Hans Urs Von Balthasar His Life And Work Communios:

Hans Urs Von Balthasar David L. Schindler,1991-01-01 My Work Hans Urs von Balthasar,1993-01-01 Hans Urs von Balthasar made detailed statements about his work on five occasions mostly on the birthdays that marked the end of a decade of his life as a young author in his desire to lift out of the jumble of history the four or five figures which represent for me the constellation of my idea and my mission as publisher and writer out of concern for the reader and in order to equip this reader with a guide to his own books Then in the midst of the transformations connected with the Council he wrote an Account for himself and his readers about what had been done and what was still required Finally in a kind of pause as one already looking toward the close of his life he gave once again an account of what had been achieved and what could no longer be achieved in a clear shift of emphasis away from his authorship in favor of the pastoral work in the communities which he had founded This present volume is a helpful guide to his many sided work **The Trinity and the Paschal Mystery** Anne Hunt,1997 As a text for college or graduate student courses as a scholarship reference and as a guide for interested educated laity The Trinity and the Paschal Mystery is an exhilarating and invigorating journey into the most central of the Christian mysteries the triune God The book is a valuable and thought provoking resource that complements and enriches current theologies of the Trinity *Hans Urs von Balthasar's Theology of Representation* Jacob Lett,2023-04-15 This penetrating study makes a case for the centrality of the concept of representation Stellvertretung in Hans Urs von Balthasar s theological project How is it possible for Christ to act in the place of humanity In Hans Urs von Balthasar s Theology of Representation Jacob Lett broaches this perplexing soteriological question and offers the first book length analysis of Balthasar s theology of representation Stellvertretung Lett s study shows how Balthasar rehabilitates the category of representation by developing it in relationship to the central mysteries of the Christian faith concerned by the lack of metaphysical and theological foundations for understanding the question above Balthasar ultimately grounds representation in the trinitarian life of God making action in the place of the other central to divine and creaturely being Lett not only articulates the centrality of representation to Balthasar s theological project but also demonstrates that Balthasar s theology of representation has the potential to reshape discussions in the fields of soteriology Christology trinitarian theology anthropology and ecclesiology This work covers a wide range of themes in Balthasar s theology including placial and spatial metaphors a post Chalcedonian Christology of Christ s two wills and theories of drama This book is also a text of significant comparative range Lett considers Balthasar s key interlocutors Gregory of Nyssa Maximus Aquinas Przywara Ulrich Barth and expands this base to include voices beyond those typically found in Balthasarian scholarship including Dietrich Bonhoeffer and Dorothee S lle The overall result is a deeply probing presentation of one of Balthasar s most significant contributions to contemporary theology *The Apologetic Value of Human Holiness* Victoria S. Harrison,2012-12-06 The Apologetic Value of Human Holiness begins by providing the first comprehensive account of the model of human holiness

developed by the leading theologian Hans Urs von Balthasar In so doing the book also provides the first detailed explication of his Christocentric philosophical anthropology Part 2 argues that von Balthasar anticipates some key developments in late twentieth century Anglo American analytical philosophy and that certain of these developments in particular the internal realism of Hilary Putnam provide powerful support for von Balthasar s theological philosophy The final part elucidates von Balthasar s core intuition that human holiness is of immense apologetic value for religious faith and concludes with a new internalist theory of religious pluralism The Apologetic Value of Human Holiness will be seen as an important and original contribution to both Philosophy of Religion and Theology and is likely to prove essential reading in upper level undergraduate and postgraduate courses in both subjects *The Blackwell Companion to Modern Theology* Gareth Jones,2008-04-15 In this major reference work a team of the world s leading theologians provides a powerful overview of modern theology Covers theology s relation to other disciplines the history of theology major themes key figures and contemporary issues Can be used as the basis for an introductory course or as an essential reference source **Balthasar: A Guide for the Perplexed** Rodney Howsare,2009-08-30 A concise and helpful guide for students grappling with the main principles of Balthasar s thought Balthasar and Anxiety John R. Cihak,2009-04-01 This study offers a theological response to the problem of anxiety from the point of view of Hans Urs von Balthasar It is a systematic presentation analysis and development of Balthasar s original theology of anxiety found in his only work on the subject *Der Christ und die Angst* The study takes a thematic approach based upon the four types of analysis found in *Der Christ und die Angst* phenomenological anthropological theological and ecclesial These four approaches to the topic correspond to the phenomenon origins redemption and transformation of anxiety Through this thematic approach Balthasar s thought is examined in relation to some of the important figures on anxiety The phenomenon of anxiety is presented in relation to modern psychiatry The examination of anxiety s origins places him in dialogue with Kierkegaard on anxiety from discursive reasoning and Freud on anxiety from ego consciousness The redemption of anxiety places Balthasar in relation to Aquinas in order to clarify Balthasar s interpretation and to show its significance in the theological tradition The transformation of anxiety places our author in dialogue with Luther on the shape of anxiety in the Christian life The final chapter begins to unravel the construct of anxiety with a brief exploration of how it is transformed in the Church according to Balthasar something he had never explicitly developed The influence of Bernanos on Balthasar s thought is felt throughout the study The entire study is framed by the two Gardens wherein transpire the most significant events concerning anxiety for Balthasar the Garden of Eden and the Garden of Gethsemane **The Blackwell Companion to the Theologians, 2 Volume Set** Ian S. Markham,2009-04-27 This two volume companion brings together a team of contemporary theologians and writers to provide substantial introductions to the key people who shaped the Christian story and tradition A substantial two volume reference work bringing together over 75 entries on the most important and influential theologians in the history of Christianity Structured

accessibly around five periods early centuries middle ages reformation period the Enlightenment and the twentieth century to the present A to Z entries range from substantial essays to shorter overviews each of which locates the theologian in their immediate context summarizes the themes of their work and explains their significance Covers a broad span of theologians from Augustine to Thomas Aquinas through to C S Lewis James Cone and Rosemary Radford Ruether Provides profiles of key Catholic protestant evangelical and progressive theologians Includes a useful timeline to orientate the reader reading lists and a glossary of key terms

Balthasar and Prayer Travis LaCouter, 2021-12-02 This study renders an original and constructive Catholic theology of prayer drawing on the work of Hans Urs von Balthasar 1905 1988 Travis LaCouter explores the trinitarian Christological ecclesial anthropological and eschatological dimensions of prayer in Balthasar's theology and shows how these combine to give a powerful account of prayer's proper theological scope and purpose There is also a critical dimension of prayer which is arguably underdeveloped in some of Balthasar's key texts but which LaCouter shows to have significant dialogical potential with contemporary accounts of parrhesia since Foucault This approach demonstrates the centrality of prayer to Balthasar's entire theological system and does so in a way which itself constitutes an exercise in Catholic systematics This study is also distinctive for establishing a method of proceeding through Balthasar's sprawling oeuvre and the similarly vast secondary literature by arguing for three categories of texts in Balthasar's writings and separately three waves of Balthasar readers Thus this study is a resource not just for those interested in prayer but for anyone interested in reading Balthasar today

Spiritual Theology of the Priesthood Dermot A. Power, 1998-01-01 Hans Urs von Balthasar's writings have pastoral implications that even now are barely recognised and hardly developed Here a pastorally experienced theologian who knew von Balthasar personally unfolds this pastoral dimension for the first time Integrating Christology and Ecclesiology with the profound spirituality that for von Balthasar is inseparable from authentic theology Fr Power demonstrates the paradoxical grandeur and weakness of the Catholic priesthood He highlights the roles of the Catholic priest as servant bridegroom shepherd victim teacher prophet celebrant and minister of reconciliation At a time when many priests feel their identity called into question this book offers new hope for the renewal of the priesthood in the Catholic Church

Balthasar on the Spiritual Senses Mark McInroy, 2014-06-05 In this study Mark McInroy argues that the spiritual senses play a crucial yet previously unappreciated role in the theological aesthetics of Hans Urs von Balthasar The doctrine of the spiritual senses typically claims that human beings can be made capable of perceiving non corporeal spiritual realities After a lengthy period of disuse Balthasar recovers the doctrine in the mid twentieth century and articulates it afresh in his theological aesthetics At the heart of this project stands the task of perceiving the absolute beauty of the divine form through which God is revealed to human beings Although extensive scholarly attention has focused on Balthasar's understanding of revelation beauty and form what remains curiously under studied is his model of the perceptual faculties through which one beholds the form that God reveals McInroy claims that Balthasar draws upon the tradition of the spiritual

senses in order to develop the means through which one perceives the splendour of divine revelation McInroy further argues that in playing this role the spiritual senses function as an indispensable component of Balthasar's unique aesthetic resolution to the high profile debates in modern Catholic theology between Neo Scholastic theologians and their opponents As a third option between Neo Scholastic extrinsicism which arguably insists on the authority of revelation to the point of disaffecting the human being and immanentism which reduces God's revelation to human categories in the name of relevance McInroy proposes that Balthasar's model of spiritual perception allows one to be both delighted and astounded by the glory of God's revelation

Hope Lichner Milos, 2021-06-14 In our times hope is called into question The disintegration of economic systems of states and societies families friendships distrust in political structures forces us to ask if hope has disappeared from the experience of today's men and women In August 2019 up to 240 participants met at the international theological congress in Bratislava Slovakia The main lectures congress sections and workshops aimed to provide a space for thinking about the central theme of hope in relation to philosophy politics pedagogy social work charity interreligious dialogue and ecumenism

Theological Anthropology at the Beginning of the Third Millennium Kevin Wagner, Peter John McGregor, M. Isabell Naumann, 2022-04-29 Theological Anthropology at the Beginning of the Third Millennium is the third volume of the Theology at the Beginning of the Third Millennium series Bringing together Catholic and Orthodox scholars of diverse disciplines this work sheds new light on the question what does it mean to be a human person Beginning with an overview on the state of the discipline in our time the book brings theological anthropology into dialogue with epistemology Christology science spiritual theology and pedagogy It explores how human persons who are created in God's image and likeness can come to knowledge of the self and the other such that the individual person can know love and be united to the God and Father of Jesus Christ

The New Catholic Feminism Tina Beattie, 2004-06 Having confronted the conflict between feminism and the Vatican and Pope Benedict XVI Beattie proposes a new theological approach to the encounter between feminism and Catholicism for the twenty first century Jacket

Ethnic Diversity, National Unity Theodoros A. Teklu, 2021-01-29 Although asserting one's ethnic identity is not morally wrong the manner in which one ethnic group construes or relates to the ethnic other's can obliterate the bond of togetherness and create the insecurity of life Ethiopia which is home to anthropologically diverse ethno linguistic groups exhibits a proclivity to ethnic based hostilities and conflicts As a result of such hostilities Ethiopia has suffered recurrent small and large scale deaths and in the last half decade only millions have been internally displaced and live in dire conditions In dialogue with perspectives from a wide range of disciplines such as history law sociology philosophy theology and political thought this multi authored book aims at generating Christian moral resources for peaceful multiethnic togetherness This interdisciplinary engagement is meant to buttress the task of interpreting ethnic diversity and national unity within both contemporary and historical Ethiopia and articulating a Christian moral response to the crisis of togetherness ensuing from the malpractices of affirming ethnic

identity and enacting national unity *Renovating Holiness* Thomas Jay Oord, Joshua Broward, 2015-02-03 This book is a call for change Even more it calls for open conversation about change For too long many in the Church of the Nazarene have considered the doctrine of holiness off limits a sacred cow impervious to all forces of cultural modification and theological renewal It s time for a real change because the church needs renovation These 100 essays from Millennial and Xer leaders explore how holiness might be understood and lived today *“Grace Abounds More”: Balthasar’s Eschatological Universalism in Dialogue* Joshua R. Brotherton, 2023-12-04 The problem of eternal damnation is one that should trouble all believers and impels many to seek answers to fundamental questions outside of the Church For this reason theologians with a missionary heart of the last century or more from across the ecclesial spectrum have sought to refashion the gospel in our own estranged image In dialogue with one of the leading figures of this movement Joshua Brotherton tackles the question of the plausibility that all will be saved Sympathetic to their cause this volume seeks to revise the way in which they envision the reconciliation of divine love and moral evil New Catholic Feminism Tina Beattie, 2006 Having confronted the conflict between feminism and the Vatican and Pope Benedict XVI Beattie proposes a new theological approach to the encounter between feminism and Catholicism for the twenty first century Jacket **Heaven Opens** Matthew Lewis Sutton, 2014 Adrienne von Speyr was one of the most important mystical theologians of the last century However her work has been eclipsed in many ways by her personal connection to Hans Urs von Balthasar Heaven Opens provides one of the first comprehensive accounts of von Speyr’s theology Matthew Lewis Sutton argues that the eternal immanent relations of the Triune God ground the mystical theological vision of von Speyr Here von Speyr’s work is for the first time given an independent hearing expositing its content features and connections and assessing its contribution to contemporary Catholic theology
