30 Days to a More Powerful Vocabulary Second Edition Dan Strutzel,2024-07-16 30 Days to a More Powerful Vocabulary quickly became a bestseller in its category back in 2015 Now in this updated and revised edition which now contains the 700 most important words you need to master you ll quickly learn why this title has been

such a positive impact in the personal and professional lives of tens of thousands in the English speaking world As Dan Strutzel asserts in Chapter 1 numerous studies show that those people with large vocabularies are smarter wealthier and happier than the average person and substantially so And here s the best news of all a large vocabulary is not tied to your social status your genes or even your education level It is a skill that can be learned and it takes only 30 days And since the original book was written as technology has advanced further from the smartphone to Artificial Intelligence some people have speculated that the need for a vast vocabulary will reduce in importance But according to Dan Strutzel nothing could be further from the truth He argues in the new edition that due to technology s ability to flatten the distinction between individuals the art of personal communication via a rich vocabulary will be one of the ways to truly distinguish yourself from the masses The new edition contains the original most impactful 500 words which cover many topics from persuading others relationships financial issues science and technology and more words that ensure you will be a great conversationalist and rise fast in your chosen profession And best of all you ll be provided with an additional 200 words which according to research have become particularly important in the last 8 years particularly since the worldwide pandemic Those words will cover topics like the new world of virtual work health topics Artificial Intelligence and much more Research shows that learning new words has an exponential effect on the size of your vocabulary since learning one word naturally produces an association between two to three more words In short after listening to and applying the system in this 30 day program you will not only have a bigger vocabulary you will have a brighter future energy fo life - 10Kg in 30day's Zac
