## Hardboiled America:

*Hardboiled America* Geoffrey O'Brien, 1981      *Hardboiled America* Geoffrey O'Brien, 1997-03-22 Dashiell Hammett Mickey Spillane James M Cain Raymond Chandler Jim Thompson David Goodis these are a few of the masters of noir responsible for the great lurid paperbacks of the thirties forties and fifties With titles like *The Big Sleep* *Kiss Tomorrow Goodbye* and *Street of the Lost* with racy cover lines like *My gun butt smashed his skull* and *Ruthless terror ripped away the mask that hid cold fear* and with some of the most extraordinary cover illustrations ever to grace American literature these paperbacks held the ingredients of American nightmares In *Harboiled America* lavishly illustrated with 135 paperback covers and expanded with new material on Thompson Goodis and others Geoffrey O'Brien masterfully explores the art history and ideas of the American paperback      *Existentialism, Film Noir, and Hard-Boiled Fiction* ,      *Criminal Femmes Fatales in American Hardboiled Crime Fiction* Maysaa Husam Jaber, 2016-02-02 This book fills a gap in both literary and feminist scholarship by offering the first major study of femme fatales in hardboiled crime fiction Maysaa Jaber shows that the criminal literary figures in the genre open up powerful spaces for imagining female agency in direct opposition to the constraining forces of patriarchy and misogyny      *Cracking the Hard-Boiled Detective* Lewis D. Moore, 2015-01-24 The hardboiled private detective is among the most recognizable characters in popular fiction since the 1920s a tough product of a violent world in which police forces are inadequate and people with money can choose private help when facing threatening circumstances Though a relatively recent arrival the hardboiled detective has undergone steady development and assumed diverse forms This critical study analyzes the character of the hardboiled detective from literary antecedents through the early 21st century It follows change in the novels through three main periods the Early roughly 1927-1955 during which the character was defined by such writers as Carroll John Daly Dashiell Hammett and Raymond Chandler the Transitional evident by 1964 in the works of John D MacDonald and Michael Collins and continuing to around 1977 via Joseph Hansen Bill Pronzini and others and the Modern since the late 1970s during which such writers as Loren D Estleman Liza Cody Sara Paretsky Sue Grafton and many others have expanded the genre and the detective character Themes such as violence love and sexuality friendship space and place and work are examined throughout the text Instructors considering this book for use in a course may request an examination copy here      **Hard-Boiled** Erin Smith, 2010-07-07 An examination of the culture that produced and supported pulp fiction      *With Amusement for All* LeRoy Ashby, 2006-05-12 *With Amusement for All* contextualizes what Americans have done for fun since 1830 showing the reciprocal nature of the relationships among social political economic and cultural forces and the ways in which the entertainment world has reflected changed or reinforced the values of American society      *Pulp Virilities and Post-War American Culture* Arthur Redding, 2022-09-10 This book interrogates the repertoire of masculine performance in popular crime fiction and cinema from the 1940s 50s and 60s This critical survey of the back alleys of pulp culture reveals American masculinities to be unsettled contentious crisis ridden

racially fraught and sexually anxious Libertarian in their sensibilities self aggrandizing in their sentiments resistant to the lures of upper mobility scornful of white collar and corporate culture the protagonists of these popular and populist works viewed themselves as working class heroes cast adrift Pulp Virilities explores the enduring traditions of hard boiled and noir literature casting a critical eye on its depictions of urban life and representations of gender crime labor and race Demonstrating how anxieties and possibilities of American masculinity are hammered out in works of popular culture Pulp Virilities provides a rich cultural genealogy of contemporary American social life **Chester Himes** James Sallis,2022-03-08 A smart conscientious often stylish biography of the great African American crime writer of the mid twentieth century The New York Times Best known for The Harlem Cycle the series of crime stories featuring Coffin Ed Johnson and Grave Digger Jones Chester Himes was a novelist and memoirist whose work was neglected and underappreciated in his native America during the 1950s and 60s even as he was awarded France s most prestigious crime fiction prize In this major biography literary critic and fellow writer James Sallis examines the life of this fascinating figure combining interviews of those who knew Himes best including his second wife with insightful and poignant writing Publishers Weekly Himes wrote some of the 20th century s most memorable crime fiction and has been compared to Jim Thompson Raymond Chandler and Dashiell Hammett His life was just as spectacular as his novels Sentenced to 25 years in prison for armed robbery when he was 19 he turned to writing while behind bars and when released after serving eight years published two novels Their poor reception by the white establishment only confirmed Himes s beliefs about racism in America He eventually moved to Paris spending most of the rest of his life abroad While in Paris he began to produce the crime fiction that would make him famous including A Rage in Harlem and Cotton Comes to Harlem a riveting biography Library Journal starred review Satisfying thoughtful long overdue Publishers Weekly As intelligent and as much fun to read as a book by Himes himself There is no higher praise The Times London **Body and Soul** Tony Williams,2004-08-11 Body and Soul concentrates on the creative and cultural dilemmas both personal and political that affect the individuals in Aldrich s films French and American Noir Alistair Rolls,Deborah Walker,2009-08-21 A longstanding misconception surrounding the term French noir suggests that the post war French thriller and film noir were a development of or response to a pre existing American tradition This book challenges this misconception examining the complexity of this trans Atlantic exchange and refocusing debate to include a Franco French lineage The Age of Dimes and Pulps Jeremy Agnew,2018-07-31 From the dime novels of the Civil War era to the pulp magazines of the early 20th century to modern paperbacks lurid fiction has provided thrilling escapism for the masses Cranking out formulaic stories of melodrama crime and mild erotica often by uncredited authors focused more on volume than quality publishers realized high profits playing to low tastes Estimates put pulp magazine circulation in the 1930s at 30 million monthly This vast body of disposable literature has received little critical attention in large part because much of it has been lost the cheaply made books were either discarded after reading or soon disintegrated Covering the

history of pulp literature from 1850 through 1960 the author describes how sensational tales filled a public need and flowered during the evolving social conditions of the Industrial Revolution Changed Men Erin Lee Mock,2024-06-28 Postwar culture and anxiety over the reintegration of veterans into American society Millions of GIs returned from overseas in 1945 A generation of men who had left their families and had learned to kill and to quickly dispatch sexual urges were rapidly reintegrated into civilian life told to put the war behind them with cheer and confidence Many veterans struggled openly or privately with this transition Others in society wondered what the war had wrought in them As Erin Lee Mock shows in this insightful book the explosive potential of men became a central concern of postwar American culture This wariness of veterans settled into a generalized anxiety over men s inherent violence and hypersexuality which increasingly came to define masculinity Changed Men engages with studies of film media literature and gender and sexuality to advance a new perspective on the artistic and cultural output of and about the Greatest Generation arguing that depictions of men s violent and erotic potential emerged differently in different forms and genres but nonetheless permeated American culture in these years Viewing this homecoming through the lenses of war and trauma classical Hollywood pulp fiction periodical culture and early television Mock shows this history in a provocative new light **Genre and Contemporary Hollywood** Steve Neale,2019-07-25 This wide ranging text is one of the first to look in detail at some of the principal genres cycles and trends in Hollywood s output during the last two decades It includes analysis of such films as *Sense and Sensibility* *Grifters* *The Mask* *When Harry Met Sally* *Pocahontas* *Titanic* *Basic Instinct* Coppola s *Dracula* and *Malcolm X* Detours and Lost Highways Foster Hirsch,1999 Detours and Lost Highways begins with the Orson Welles film *Touch of Evil* 1958 which featured Welles both behind and in front of the camera That movie is often cited as the end of the line noir s rococo tombstone the film after which noir could no longer be made or at least could no longer be made in the same way It is my belief Hirsch writes that neo noir does exist and that noir is entitled to full generic status Over the past forty years since noir s often claimed expiration it has flourished under various labels Among the movies he discusses as evidence *Chinatown* 1974 *Body Heat* 1981 John Woo s Hong Kong blood ballets e g *The Killer* 1989 and the pulpy oeuvre of Quentin Tarantino Washington Post Book World The American Popular Novel After World War II David Willbern,2013-04-05 Through the perspectives of selected best selling novels from the end of World War II to the end of the 20th century including *The Catcher in the Rye* *To Kill a Mockingbird* *The Godfather* *Jaws* *Beloved* *The Silence of the Lambs* and *Jurassic Park* this book examines the crucial issues the U S was experiencing during those decades These novels represent the voices of popular conversations as Americans considered issues of family class racism and sexism feminism economic ambition sexual violence war law religion and science Through the windows of fiction the book surveys the Cold War and anti communism the prefeminist era of the 1950s and the sexual revolution of the 1970s forms of corporate power in the 1960s and 1980s the traumatic legacies of slavery and Vietnam the American fascination with lawyers cops and criminals alternate styles of romance in the era of

late capitalism our abiding distrust of science and our steadfast wonder about the Great Mysteries *American Literature in Transition, 1940-1950* Christopher Vials, 2017-12-28 In the aftermath of World War II the United States emerged as the dominant imperial power and in US popular memory the Second World War is remembered more vividly than the American Revolution *American Literature in Transition 1940 1950* provides crucial contexts for interpreting the literature of this period Essays from scholars in literature history art history ethnic studies and American studies show how writers intervened in the global struggles of the decade the Second World War the Cold War and emerging movements over racial justice gender and sexuality labor and de colonization One recurrent motif is the centrality of the political impulse in art and culture Artists and writers participated widely in left and liberal social movements that fundamentally transformed the terms of social life in the twentieth century not by advocating specific legislation but by changing underlying cultural values This book addresses all the political impulses fueling art and literature at the time as well as the development of new forms and media from modernism and noir to radio and the paperback

**Down These Green Streets** Declan Burke, 2013-04-15 This book suggests crime fiction is now the most relevant and valid form of writing which can deal with modern Ireland in terms of the post Troubles landscape and post Celtic Tiger economic boom The book takes a chapter by chapter approach with each chapter and author discussing a different facet of Irish crime writing for example Declan Hughes discusses the influence of American culture on Irish crime writing and Tana French reflects on crime fiction and the post Celtic Tiger Irish identity This publication is aimed at both the academic and general reader

**American Mystery and Detective Novels** Larry Landrum, 1999-05-30 Mystery and detective novels are popular fictional genres within Western literature As such they provide a wealth of information about popular art and culture When the genre develops within various cultures it adopts and proceeds to dominate native expressions and imagery American mystery and detective novels appeared in the late nineteenth century This reference provides a selective guide to the important criticism of American mystery and detective novels and presents general features of the genre and its historical development over the past two centuries Critical approaches covered in the volume include story as game images myth criticism formalism and structuralism psychonalysis Marxism and more Comparisons with related genres such as gothic suspense gangster and postmodern novels illustrate similarities and differences important to the understanding of the unique components of mystery and detective fiction The guide is divided into five major sections a brief history related genres criticism authors and reference This organization accounts for the literary history and types of novels stemming from the mystery and detective genre A chronology provides a helpful overview of the development and transformation of the genre

[Distant Horizons](#) Ted Underwood, 2019-02-14 Just as a traveler crossing a continent won't sense the curvature of the earth one lifetime of reading can't grasp the largest patterns organizing literary history This is the guiding premise behind *Distant Horizons* which uses the scope of data newly available to us through digital libraries to tackle previously elusive questions about literature Ted Underwood shows how digital archives

and statistical tools rather than reducing words to numbers as is often feared can deepen our understanding of issues that have always been central to humanistic inquiry Without denying the usefulness of time honored approaches like close reading narratology or genre studies Underwood argues that we also need to read the larger arcs of literary change that have remained hidden from us by their sheer scale Using both close and distant reading to trace the differentiation of genres transformation of gender roles and surprising persistence of aesthetic judgment Underwood shows how digital methods can bring into focus the larger landscape of literary history and add to the beauty and complexity we value in literature
