*Dictionary of Mission* Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the *Dictionary of Mission* represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the *Dictionary of Mission* is a road map through this exciting and challenging terrain from the Foreword *The American Annual Cyclopaedia and Register of Important Events of the Year ...*, 1873 *annual cyclopedia*, 1873 ***The American Annual Cyclopædia and Register of Important Events ...*, 1873** *Being in Christ* Hans Burger, 2009-01-01 *Being in Christ* is a central theme in the message of the gospel It is central for understanding the relation of Christian believers and the church with Jesus Christ their Lord It determines the identity of a Christian It is helpful for understanding the presence of Christ and his salvation in the present It can be developed as an element of a theological ontology Finally it is a theme with a great integrating power In this book the theme being in Christ is analyzed in different perspectives The attention is focused on the reality of being in Christ its ontological implications First two representatives of the Reformed tradition are investigated the English Puritan John Owen and the Dutch Neo Calvinist Herman Bavinck Second a reconstruction of the Pauline and Johannine perspectives on being in Christ is provided Third the theme is examined in the work of the English ethicist Oliver O Donovan and the German Swiss theologian Ingolf U Dalferth In the final chapter the author gives his own systematic theological proposal of a concept of being in Christ ***The History of Christianity in Britain and Ireland* Gerald Bray, 2021-06-17** The history of Britain and Ireland is incomprehensible without an understanding of the Christian faith that has shaped it Introduced when the nations of these islands were still in their infancy Christianity has provided the framework for their development from the beginning Gerald Bray's comprehensive overview demonstrates the remarkable creativity and resilience of Christianity in Britain and Ireland Through the ages it has adapted to the challenges of presenting the gospel of Christ to different generations in a variety of circumstances As a result it is at once a recognizable offshoot of the universal church and a world of its own It has also profoundly affected the notable spread of Christianity worldwide in recent times Although historians have done much to explain the details of how the church has evolved separately in England Ireland Scotland and Wales a synthesis of the whole has rarely been attempted Yet the story of one nation cannot be understood properly without involving the others so Gerald Bray sets individual narratives in an overarching framework Accessible to a general readership *The History of Christianity in Britain and Ireland* draws on current scholarship to serve as a reference work for students of both history and theology ***The Universalist*, 1833**

This collection in five volumes tries to realize the desideratum of a comprehensive interdisciplinary work on the manifold faces and images of Jesus in China which unites the Sinological mission historical theological art historical and other aspects. The first three volumes vols L 1 3 contain articles and texts which discuss the faces and images of Jesus Christ from the Tang dynasty to the present time. In a separate volume vol L 4 follows an annotated bibliography of the Western and Chinese writings on Jesus Christ in China and a general index with glossary. The iconography i.e. the attempts of the Western missionaries and the Chinese to portray Jesus in an artistic way will be presented in the fifth volume of this collection vol L 5. This unique ongoing project continues to open a new vital lens to learn more about China in its intellectual and cultural dimensions. John Witek in *Journal of Asian Studies*.

This wide ranging volume covers the final fifteen of the thirty three years that Jonathan Edwards preached and includes some of his greatest sermons including his Farewell Sermons to his Northampton congregation. The period is defined by Edwards inventive strategies to improvise during the delivery of his sermons. Considering dependence on the written text in the pulpit to be a serious failing he devised a double columned outlined format for his sermon manuscripts and continued to use it for the rest of his life. Sermons from this period also include those preached to Mahican and Mohawk Indians at the mission post of Stockbridge Massachusetts. Edwards various writings of 1743-58 map the complex terrain of his spiritual intellectual and professional life after the Great Awakening. He deals with topics ranging from the spiritual role of youth in the community to the struggles over communion in his Northampton congregation to the war with the French and their Indian allies.
