

Harmony for a New Millennium

an introduction to Metatonal Music by Randy Sandke

Harmony for a New Millennium is a fresh, creative approach to improvisation. Randy Sandke has developed a way to define and use harmony divorced from tonality but within a jazz framework. Highly recommended.

Michael Brecker,
saxophonist and composer

Randy is an incredible musician. Not only does he possess a thorough understanding of the history of this music, but he is equally at home with more modern forms of expression. With this book, Randy explores some very unique approaches to harmony, and I think the information included will be valuable to both students and professionals alike. I know I'll be stealing a few of these ideas myself.

Nicholas Payton,
trumpeter and composer
