Hari-hari Terpanjang Menjelang Mundurnya Presiden Soeharto Dan Beberapa Peristiwa Terkait:

Hari-hari terpanjang menjelang mundurnya Presiden Soeharto James Luhulima,2001 Political conditions during the time of Soeharto s stepdown the 2nd president of Indonesia in 1998 Economic Crises and the Breakdown of Authoritarian Regimes Thomas B. Pepinsky,2009-08-17 Why do some authoritarian regimes topple during financial crises while others steer through financial crises relatively unscathed In this book Thomas B Pepinsky uses the experiences of Indonesia and Malaysia and the analytical tools of open economy macroeconomics to answer this question Focusing on the economic interests of authoritarian regimes supporters Pepinsky shows that differences in cross border asset specificity produce dramatically different outcomes in regimes facing financial crises When asset specificity divides supporters as in Indonesia they desire mutually incompatible adjustment policies yielding incoherent adjustment policy followed by regime collapse When coalitions are not divided by asset specificity as in Malaysia regimes adopt radical adjustment measures that enable them to survive financial crises Combining rich qualitative evidence from Southeast Asia with cross national time series data and comparative case studies of Latin American autocracies Pepinsky reveals the power of coalitions and capital mobility to explain how financial crises produce regime change *Menyingkap dua hari tergelap di tahun 1965* James Luhulima,2006 Political conditions in Jakarta the days before and after the abortive 1965 Coup d etat

Politics and Governance in Indonesia Muradi,2014-06-05 How does an authoritarian state reform its police force following a transition to democracy In 1998 Indonesia the third largest country in the world faced just such a challenge Policing had long been managed under the jurisdiction of the military as an instrument of the Suharto regime and with Suharto abruptly removed from office this was about to change Here we see how it changed and how far these changes were for the better Based on direct observations by a scholar who was involved in the last days of the New Order and who saw how the police responded to regime change this book examines the police the new regime and how the police was disassociated from the military in Indonesia Providing a comprehensive historical overview of the position of police in this change of regime the book focuses on two key areas the differences between local and national levels and the politicisation associated with decentralisation Arguing that the disassociation of the Indonesian National Police from the military has achieved only limited success the book contends that there is continued impetus for the establishment of a professional police force and modern and democratic policing which will entail effective public control of the police A pioneering study of the police in Indonesia examining key issues in the post Suharto era this book will be of interest to scholars of Southeast Asian politics and of policing and politics in the developing world **Military Politics, Islam, and the State in Indonesia** Marcus Mietzner,2009 Based on a decade of research in Indonesia this book provides an in depth account of the military s struggle to adapt to the new democratic system after the downfall of Suharto s authoritarian regime in 1998 Unlike other studies of the Indonesian armed forces which focus exclusively on internal military developments Mietzner s study emphasizes the importance of conflicts

among civilians in determining the extent of military involvement in political affairs Analysing disputes between Indonesia s main Muslim groups Mietzner argues that their intense rivalry between 1998 and 2004 allowed the military to extend its engagement in politics and protect its institutional interests The stabilization of the civilian polity after 2004 in contrast has led to an increasing marginalization of the armed forces from the power centre Drawing broader conclusions from these events for Indonesia s ongoing process of democratic consolidation the book shows that the future role of the armed forces in politics will largely depend on the ability of civilian leaders to maintain functioning democratic institutions and procedures

Legisme, Legalitas dan Kepastian Hukum E. Fernando M. Maullang,2021-06-01

Legalitas diklaim oleh para yuris sebagai turunan dari paham legisme Legisme menghendaki hakim menjadi corong undang undang saja sementara legalitas mensyaratkan pemidanaan yang tidak berlaku surut Tak hanya itu legalitas pun membatasi peran hakim untuk tidak melakukan analogi Legisme sendiri disebut oleh para yuris sebagai fondasi dari ide legalitas disusun di atas pemikiran filsafat Rousseau Montesquieu dan Cesare Beccaria Buku ini berupaya menelusuri pemikiran ketiga filsuf tersebut dan menemukan adanya simplifikasi untuk tidak dikatakan secara kasar sebagai manipulasi yang dilakukan oleh para yuris masa lalu mengenai klaim legisme dan legalitas yang dapat memberikan kepastian hukum Dalam edisi kedua ini terdapat perubahan dan penambahan yang kaya dibandingkan dengan edisi sebelumnya terutama di Bab 6 dan 7 berkenaan dengan krisis penegakan hukum tanpa moralitas dalam legisme dan legalitas serta memikirkan kembali gagasan kepastian

hukum Melalui buku ini penulis berusaha menemukan titik temu dua perspektif yang berbeda dalam memandang filsafat dan hukum dari sudut pandang yuridis dan sudut pandang filosofis Perbedaan itu disebabkan terutama pandangan yuridis itu berada dalam sistem yang positif dan mengenal yurisdiksi sementara pandangan filosofis bila perlu dapat melampaui sistem yang positif dan yurisdiksi Titik temu tersebut dibutuhkan guna menghasilkan ide kritis tidak terbelenggu pada sistem hukum yang positif saja Namun di lain sisi tidak pula menghasilkan ide yang spekulatif karena aroma filosofisnya terlalu kuat membuatnya seperti melayang ke angkasa tanpa kompas Buku persembahan penerbit PrenadaMediaGroup

Democratization in Indonesia Dirk Tomsa,2008-09-03 Party Politics and Democratization in Indonesia Golkar in the Post Suharto Era provides the first in depth analysis of contemporary Indonesian party politics and the first systematic explanation why Golkar is still the strongest party in Indonesia Applying a multi dimensional conceptual framework of party institutionalization theory the book examines Golkar s organizational infrastructure its decisional autonomy and programmatic platform as well as the party s relations to the mass media Strengths and weaknesses in the individual dimensions of institutionalization are then contrasted with the corresponding levels of institutionalization reached by Indonesia s other major parties Tomsa argues that Golkar remains Indonesia s strongest party because it is better institutionalized than its electoral competitors However while highlighting the former regime party s strengths in key aspects of party institutionalization he also shows that Golkar also has some considerable institutional weaknesses which in 2004 prevented the party from achieving an even better result in the general election As an empirical study on Golkar and Indonesia s other major political parties this book will be of huge interest to students and scholars of Southeast Asian politics political parties and elections and democratization The Golkar way Akbar Tanjung,2007 Role of Golkar a political party in Indonesia on political transition era **Coalitions and Crises** Thomas Blake Pepinsky,2007 **Politik huru-hara Mei 1998** Fadli Zon,2004 **Perang sejarah para jenderal** Dian Andika Winda,2009 Transition period to reform government and political riot of May 1998 in Indonesia Selamat jalan Pak Harto Sugiono M.
