Barash, 2018-09-10 Costa Rica is the only full fledged and totally independent country to be entirely demilitarized Its military was abolished in 1948 with the keys to the armory handed to the Department of Education Socially Costa Rica is a success story Although 94th in the world for GDP it is in the top 10 on various measurements of health and well being Citizens enjoy high standards of living that include universal access to healthcare education and pensions In addition the country practices sustainable resource management such as reforestation and the development of solar and wind power and it expects to be carbon neutral by 2020 Hunting is illegal 25% of the landmass is parks and reserves The government supports universal health care especially maternal and child health Costa Rica even has a Blue Zone an area where people live extraordinarily long healthy lives To some extent Costa Rica is simply lucky it was largely inaccessible and it had virtually no precious minerals therefore it was mostly spared the ravages of predatory colonialism The Costa Rican people made very good social decisions ranging from an avowed commitment to social democracy at the national level to local land distribution to develop stable middle class farmers But Costa Rica s neighbors have not enjoyed nearly as much peace and prosperity It is unlikely that Costa Rica s demilitarization and its remarkable social success are coincidental clearly something special is going on Through good luck good leadership and good decisions
