Hardcase Squeeze:

Hardcase Bill Pronzini, **Arizona Hardcase** Jory Sherman, 2015-08-19 Gunn s a sucker when it comes to beautiful ladies and crafty Jason Coker decides to take advantage of the famous gunman s weakness for women Herding together the buxom barmaids of a brawling cantina Coker sends Gunn a message surrender your guns or I ll rough up the girls The threat riles up Gunn s temper something fierce And when his head gets hot he s got no choice but to shoot it off Understanding Wood Finishing Hardcover Bob Flexner, 2016-12-01 For more than 18 years Bob Flexner has been inspiring woodworkers with his writings and teachings on wood finishing Now from this best selling author comes the long awaited and completely updated second edition of UNDERSTANDING WOOD FINISHING the most practical comprehensive book on finishing ever published The first edition of UNDERSTANDING WOOD FINISHING has sold hundreds of thousands of copies and is widely regarded as the bible of wood finishing We use UNDERSTANDING WOOD FINISHING as the textbook for our students training to go into the furniture industry says David Miles wood technology professor at Pittsburg State University It s the best written most accurate and most thorough wood finishing book in print by far How to Buy Eyewear Eric Graves, 2013-02-11 In my twenty five years as an optician Ive found that most consumers dont know how to obtain an effective pair of prescription glasses They think that all they must do is choose a flattering pair of frames Nothing could be further from the truth For one thing prescription glasses are not simply a fashion accessory theyre a medical device For another its up to you and your eye care provider to make sure you have the best vision possible In the following pages Ill tell you what to expect from eye care providers and what your contribution should be Remember you only have one pair of eyes and they deserve your closest attention *Escape from Hiroshima* e.West Smith, 2025-07-01 Desperate in the shadow of a mushroom cloud can she repair her heliplane and launch before the vengeful Japanese find her Pilot Shoney O Brien can t believe they left Scared and angry that the ghost boat abandoned them with the Japanese closing in Shoney fears for her heliplane crew The atomic shockwave that put them on a Japanese beach six miles from ground zero fried the engine electrics Blood pounding in her ears she works sweaty and slippery fingers to cross connect every damaged part in the electrical panel This beach is their graveyard if she can t get at least two fuel cells online never mind the rifle bearing Japanese cadre double timing down the windswept beach Can Shoney reconnect the last fuel cell before the approaching coal black radioactive cloud poisons the air the danger close cadre bullets or low flying fighters blast her and her crew to bloody shreds Dive into a harrowing tale where one woman s tenacity is tested against a desperate and vengeful Japan at the fiery dawn of the atomic age Discover their fate Buy this book today First Edition Review 4 0 out of 5 stars Great Conclusion in WW2 fiction Verified Purchase *Escape from Hiroshima* is a continuation of the *Rescue at Hiroshima* novel In this continuation the submarine with the refugees aboard has to escape Japan s Inland Sea without getting sunk by the Japanese Navy which thinks that the submarine s crew somehow set off the Hiroshima bomb The relationships developed in the first book progress

into new territory in the second adding a deeper interest in the characters The dialogue between the characters is better than in the first book and some of the anecdotes are quite good Smith as with the first book does well with the battle sequences and introduces weather as factor which makes the action more interesting The technical aspect of things in my opinion is not as necessary for the book but again if you let this float on by the book is interesting and exciting Smith has included maps in this second book as well so that helps with the more complex sequences As I said in the review of the first book recommended if you like Tom Clancy Dale Brown Michael Crichton Larry Bond and Michael DiMercurio
