Future Lives Gloria Chadwick, 2008 Those who believe in reincarnation recognize that our previous lives profoundly influence our present existence But what about the lives still to be lived our future For Gloria Chadwick whose Discovering Your Past Lives sold 250 000 copies the spiritual level knows no time our experiences meet as energy vibrations and past present and future can shape each other Her new guide gives us an expansive view of exactly how that happens as she delves into the concept of karma how thoughts and beliefs can shift the rhythm of our reality and illusion versus reality Featuring real life experiences from Chadwick s students and clients as well as interactive exercises it opens up a new way of understanding the universe

Somewhere Over the Rainbow Gloria Chadwick, 2008 Amanda is a free spirit who somehow manages to get herself stuck in the energy vibration of a physical body Of course she did it on purpose nothing happens by accident She s a little embarrassed to find herself on earth again and wonders how she ended up here when she vowed she d never reincarnate again Her most down to earth task is to see through the misty illusions of things for herself and to remember her spiritual nature In the course of events she gets sidetracked by what everyone says is real life But she s not sure what s real anymore She s been dreaming about rainbows lately and now she s beginning to wonder if her life is really a dream she s having Lavender is trying to remember something she s forgotten about her spiritual nature so she registers for school in the universe and begins classes in Time and Space Energy and Matter and Reality Awareness She s a little concerned about the whole idea of synchronicity and the simultaneous time space concept she s not sure if she can handle everything at once Her destiny is to unearth the mysteries of the universe and to rediscover the Scroll of Knowledge she wrote in Egypt But she s reluctant to remember her experiences as a philosopher and has turned off her spiritual awareness Rainbow is Amanda s higher self and Lavender s teacher who tries to help them see the light within themselves But Rainbow is really more than she appears to be at first or even second glance
