A Broad Church 2 Gearóid Ó Faoleán, 2023-03-08 In this fascinating sequel to the ground breaking publication of *A Broad Church* in 2019 *A Broad Church 2* reveals the true history of the Provisional Republican movement in the south of Ireland in the cataclysmic decade of the 1980s This period saw a sea change in the movement with the political wing increasingly coming to fore of the republican struggle This led to a rethink on the movement's policy of abstentionism both within the military and political movements culminating in the historic overturning of the policy in the Republic This growing politicisation supplemented the armed struggle which saw the most significant arms importations in the IRA's history take place in the South during the mid 1980s With the acquisition of an array of new weaponry the IRA took on larger and more prestigious British targets The decade also saw a return to attacking commercial targets in Britain in a concerted and systematic strategy for the first time since the mid 1970s Outlining the developments year by year and the Irish state's attempts to deal with the Provisional IRA *A Broad Church 2* presents a comprehensive and fascinating picture of the evolution of the republican movement

Salyer,2020-08-03 Brokering Culture in Britain s Empire and the Historical Novel examines the relationship between the historical sensibilities of nineteenth century British and American romancers and the conceptual frameworks that eighteenth century imperial interlocutors used to imagine and critique their own experiences of Britain s diffused tenuous and often accidental authority Salyer argues that this cultural experience more than what Luk cs had in mind when he wrote of a mass historical consciousness after Napoleon gave rise to the Romantic historiographical approach of writers such as Walter Scott James Fenimore Cooper Charles Brockden Brown and Frederick Marryat This book traces the conversion of the eighteenth century imperial speaker into the nineteenth century romance hero through a number of proto novelistic responses to the problem of Imperial history including Edmund Burke in the Annual Register and the celebrated court case of James Annesley among others The author argues that popular Romantic novels such as Scott s Waverley and Cooper s The Pioneers convert the problem of narrating the political geographies of eighteenth century Empire into a discourse of history placing the historical

realities of negotiating Imperial authority at the heart of a nineteenth century project that fictionalized the possibilities and limits of political historical agency in the modern nation state Up Through an Empty House of Stars David Langford, 2003-08-01 At last Up Through an Empty House of Stars brings together the best of the never before collected SF reviews and articles that helped build David Langford's towering reputation since 1980 Complementing the review columns collected in The Complete Critical Assembly and the knockabout essays and squibs in The Silence of the Langford this volume's 100 glittering selections mix serious critical insight with the inimitable Langford wit In 2002 David Langford won his sixteenth Hugo award as Best Fan Writer for critical and humorous commentary on SF In the same year his occasionally scandalous SF newsletter Ansible won its fifth Hugo Langford also received the 2001 Hugo for best short story and the 2002 Skylark Award Here he shines a unique light on classics like Ernest Bramah G K Chesterton Robert Heinlein and Jack Vance and analyses major SF and major clunkers and minor eccentrics of the 1980s 1990s and early 2000s continuing to the latest by such current stars as Gene Wolfe and China Mi ville Plus witty asides on crime fiction and its SF links gleeful examination of writing so bad it's almost good and even at his most serious turns of phrase to make you laugh aloud
