Beckett's Laboratory Corey Wakeling, 2021-04-22 Offering fresh studies of Samuel Beckett in pre production in rehearsal as an innovator of the script form and as a speculative director and designer Beckett's Laboratory reconsiders Beckett's stringent approach to stage direction through the lens of the laboratory and reveals his experimentalism with stage representation and composition Wakeling argues that acknowledging Beckett's experimental processes from their composition to their reception is crucial to understanding the innovative representations of humanity that emerged at different stages in Beckett's practice Repositioning Beckett's performance oeuvre in relation to philosophy Wakeling draws upon post dramatic symbolist materialist and post structural understandings of theatre performance to reappraise Beckett's plays as a composition for performance The philosophical underpinnings of Beckett's practices are explored through an eclectic mix of familiar and unexplored contemporary theatre productions and films of Beckett's works including Not I Nacht und Tr ume Happy Days Footfalls and Catastrophe Beckett's Laboratory is a provocative examination

of Beckett's experimentalism with the human spectacle and his playful reliance upon the interpretative powers of the actors and audience

Beckett Sans Frontières Minako Okamuro, 2008 SBT A 19 features selected papers from the Borderless Beckett Symposium held in Tokyo at Waseda University in 2006. The essays penned by eminent and young scholars from around the world examine the many ways Beckett's art crosses borders coupling reality and dream, life and death as in Japanese Noh drama or transgressing distinctions between limits and limitlessness: humans, animals, virtual bodies and stones, French and English words and silence and the received frameworks of philosophy and aesthetics. The highlight of the volume is the contribution by Nobel Laureate J. M. Coetzee, the special guest of the Symposium. His article entitled 'Eight Ways of Looking at Samuel Beckett' introduces a variety of novel approaches to Beckett ranging from a comparative analysis of his work and Melville's *Moby Dick* to a biographical observation concerning Beckett's application for a lectureship at a South African university. Other highlights include innovative essays by the plenary speakers and panelists: Enoch Brater, Mary Bryden, Bruno Clement, Steven Connor, S. E. Gontarski, Evelyne Grossman and Angela Moorjani, and an illuminating section on Beckett's television dramas. The *Borderless Beckett* volume renews our awareness of the admirable quality and wide range of approaches that characterize Beckett studies.

Heroism and Passion in Literature Graham Gargett, 2004. This volume prompted by the publication in 1999 of Moya Longstaffe's remarkable study *Metamorphoses of Passion and the Heroic in French Literature*. Corneille, Stendhal, Claudel further investigates and analyses the multiple appearances of Passion and Heroism in literature. It pursues the exploration of these themes in a variety of cultures: English, French, German, Spanish, genres and critical approaches. In addition, the chronological span represented is extremely wide. Contributions range from La Fontaine, Molière and Voltaire to Rimbaud and Camus, from Baudelaire to Beckett, from Wagner to Goytisolo. This very diversity gives necessary context, providing scope for reflection and analysis. Although passion seems timeless, can heroism have any real meaning apart from an individual and existential one in our postmodern age? Has a notion at the centre of European culture for so many centuries really disappeared from our intellectual and cultural universe? This volume will be of interest to all students of literature whatever their critical or linguistic allegiance since it focuses on the varying manifestations of two vital ingredients of all societies and cultures.

Staging Beckett in Great Britain David Tucker, Trish McTighe, 2016-06-30. Beckett's relationship with British theatre is complex and underexplored, yet his impact has been immense. Uniquely placing performance history at the centre of its analysis, this volume examines Samuel Beckett's drama as it has been staged in Great Britain, bringing to light a wide range of untold histories and in turn illuminating six decades of drama in Britain. Ranging from studies of the first English tour of *Waiting for Godot* in 1955 to Talawa's 2012 all-black co-production of the same play, *Staging Samuel Beckett in Great Britain* excavates a host of archival resources in order to historicize how Beckett's drama has interacted with specific theatres, directors and theatre cultures in the UK. It traces production histories of plays such as *Krapp's Last Tape*, presents Beckett's working relationships with the Royal Court

Riverside and West Yorkshire Playhouse as well as with directors such as Peter Hall looks at the history of Beckett's drama in Scotland and how the plays have been staged in London's West End. Production analyses are mapped onto political, economic and cultural contexts of Great Britain so that Beckett's drama resonates in new ways through theatre practice against the complex contexts of Great Britain's regions. With contributions from experts in the fields of both Beckett studies and UK drama including S E Gontarski, David Pattie, Mark Taylor, Batty and Sos Eltis, the volume offers an exceptional and unique understanding of Beckett's reception on the UK stage and the impact of his drama within UK theatre practices. Together with its sister volume *Staging Samuel Beckett in Ireland and Northern Ireland* it will prove a terrific resource for students, scholars and theatre practitioners.

Twentieth-Century British and American Theatre Christopher Innes, Katherine Carlstrom, Scott Fraser, 2019-05-23. First published in 1999, this volume aims to develop the field of theatre studies by promoting the study of performative elements and thus fostering their consideration in the critical interpretation of dramatic literature. The authors additionally suggest ways of approaching and evaluating the work of individual performers as well as of directors, designers and producers. It is an archival guide which covers manuscript and ephemera rather than published texts and attempts to indicate the potential value of the documentary material listed. This unique reference guide provides descriptions and evaluations of archive manuscript materials and ephemera relating to twentieth-century British and American theatre. Over 100 archives across Europe, North America and Britain were examined in the compilation of this volume. The documents include unpublished playscripts, stage and costume designs, directors' books, prompt books, lighting plots, stage photos, correspondence, theatre programmes. One hundred and seventy-five entries are arranged alphabetically and cover playwrights, directors, designers and actors. By its nature, theatre is a collaborative enterprise, a facet which is recognised in the comprehensive cross-referencing of entries. The last twenty years has seen a shift in drama studies from text-based criticism to analysis of performance. The materials covered in this book have therefore become essential to future research in the field.

The Making of Samuel Beckett's *Stirrings Still*/ *Soubresauts* and *Comment Dire*/what is the Word Dirk van Hulle, 2011. This volume is part of the Beckett Digital Manuscript Project (BDMP), a collaboration between the Centre for Manuscript Genetics, University of Antwerp, the Beckett International Foundation, University of Reading and the Harry Ransom Humanities Research Center, University of Texas at Austin, with the support of the Estate of Samuel Beckett. The BDMP (www.beckettarchive.org) digitally reunites the dispersed manuscripts of Samuel Beckett's works and facilitates their examination. The project consists of two parts: a digital archive of Beckett's manuscripts with facsimiles and transcriptions organized in modules, and a series of print volumes analyzing the genesis of Beckett's works. This first volume of the BDMP studies Beckett's last works *Stirrings Still*, *Soubresauts* and *Comment Dire* (what is the word). It examines the notes, manuscripts, typescripts and other writing traces and reconstructs the dynamics of the composition process on the basis of this material.
