current debates about the state value and social relevance of contemporary British poetry

**Elegy in a Country Church-yard and Other Poems** Thomas Gray, 1909 *Forms of Expansion* Lynn

Keller, 1997-08-04 Expanding the boundaries of both genre and gender contemporary American women are writing long poems in a variety of styles that repossess history reconceive female subjectivity and revitalize poetry itself In the first book devoted to long poems by women Lynn Keller explores this rich and evolving body of work offering revealing discussions of the diverse traditions and feminist concerns addressed by poets ranging from Rita Dove and Sharon Doubiago to Judy Grahn Marilyn Hacker and Susan Howe Arguing that women poets no longer feel intimidated by the traditional associations of long poems with the heroic public realm or with great artistic ambition Keller shows how the long poem's openness to sociological anthropological and historical material makes it an ideal mode for exploring women's roles in history and culture In addition the varied forms of long poems from sprawling free verse epics to regular sonnet sequences to highly disjunctive experimental collages make this hybrid genre easily adaptable to diverse visions of feminism and of contemporary poetics

**The Undiscovered Country** William Logan, 2005 For more than a quarter century William Logan's witty bare knuckled reviews have rocked the pages of the New York Times Book Review the Times Literary Supplement the New Criterion and numerous other journals Vanity Fair's James Wolcott has called Logan the best poetry critic in America a reviewer who vividly assays the most memorable and damning features of a poet's work The Undiscovered Country measures the critical and textual traditions of Shakespeare's sonnets Whitman's use of the American vernacular and the mystery of Marianne Moore The collection includes a thorough reconsideration of Robert Lowell and a groundbreaking analysis of Sylvia Plath's relationship to her father Logan's unsparing verse chronicles survey the successes and failures of contemporary verse While railing against the blandness of much of today's poetry and the critics who champion mediocre work Logan also celebrates Paul Muldoon's high comedy Anne Carson's quirky originality Seamus Heaney's backward glances and Czeslaw Milosz's indictment of Polish poetry

**Belonging and Estrangement in the Poetry of Philip Larkin, R.S. Thomas and Charles Causley** Rory Waterman, 2016-04-22 Focusing on the significance of place connection and relationship in three poets who are seldom considered in conjunction Rory Waterman argues that Philip Larkin R.S. Thomas and Charles Causley epitomize many of the emotional and societal shifts and mores of their age Waterman looks at the

foundations underpinning their poetry the attempts of all three to forge a sense of belonging with or separateness from their readers the poets varying responses to their geographical and cultural origins the belonging and estrangement that inheres in relationships including marriage the forced estrangements of war the antagonism between social belonging and a need for isolation and finally the charged issues of faith and mortality in an increasingly secularized country The Cottage-girl. A Poem, Comprising Her Several Avocations During the Four Seasons of the Year ... By H.C. Esq., [i.e. S.W.H. Ireland] Author of "The Fisher-boy" and "Sailor-boy" William Henry Ireland, 1810 John Clare and the Bounds of Circumstance Johanne Clare, 1987-10-01 The author suggests that the full significance of Clare's contribution to English literature is found not in his social criticism but in his refusal to dissociate himself from his past or to become assimilated into the mainstream of English culture at the expense of his class identity She argues that a clear set of aesthetic principles informs his finest work and provides the first thematic and structural classification of his poetry Focussing on the major vocational poems and selected passages from the prose she shows how Clare formulated the creative ideas and rhetorical techniques that allowed him to give unified expression to both his social and literary concerns Clare's deep involvement with nature and rural England was not only the basis for his poetry but also enabled him to articulate beliefs which opposed the inhumane values of his time
