Hamburg-American Line Hamburg-Amerika Linie,1913 **Between Tradition and Modernity** Mark A. Russell,2007

List of illustrations Preface Acknowledgments Introduction The life and work of Aby Warburg in its Hamburg context Aby Warburg s Hamburg Comedy the personal concerns and professional ambitions of a young scholar Political symbolism and cultural monumentalism Hamburg s Bismarck memorial 1898 1906 Collective memory failure the mural decoration of Hamburg s city hall 1898 1909 A moment of calm in the chaos of war Willy von Beckerath s Eternal Wave 1913 1918 Conclusion Bibliography Index Steamship Nationalism Mark A. Russell,2020-04-15 Steamship Nationalism is a cultural social and political history of the S S *Imperator* *Vaterland* and *Bismarck* Transatlantic passenger steamships launched by the Hamburg Amerikanische Packetfahrt Aktien Gesellschaft HAPAG between 1912 and 1914 they do not enjoy the international fame of their British counterparts most notably the *Titanic* Yet the *Imperator* class liners were the largest most luxurious passenger vessels built before the First World War In keeping with the often overlooked history of its merchant marine as a whole they reveal much about Imperial Germany in its national and international dimensions As products of business decisions shaped by global dynamics and the imperatives of international travel immigration and trade HAPAG s giant liners bear witness to Germany s involvement in the processes of globalization prior to 1914 Yet this book focuses not on their physical but on their cultural construction in a variety of contemporaneous media including the press and advertising on both sides of the Atlantic At home they were presented to the public as symbolic of the nation s achievements and ambitions in ways that emphasize the complex nature of German national identity at the time Abroad they were often construed as floating national monuments and as such facilitated important encounters with Germany both virtual and real for the populations of Britain and America Their overseas reception highlights the multi faceted image of the European superpower that was constructed in the Anglo American world in these years More generally it is a pointed indicator of the complex relationship between Britain the United States and Imperial Germany Wiederaufbau der deutschen Überseeschifffahrt ,1923 **The German Quarterly** Elijah William Bagster-Collins,1928 Includes section Reviews *Hearings* United States. Command Decisions: Langsdorff and the Battle of the River Plate David Miller,2013-04-08 This compelling new study of the Battle of the River Plate concentrates on Kapitn zur See Hans Langsdorff the commander of the German pocket battleship Graf Spee it is written from his point of view The story of his mission at the start of the Second World War to prey on merchant shipping is graphically retold and Langsdorffs command decisions are the primary focus of David Millers gripping narrative He considers in vivid detail the factors Langsdorff had to consider as he assessed the situation of his ship and choose his course of action He describes the intelligence Langsdorff received and his knowledge of the position and strength of the forces of the Royal Navy that were arrayed against him Langsdorffs interpretation of his mission and the tense calculations he had to make in order to carry it out are the essential elements of this dramatic story Langsdorff operating alone and thousands of miles away from home and with no prospect of support had to grapple with the enormous burden of a lone command He made grave mistakes and these are ruthlessly exposed But this fascinating re examination of his actions and his leadership does nothing to diminish his reputation as a brave and honourable officer The Directory of Shipowners, Shipbuilders, and Marine Engineers ,1940 *The Battle for the Migrants* Torsten Feys,2017-10-18 This book

approaches the well documented study of European mass migration to the United States of America from the viewpoint of mass migration as a business venture The overall purpose is to demonstrate that maritime and migration histories are interlinked and dependent on a deeper understanding of the social economic and political factors at work in the nineteenth century Atlantic community It centres on both the evolution of the port of Rotterdam as a migration gateway and the crucial role of the Holland America line as a regulator of the North American passenger trade The first part of the book explores the simultaneous rise of transatlantic mass migration and long distance steamshipping between 1830 to 1870 The second part divided into five chapters explores how mass migration became a big business between 1870 and 1914 and scrutinises how steamship companies organised and provided initiatives for transoceanic migration plus the role of shipping agents and agent networks and how passenger services were constructed within transatlantic networks Over the course of the text it becomes increasingly clear that by approaching mass migration as a trade issue the role of steamship companies in the facilitation of transatlantic migration is rendered both intrinsic and pivotal It consists of an introduction containing contextual information two sections providing historical overviews five chapters exploring different aspects of the shipping industry s response to mass migration conclusion bibliography and six appendices of passenger destination agent and advertising statistics

Paul Bern E.J. Fleming, 2009-03-23 Paul Bern known throughout the movie business as Hollywood s Father Confessor earned a reputation for being a loyal and supportive friend and for becoming one of MGM s most respected and creative directors After his death though he was said to have grown so depressed and despondent over his own apparent sexual inadequacies that he committed suicide and he would be denounced for attempting to rape his new bride Jean Harlow In this biography the author uncovers startling new facts and argues that MGM knew the real story of Bern s death that an estranged mentally ill common law wife murdered him MGM understood that the earlier spouse rendered Bern s marriage to Harlow its fastest rising star ambiguous if not bigamous so the studio staged a suicide and embarked on a very public tarnishing of his memory Included are 93 rare photos many lost for decades along with three appendices examining the handwriting on an alleged suicide note and Bern s will and estate
