

Alternative Explanation: Hapless vs. Deceptive

- Unenforceable patents look as predicted, but should they?
 - “intent to deceive” > gross negligence
- Possible IC is ensnaring those who’re merely careless or not patent-savvy, but subjectively intentless?
 - Are these low-hanging fruit hanging a little too low for comfort?
 - Might patentees who are scheming against the PTO to get a valuable patent at all cost also be savvy enough to cover their tracks?
 - For example, by disclosing extra (immaterial) references, or reducing the number of interactions with the PTO to reduce risk of that killer prior art being discovered, etc.

Hapless Intent

John Fredrick

Hapless Intent:

Hapless Intent Rj McGuire, 2005-06 Hapless Intent is a pathetic and sometimes cathartic string of pieces devoted to life's mishaps and wonders Told through a collection of poems and essays Rj McGuire offers an emotional release from everyday life Not particularly happy or stunning the pieces lean on one another supported by strong words and immersed in a selfish pride The ego of the Creator overshadows each work in an attempt to validate the emotions that have surfaced Hapless Intent presents itself not as a story but as time passed A juvenile work largely hoping to free itself from the misery of its own existence it screams beneath your skin and surfaces as painful memories often can to deal not through healing but harsh exposure Hapless Intent holds up but not without trying to fall down *Something Close to Magic* Emma Mills, 2024-07-09 A baker's apprentice reluctantly embarks on an adventure full of magic new friendships and a prince in distress in this appealingly breezy Kirkus Reviews and deftly written School Library Journal starred review young adult fantasy that's perfect for fans of Margaret Rogerson and Gail Carson Levine It's not all sugar and spice at Basil's Bakery where seventeen-year-old Aurelie is an overworked underappreciated apprentice Still the job offers stability which no nonsense Aurelie values highly so she keeps her head down and doesn't dare to dream big until a stranger walks in and hands her a set of Seeking stones In a country where Seeking was old-fashioned even before magic went out of style it's a rare skill but Aurelie has it The stranger who turns out to be a remarkably bothersome bounty hunter named Iliana asks for Aurelie's help rescuing someone from the dangerous Underwood which sounds suspiciously like an adventure When the someone turns out to be Prince Hapless the charming but aptly named prince Aurelie's careful life is upended Suddenly she finds herself on a quest filled with magic portals a troll older than many trees and a few rocks and dangerous palace intrigue Even more dangerous are the feelings she's starting to have for Hapless The more time Aurelie spends with him the less she can stand the thought of going back to her solitary but dependable life at the bakery Must she choose between losing her apprenticeship or her heart

Crime and Psychology Jonathan Venn, 2023-12-29 Clear and accessible in style this book offers a comprehensive introduction to criminal justice and forensic mental health and the ways in which they intersect Assuming no prior exposure to the field of criminal forensic psychology the book reviews ten areas where mental health professionals contribute regularly to the due process of law comprehension of rights competency to stand trial transfer of juveniles to adult court risk assessment mitigation sentencing sexually violent predators insanity and capital punishment of persons with mental illness and with intellectual disability The book also explores the major categories of mental disorders how they contribute to criminal behavior and what problems they present in courts and corrections Landmark cases from the United States and United Kingdom are also reviewed in detail to develop a thorough understanding of the court's decision-making process Bridging the gap between abstraction and practice through its narrative presentation of case material emphasis on controversy and illumination of the historical roots of problems and ideas the book helps the forensic

practitioner transition from novice to knowledgeable professional in the courtroom Drawing on the author s extensive experience in forensic psychology this book is the ideal resource for the early career forensic mental health practitioner as well as graduate students in forensic mental health and forensic psychology and mental health professionals seeking to enter the field of forensics

Consent Pamela Susan Haag,2018-09-05 Whom over the past two centuries has society construed as sexual victims Where and when did the notion of consent so crucial for law and politics today emerge In this brilliantly insightful work Pamela Susan Haag traces the evolution of public wisdom on some of society s most private and controversial matters At once an investigation of social history popular culture legal doctrine and political theory her book shows how in contemporary America the history of sexual rights is inextricably intertwined with that of liberalism Haag examines the nineteenth century obsession with the perils of seduction and twentieth century disputes over white slavery arranged marriages interracial relationships and rape The history of heterosexual modernity and identity must she argues be viewed as a crucial component of a much larger historical narrative that of the ways in which individual freedom and citizenship have been continually redefined in American liberal culture She illuminates the development of liberalism from its classic stage that ended after the post Reconstruction era to a modern version that came to fruition with the judicial acceptance of the right to privacy Finally she shows how debates over the meaning of heterosexual consent and violence contributed to this transformation

Christian Union Herald ,1903 *California. Court of Appeal (1st Appellate District). Records and Briefs* California (State)., **The King of Good Intentions** John Fredrick,2013-04-22 Set in Los Angeles in the early 90s the novel chronicles the early days of an indie band as they meet practice make their first record and get their first break big gig It s also the story of the the flowering love affair between John and Jenny the two charming if troubled guitarists singers in the band John is by day a misanthropic substitute teacher in the zany sometimes horrific LA Unified School District Jenny is an mysterious recovering child prodigy Along the way the couple and their bandmates make momentous discoveries about themselves and the Hollywood milieu in which they struggle to succeed a world peopled by narcissistic actors wannabe screenwriters pretentious musicians weirdo fans crazy neighbors and an emu The King of Good Intentions was originally to have been published by Henry Rollins s 2 13 61 press in 1999 When Rollins decided henceforth to publish only his own work Fredrick set the novel aside to focus on his musical and teaching career Now it will finally make its long overdue debut

The Grammar of Good Intentions Susan M. Ryan,2018-08-06 Susan M Ryan explores antebellum Americans preoccupation with the language and practice of benevolence Drawing on a variety of cultural and literary texts she traces how people working and writing within social reform movements and their outspoken opponents helped solidify racial and class ideologies that ultimately marginalized even the most deserving poor The links between race and the relations of benevolence occasioned much soul searching among antebellum Americans Ryan explains In a period of heated public debate over issues such as slavery Indian removal and non Protestant immigration the categories of blackness Indianness and a

generic foreignness came to signify for many whites need itself Ryan puts familiar literary works such as Herman Melville's *The Confidence Man* Frederick Douglass's *My Bondage and My Freedom* and Harriet Beecher Stowe's *Uncle Tom's Cabin* back into dialogue with a broad range of print materials the reports of charity societies African American and Native American newspapers juvenile fiction travel writing cartoons sermons and tract literature In the process she dispels the myth that authors usually classified as literary were responding to a simple and unquestioned cult of benevolence Rather she contends they were participating in the complex and often rancorous debates occurring within the broader culture over how good intentions should be expressed and enacted Ryan's inquiry into the antebellum culture of benevolence has implications for contemporary U S society resonating especially with recent debates over welfare reform the politics of compassionate conservatism and representations of welfare queens and violent urban youth As Ryan writes The conversations that this book reconstructs remind us of our ongoing participation in the national ritual of laying claim to good intentions

The City of Lost Intentions: A Guide for the Artistically Waylaid A. Valliard, 2024-05-07 Being a Compendium of Fallibility a Bestiary of Artistic Fears Foibles and an unhelpful Travel Guide to the City of Lost Intentions with particular notice paid to its denizens the transmogrified souls of self damned artists for the benefit of the prospective resident as they negotiate the underworld metropolis in the dubious company of Montcorbier a disaffected psychopomp A baroque phantasmagoria of an imaginary hell passing through its theatres gilded grottoes and stagnant underground seas from the Temple of Fo Elpmet Eht to the Hoarse Latitudes with each chapter devoted to a different crime against the artist's Heart Presenting as a collection of 151 vignettes of the infernal citizens linked by the erratic actions of the guide Montcorbier and the increasingly despairing and cryptic interjections of an unknown narrator who derails the careful catalogue of the city's populace with complaints about the mysterious and despised Architect Drawn from hundreds of interviews with actors painters writers directors musicians cabaret performers glassblowers fashion designers photographers philosophers stand up comics and indeed anyone of a creative bent over nine countries and ten years concerning ways in which the artist might betray their art *The City of Lost Intentions* is a tragicomical fairy tale of the tyranny of the Vision A book for all waylaid artists and self saboteurs REVIEWS Valliard proffers a rare and valuable curiosity a wunderkammer of creative impediments blockages cul de sacs and subconscious stopcocks *The City of Lost Intentions* stylishly fills a lacuna you never even knew existed This would have been a classic 200 years ago and will still have currency 200 years hence Elegant and erudite whimsical and wondrous handsomely produced if you cannot find yourself within this bestiary you need to work harder Michael Winkler author of *Grimmish* A funny bleak brutal Dante style guide to a posthumous world of artistic failures James Morrison author of *Gibbons or One Bloody Thing After Another* Sublimely weird and brilliant Louis Barabbas composer lyricist *Coraline A Musical* *Hypocrisy and the Philosophical Intentions of Rousseau* Matthew D. Mendham, 2021-03-05 Why did Rousseau fail often so ridiculously or grotesquely to live up to his own principles In one of the most notorious cases of hypocrisy in intellectual history this

champion of the joys of domestic life immediately rid himself of each of his five children placing them in an orphans home He advocated profound devotion to republican civic life and yet he habitually dodged opportunities for political engagement Finally despite an elevated ethics of social duty he had a pattern of turning against his most intimate friends and ultimately fled humanity and civilization as such In Hypocrisy and the Philosophical Intentions of Rousseau Matthew D Mendham is the first to systematically analyze Rousseau s normative philosophy and self portrayals in view of the yawning gap between them He challenges recent approaches to the Jean Jacques problem which tend either to dismiss his life or to downgrade his principles Engaging in a comprehensive and penetrating analysis of Rousseau s works including commonly neglected texts like his untranslated letters Mendham reveals a figure who urgently sought to reconcile his life to his most elevated principles throughout the period of his main normative writings But after the revelation of the secret about his children and his disastrous stay in England Rousseau began to shrink from the ambitious philosophical life to which he had previously aspired newly driven to mitigate culpability for his discarded children to a new quietism regarding civic engagement and to a collapse of his sense of social duty This book provides a moral biography in view of Rousseau s most controversial behaviors as well as a preamble to future discussions of the spirit of his thought positing a development more fundamental than the recent paradigms have allowed for The Upright Sheaf Germany's Intentions After the War by Alexander Gray Formerly Examiner in Economics in the University of Edinburgh Joint Author of "The Scottish Staple at Veere". sir Alexander Gray,1915

Work in Hand Aileen Douglas,2017 Work in Hand Script Print and Writing 1690 1840 is about the relationship between manual writing and print Handwriting and how it is seen and understood changes a lot during this period as can be seen in printed engravings of handwriting in the form of copy books and engraved autographs It is now that English round hand the ancestor of modern handwriting develops The idea that the labouring classes should not have access to writing also loses ground and a universal ability to write slowly becomes acceptable There is a new interest in the author s hand the handwriting of novelists and poets part of a more general cult of the autograph By the end of the period handwriting becomes associated with being human

Media in the Global Context Emmanuel K. Ngwainmbi,2019-11-23 This book investigates ways in which global media coverage of conflicts affects the worldviews of the social and cultural values of nationals from the war regions It identifies the cultural patterns in remote communities that have been diluted by IT and the extent to which the changes impacted the values of the indigenes It also describes the role that IT especially social media and broadcast media play in the understanding of war among residents in highly wired and remote communities respectively

Bad Intentions Peter Heller,2009-06-16 A biography of the man who would become heavyweight champion of the world and rock the sporting world with scandal

Make Room for Daddy Emily Dalton,2012-07-16 Bachelor Surprise Upon learning a casual fling had resulted in a bundle of joy Greg Chandler felt compelled to go under cover and find the kid just to make sure it was well cared for But that was before he saw Mikelle Bennet the sexy widow who had adopted Jamie Before he

d held his son in his arms Before his fatherly fate was sealed Mikelle was suspicious of the newest guest at her Nantucket inn The only local color he seemed interested in was baby blue And why was a confirmed bachelor suddenly fascinated by warm bottles and baby booties Greg s charm and sheer masculinity stole her heart But was it also his intention to steal her son

Texts on Texts and Textuality E.F. Kaelin,2022-07-18 Texts on Texts and Textuality argues the case for an American phenomenology as applied to works of literary artworks The argument is made by a surrounding frame the Preface and the Afterword that encloses ten chapters The chapters are divided into two parts the phenomenological theory and practical criticism In making his case Kaelin traces the development in the American academic tradition from the American New Criticism through structuralism to the French nouvelle critique He calls his theory phenomenological structuralism and shows its derivation from American pragmatism contextualism to an unabashed phenomenology through the criticisms of Roman Ingarden Martin Heidegger and Paul Ricoeur The structuralism derives from the work of Ferdinand de Saussure as incorporated into the philosophical linguistics of Maurice Merleau Ponty Part II contains five chapters each concerned with either direct application of the theory in acts of criticism or in the metacriticism of accepted critical theories such as the Aristotelians of early dramatic critics Chapter 6 or of applied procedures in recent academic critical circles Chapter 10 The argument is concluded in the author s Afterword where pedagogical issues are introduced to suggest the future applicability of the theory A glossary of technical and new terms is added and a double index of names and a subject matter is included to map out the author s own interpretation of his bibliographic references

The Nature of Legislative Intent Richard Ekins,2012-10-11 Are legislatures able to form and act on intentions The question matters because the interpretation of statutes is often thought to centre on the intention of the legislature and because the way in which the legislature acts is relevant to the authority it does or should enjoy Many scholars argue that legislative intent is a fiction the legislative assembly is a large diverse group rather than a single person and it seems a mystery how the intentions of the individual legislators might somehow add up to a coherent group intention This book argues that in enacting a statute the well formed legislature forms and acts on a detailed intention which is the legislative intent The foundation of the argument is an analysis of how the members of purposive groups act together by way of common plans sometimes forming complex group agents The book extends this analysis to the legislature considering what it is to legislate and how members of the assembly cooperate to legislate The book argues that to legislate is to choose to change the law for some reason the well formed legislature has the capacity to consider what should be done and to act to that end This argument is supported by reflection on the centrality of intention to the nature of language use The book then explains in detail how members of the assembly form and act on joint intentions which do not reduce to the intentions of each member before outlining some implications of this account for the practice of statutory interpretation Developing a robust account of the nature and importance of legislative intention the book represents a significant contribution to the literature on deliberative democracy that will be of interest to all those
