

Using his talent to bring the boys next door in front of the camera, Californian photographer Steven Underhill has developed a large fan base. His beautiful images of innocent looking boys in sensuous and stunning moments captured forever. Carefree and self-confident boys are in love with the joy of living. Young, lively and provocative, Underhill always arouses the desire to see more.

"... What distinguishes Underhill is his manipulation of the audience's instinctive reaction. By making claims on the sexuality and status of his subjects, he effectively constructs a level of mystique that otherwise might not have existed. ..." (LAUX, 10/1999)
