## **Hardy In History:**

**Hardy in History** Peter Widdowson, 1989 In this study Widdowson investigates Hardy as a major figure in English literature He looks at how a great writer is produced in sociological terms analysing the critical cultural and ideological factors involved **Thomas Hardy and History** Fred Reid, 2017-08-17 This book addresses the questions What did Thomas Hardy think about history and how did this enter into his writings Scholars have sought answers in revolutionary gender postcolonial and millennial criticism but these are found to be unsatisfactory Fred Reid is a historian who seeks answers by setting Hardy more fully in the discourses of philosophical history and the domestic and international affairs of Britain He shows how Hardy worked out from the late 1850s his own meliorist philosophy of history and how it is inscribed in his fiction Rooted in the idea of cyclical history as propounded by the Liberal Anglican historians it was adapted after his loss of faith through reading the works of Auguste Comte George Drysdale and John Stuart Mill and used to defend the right of

individuals to break with the Victorian sexual code and make their own experiments in living **Hardy's Geography** R. Pite, 2002-09-13 Hardy's Geography reconsiders a familiar element in Hardy's novels their use of place and specifically of Dorset Hardy said his Wessex was a partly real partly dream country This study examines how reality and dream interact in his work Should we look for a real place corresponding to Casterbridge What is the relation between one person's feelings for a place and society's view of it Pite concludes that Hardy addresses these issues through a distinctive regional awareness

**Hardy's Poetic Vision in The Dynasts** Susan Dean, 2015-03-08 Susan Dean uses Hardy's own metaphor the diorama of a dream to interpret The Dynasts his largest and last major composition She shows that the poem presents a model of the human mind In that mind is enacted an event the war with Napoleon and simultaneously the watching of that event The author provides a reading of the poem in visual dramatic terms using the diorama stage as the vehicle for the poet's field of vision She then defines various visual dimensions the relationships between them and the various ways in which they can be seen and understood Her interpretation draws on Hardy's autobiography and critical essays Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Thomas Hardy's Novel Universe Pamela Gossin, 2017-03-02 In this the first book length study

of astronomy in Hardy's writing historian of science and literary scholar Pamela Gossin brings the analytical tools of both disciplines to bear as she offers unexpected and sophisticated readings of seven novels that enrich Darwinian and feminist perspectives on his work extend formalist evaluations of his achievement as a writer and provide fresh interpretations of enigmatic passages and scenes In an elegantly crafted introduction Gossin draws together the shared critical values and

methods of literary studies and the history of science to articulate a hybrid model of scholarly interpretation and analysis that promotes cross disciplinary compassion and understanding within the current contention of the science culture wars She then situates Hardy s own deeply interdisciplinary knowledge of astronomy and cosmology within both literary and scientific traditions from the ancient world through the Victorian era Gossin offers insightful new assessments of *A Pair of Blue Eyes* *Far from the Madding Crowd* *The Return of the Native* *Two on a Tower* *The Woodlanders* *Tess of the D Urbervilles* and *Jude the Obscure* arguing that Hardy s personal synthesis of ancient and modern astronomy with mythopoetic and scientific cosmologies enabled him to write as a literary cosmologist for the post Darwinian world The profound new myths that comprise Hardy s novel universe can be read as a sustained set of literary thought experiments by which he critiques the possibilities limitations and dangers of living out the storylines that such imaginative cosmologies project for his time and ours

**Flat Protagonists** Marta Figlerowicz,2016 We ve all encountered protagonists who over the course of a novel turn out to be more complicated than we thought at first But what does one do with a major character who simplifies as a novel progresses to the point where even this novel s other characters begin to disregard him *Flat Protagonists* shows that writers have undertaken such formal experiments which give rise to its titular flat protagonists since the novel s incipience It finds such characters in British and French novels ranging from the late seventeenth to the early twentieth century by Aphra

Behn Isabelle de Charrière Françoise de Graffigny Thomas Hardy and Marcel Proust Marta Figlerowicz argues that these uncommon flat protagonists challenge our larger views about the novel as a genre Upending a longstanding tradition of valuing characters for their complexity Figlerowicz proposes that novels and their characters should be appreciated for highlighting the limits to how much attention any particular person's self-expression tends to garner and how much insight anyone has to offer her community As invitations to consider how we might come across to others rather than merely how others come across to us flat protagonists both subvert and complement the more conventional approach to novels as at their best sites of instruction in interpersonal empathy The History of Old Hardy, the Soldier Old HARDY, 1830\* The Literary History of Alberta Volume Two George Melnyk, 1998 In this the companion to the landmark volume The Literary History of Alberta Volume One From Writing on Stone to World War Two George Melnyk examines Alberta literature in the second half of the twentieth century At last Melnyk argues Alberta writers have found their voice and their accomplishments have been remarkable The contradictory landscape the stereotypes of the Indian the Mountie and the Cowboy and the language of the Other speaking from the margins these elements all left their impressions on the consciousness of early Alberta But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source the symbolic communication of Writing on Stone The Literary History of Alberta Volume Two extends the study of Alberta's cultural history to the present day It is a vital text for anyone interested in Alberta's vibrant literary culture

**The Victorian Historical Novel 1840-1880** A. Sanders, 1979-03-29 **Ariadne's Lives** Nina daVinci Nichols, 1995 Indeed relatively little work has been done on the Cretan myth cycle as a whole a mixture of heroic Greek legend and savage pre-Greek elements generally considered to be antithetical to evolved literary languages As a result although Ariadne has been extremely important in Western art from the time of ancient Greece through the nineteenth century she is rarely included in studies of Greek myth *Thomas Hardy's 'Facts' Notebook* William Greenslade, 2017-07-05 Within weeks of Thomas Hardy's return to his native Dorchester in June 1883 he began to compile his Facts notebook which he kept up throughout the years when he was writing some of his major work *The Mayor of Casterbridge* *The Woodlanders* *Tess of the d'Urbervilles* and *Jude the Obscure* From his intensive study of the Dorset County Chronicle for 1826-1830 he noted and summarised into Facts with the help of his first wife Emma hundreds of reports many of them suggestive satires of circumstance for possible use in his fiction and poems Along with extensive reading in memoirs and local histories this immersion in the files of the old newspaper involved him in a wider experience the recovery and recognition of the unstable culture of the local past in the post-Napoleonic war years before his birth in 1840 and before the impact of the modernising of the Victorian era Facts is thus a unique document amongst Hardy's private writings and is here for the first time edited the text transcribed in typographical facsimile form together with substantial annotation of the entries and critical and
