Harmony Melody And Composition

Percy Goetschius

Harmony Melody And Composition:

Advanced Harmony, Melody and Composition Paul Sturman, 1986-12-15 Following on from Harmony Melody and Composition this book aims to introduce harmony as a creative subject not merely a theoretical one Each chapter deals first with harmony then with melody following by creative work sections A knowledge of melody will show that harmony is more than a series of chords strung together A combined study of harmony and melody provides meaning to music as a whole for listening performing and composing Students will work with the ingredients of music in a creative way Composition and its importance as an aid to understanding music from within is endorsed The music is chosen from a wide range of real music from plainsong to popular music of the present day and students will find this book's approach enjoyable creative and musical in the best sense of the word

Harmony, Melody and Composition Paul Sturman, 1983-07-11 A basic two year course book of 176 pages it provides a comprehensive coverage of the work necessary to prepare for GCSE examinations Essentially a practically based rather than an academic course each chapter of Harmony Melody and Composition reveals music from two sides at once harmony and melody All principles and examples are drawn directly from musical literature At every stage the student is called upon to examine and think about the technical processes as they occur in a wide range of music There are work pages related to each chapter and these contain assignments in analysis writing singing and playing Harmony Melody and Composition provides a systematic study beginning with basic principles Theory and Composition of Music Preston Ware Orem, 1924

Exercises in Melody-writing Percy Goetschius, 1900 *Harmony Through Melody* Charles Horton, David A. Byrne, Lawrence Ritchey, 2020-10-15 *Harmony Through Melody The Interaction of Melody Counterpoint and Harmony in Western Music Second Edition* offers a robust composition based approach to tonal music theory ranging from early modality to recent film and popular music Charles Horton David A Byrne and Lawrence Ritchey develop techniques and strategies for exploring the fundamental interaction of melody and counterpoint with harmony and provide students with opportunities to creatively express what they have learned in the writing and analysis of short passages and complete pieces in historical styles This second edition contains additional examples from the standard literature film music and popular song and features new assignments involving late nineteenth century chromatic practice The textbook presents a step by step method for the composition and analysis of short passages and complete pieces with more than 1400 musical examples drawn from a variety of styles and genres plus classroom tested examples for study and suggested assignments at the end of each chapter The second edition has an online companion website [textbooks rowman com horton2e](http://textbooks.rowman.com/horton2e) featuring A student workbook with more than 260 assignments for individual work and classroom use Audio links to 315 newly recorded live performances of model compositions and fully realized settings An instructor's manual with guidelines for evaluation of assignments additional repertoire for in class analysis and assignments sample syllabi and other useful information is also available Please email textbooks@rowman.com for more information
