Choosing a quiet resort in Bulgaria seems like a safe bet but I can't shake the worry gnawing at my gut. Then like a beacon of hope I stumble upon Kelly's ad. An English woman of my own age is offering to discretely watch over them for a fee. It's a lifeline, a way to ease my frazzled nerves. So I accept, clinging to the reassurance it offers. Kelly's updates paint a picture of blissful normalcy. I relax, trusting that my children are safe and sound. Little do I know they're facing dangers they're too proud to confess. Then a phone call in the middle of the night shatters the illusion. With desperation fuelling every heartbeat I drive to the airport, praying it's not too late. As I wait for my plane, I research the woman I hired to watch my children. Panic grips me as I delve into Kelly's past and discover the horrifying truth. There is more to Kelly's offer than I ever could have imagined. What the hell have I done?

Giving Ground Joan Copjec, Michael Sorkin, 1999. This volume seeks to address a number of broad questions including what is the role and limit of urban space in the expression of group and individual rights and desires; do democratic social relations require spatial propinquity; and what are the characteristics of... *The ABC Movie of the Week*. Michael McKenna, 2013-08-22. On September 23, 1969, five years after the first made-for-television movie premiered, the ABC network broadcast *Seven in Darkness*. This was the first television film for an anthology show called the Tuesday Night Movie of the Week. Dedicating ninety minutes of weekly airtime to a still-emerging genre was a financial risk for the third-place network, a risk that paid off. The films were so successful that in 1972 the network debuted *The Wednesday Movie of the Week*. Although most of the movies are no longer remembered, a handful are still fondly recalled by viewers today, including *Duel*, *Brian's Song*, and *The Night Stalker*. The series also showcased pilot films for many eventual series, such as *Alias Smith and Jones*, *The Six Million Dollar Man*, and *Starsky and Hutch*. By the end of both shows' regular runs in the spring of 1975, the network had broadcast more than 200 made-for-television films. In *The ABC Movie of the Week: Big Movies for the Small Screen*, Michael McKenna examines this programming experiment that transformed the television landscape and became a staple of broadcast programming for several years. The author looks at how the revolving films showcased the right mixture of romantic, comedy, action, horror, and social relevance to keep viewers interested week after week. McKenna also chronicles

how the ratings success led to imitations from the other networks resulting in a saturation of television movies As a cultural touchstone for millions who experienced the first run and syndicated versions of these films The ABC Movie of the Week is a worthy subject of study Featuring a complete filmography of all 240 movies with credit information and plot summaries a chronology and a list of pilots both failed and successful this volume will be valuable to television historians and scholars as well as to anyone interested in one of the great triumphs of network programming
