Hard Questions, Heart Answers Bernice A. King, 1999-03-23 Bernice King the youngest daughter of Martin Luther King Jr and Coretta Scott King is an ordained minister an attorney and one of this country's most admired speakers As this remarkable collection of her sermons and speeches makes clear she shares with her father a rare gift for oratory and the wisdom and compassion to inspire others The collection begins with words designed to disturb the comfortable Tackling such controversial subjects as our disaffected youth gun control and the death penalty King paints a compelling picture of the spiritual decay and deep seated racism that infects our society In the second part of the book a selection of sermons focusing on comforting the disturbed King's belief in the power of faith to restore our communities morally and spiritually rings forth The church she asserts must return to its helping and healing mission and each of us looking into our hearts must put aside our differences and remember that each human life is precious **Black Nonfiction Books, Their Authors, and Their**

Contemporary African American preaching P3040, L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression *Martin's Dream* Clayborne Carson, 2013-01-08 On August 28 1963 hundreds of thousands of demonstrators flocked to the nation's capital for the March on Washington for Jobs and Freedom where Dr Martin Luther King Jr delivered his famous I Have a Dream speech It was

Clayborne Carson's first demonstration: A nineteen-year-old Black student from a working-class family in New Mexico. Carson hitched a ride to Washington. Unsure how he would return home, he was nonetheless certain that he wanted to connect with the youthful protesters and community organizers who spearheaded the freedom struggle. Decades later, Coretta Scott King selected Dr. Carson, then a history professor at Stanford University, to edit the papers of her late husband. In this candid and engrossing memoir, he traces his evolution from political activist to activist scholar. He vividly recalls his involvement in the movement's heyday and in the subsequent turbulent period when King's visionary Dream became real for some and remained unfulfilled for others. He recounts his conversations with key African Americans of the past half century, including Black Power firebrand Stokely Carmichael and dedicated organizers such as Ella Baker and Bob Moses. His description of his long-term relationship with Coretta Scott King sheds new light on her crucial role in preserving and protecting her late husband's legacy. Written from the unique perspective of a renowned scholar, this highly readable account gives readers valuable new insights about the global significance of King's inspiring ideas and his still-unfolding legacy.

Race Man Julian Bond, 2020-02-27 Newsweek Lit Hub The Philadelphia Inquirer and The Atlanta Journal-Constitution pick *Race Man* by Julian Bond as one of their Most Anticipated Books of 2020. This compilation of works by social activist and civil rights leader Julian Bond should be required reading in 2020. Juliana Rose Pignataro Newsweek Bond's essays, speeches, and interviews were powerful weapons in his lifelong fight for civil rights. The New York Times Justice and equality was the mission that spanned his life. Julian Bond helped change this country for the better. And what better way to be remembered than that President Barack Obama. An inspiring historic collection of writings from one of America's most important civil rights leaders. No one in the United States did more to advance the legacy of Martin Luther King Jr. than Julian Bond. *Race Man*, a collection of his speeches, articles, interviews, and letters, constitutes an unrivaled history of the life and times of one of America's most trusted freedom fighters, offering unfiltered access to his prophetic voice on a wide variety of social issues, including police brutality, abortion, and same-sex marriage. A man who broke race barriers and set precedents throughout his life in politics, co-founder of the Southern Poverty Law Center, and long-time chair of the NAACP, Julian Bond was a leader and a visionary who built bridges between the Black civil rights movement and other freedom movements, especially for LGBTQ and women's rights. As we enter the third decade of the twenty-first century, there is no better time to return to Bond's works and words, many of them published here for the first time. Endlessly grateful for this collection of work that shows the expansive nature of Julian Bond's ideas of Black liberation and how those ideas are woven into the fabric of both resistance and uplift, *Race Man* is the map of a journey that was not only struggle and not only triumph. Hanif Abdurraqib, author of *They Can't Kill Us Until They Kill Us*. Long, 2012-11-28 Martin Luther King Jr was not an advocate of homosexual rights nor was he an enemy however both sides of the debate have used his words in their arguments including his widow in support of gay rights and his daughter in rejection This fascinating situation poses the problem that Michael G Long seeks to address and resolve **Behind the Public Veil** Lewis V. Baldwin, 2016-06-03 What was Martin Luther King Jr really like In this groundbreaking volume Lewis V Baldwin answers this question by focusing on the man himself Drawing on the testimonies of friends family and closest associates this volume adds much needed biographical background to the discussion as Baldwin looks beyond all of the mythic messianic and iconic images to treat King in terms of his fundamental and vivid humanness Special attention is devoted to King's personal insecurities and struggles his humility and affinity to common people his delight in pleasant and passionate conversation his insatiable love for the precious but ordinary things of life his robust appetite for artfully prepared and delicious soul food his enduring appreciation for music and dance his cheerful and playful attitude and spirit his abiding interest in games and sports and his amazing gift of wit humor and laughter King emerges here as an ordinary human being who enjoyed and celebrated life to the fullest but was never bigger than life Here we see the personal qualities of King as a real fleshly human being and also as a man shaped by his social and cultural experiences and locations This book reclaims the man behind the mythology *Reclaiming the Great World House* Lewis V. Baldwin, Vicki L. Crawford, 2019 *Reclaiming the Great World House* in the 21st Century Cross Disciplinary Explorations of the Vision of Martin Luther King Jr does just that Established and emerging scholars explore Martin Luther King Jr's global vision and his lasting relevance to a globalized rights culture The editors further explain that this edited collection looks at King afresh in his own historical context while also refocusing his legacy of ideas and social praxis in broader directions for today and tomorrow Employing King's metaphor of the great world house with major attention to racism poverty and war or what he called the evil triumvirate the focus is on King's appraisal of and approach to the global human struggle in the 1950s and 60s and on the extent to which his social witness and praxis takes on new hues and pertinence not only in the ongoing struggles against racism poverty and economic injustice and violence and human destruction but also in the mounting efforts to eliminate problems such as sexism homophobia

and religious bigotry and intolerance from the global landscape The conclusion is that King s ideas and models of social protest are not only alive but also growing in vitality and popularity in the 21st century especially as humans worldwide are struggling daily with the lingering antiquated thinking and behavior around race and ethnicity the widening gap between the haves and the have nots the mounting cycles of violence torture and terrorism and the frustrating and growing chasms resulting from religious pluralism and the subordination and marginalization of certain sectors of the human family based on gender and sexuality *Ebony* ,1997 **Jet** ,1998-01-19 The weekly source of African American political and entertainment news
