different from Elsewhere as can be imagined Therefore necessary and careful descriptions of Dutch life and customs have been given in the narrative and many of the incidents are drawn directly from life Even the wonderful experiences of Raff Brinker are founded strictly upon fact While acknowledging my obligations to many well known writers on Dutch history literature and art I turn with especial gratitude to two kind friends natives of Holland who after their marriage had taken up their abode in this country With generous zeal they patiently answered questions and took many a backward glance at their country for my sake seeing it as it looked years ago when the humble home of the Brinkers crouched by the sheltering dike in sunlight and shadow It was my tardy good fortune to visit Holland not long after this book was written and see with my own eyes the land I had tried to picture for my readers The Brinker cottage was empty and many things in Holland had changed since the days when Hans and his little sister skated on the frozen Y About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
