## **Hard Core Power Pleasure And The Frenzy Of The Visible:**

**Hard Core** Linda Williams,1999-04-27 On hard core pornographic cinema      Hard Core Linda Williams,2018 Linda Williams moves beyond the impasse of the anti porn and anti censorship debate to analyze what hard core film pornography is and does as a genre with a history as a specific cinematic form and as part of contemporary discourse on sexuality      *The Telling of the Act* Peter Maxwell Cryle,2001 This book tells how the diverting array of pleasures in eighteenth century libertine fiction gave way through a process of thematic drift and realignment to a powerfully linear story that actually defined sex and the gender roles pertaining to it Many of the key notions in modern talk about sex are in fact narrative ones climax foreplay and the sex act are all said to lie at the heart of human sexuality But *The Telling of the Act* questions whether these notions deserve to be thought of as timeless and in fact locates their emergence in the second half of the eighteenth century      *Hollywood v. Hard Core* Jon Lewis,2002-09-01 A tale of censorship and regulation at the heart of the modern film industry In 1972 *The Godfather* and *Deep Throat* were the two most popular films in the country One a major Hollywood studio production the other an independently made skin flick At that moment Jon Lewis asserts the fate of the American film industry hung in the balance Spanning the 20th century *Hollywood v Hard Core* weaves a gripping tale of censorship and regulation Since the industry s infancy film producers and distributors have publicly regarded ratings codes as a necessary evil Hollywood regulates itself we have been told to prevent the government from doing it for them But Lewis argues that the studios self regulate because they are convinced it is good for business and that censorship codes and regulations are a crucial part of what binds the various competing agencies in the film business together Yet between 1968 and 1973 Hollywood films were faltering at the box office and the major studios were in deep trouble Hollywood s principal competition came from a body of independently produced and distributed films from foreign art house film *Last Tango in Paris* to hard core pornography like *Behind the Green Door* that were at once disreputable and for a moment at least irresistible even chic In response Hollywood imposed the industry wide MPAA film rating system the origins of the G PG and R designations we have today that pushed sexually explicit films outside the mainstream and a series of Supreme Court decisions all but outlawed the theatrical exhibition of hard core pornographic films Together these events allowed Hollywood to consolidate its iron grip over what films got made and where they were shown thus saving it from financial ruin

**Latsploitation, Exploitation Cinemas, and Latin America** Victoria Ruétalo,Dolores Tierney,2009-05-07 Exploring the much neglected area of Latin American exploitation cinema this anthology challenges established continental and national histories and canons which often exclude exploitation cinema due to its perceived low cultural status It argues that Latin American exploitation cinema makes an important aesthetic and social contribution to the larger body of Latin American cinema often competing with Hollywood and more mainstream national cinemas in terms of popularity      *Hardcore from the Heart* Annie Sprinkle,2006-06-07 Presents a number of the author s key performance texts and essays and interviews with

artists who have worked closely with her over the years together with a critical introduction and commentaries By locating her discourse on her own body she renders exploitation impossible and refers to herself as a post porn modernist

**Violence and the Female Imagination** Paula Ruth Gilbert,2006-03-31 In the past twenty years Quebec women writers including Aline Chamberland Claire D Suzanne Jacob and H l ne Rioux have created female characters who are fascinated with bold sexual actions and language cruelty and violence at times culminating in infanticide and serial killing Paula Ruth Gilbert argues that these Quebec feminist writers are re framing gender Violence and the Female Imagination explores whether these imagined women are striking out at an external other or harming themselves through acts of self destruction and depression Gilbert examines the degree to which women are imitating men in the outward direction of their anger and hostility and suggests that such tough women may be mocking men in their macho exploits of sexuality and violence She illustrates the ways in which Quebec female authors are feminizing violence or re envisioning gender in North American culture Gilbert bridges methodological gaps and integrates history sociology literary theory feminist theory and other disciplinary approaches to provide a framework for the discussion of important ethical and aesthetic questions **The**

increasingly swarmed the landscape of popular culture with ever more diverse representations of the undead being imagined A growing number of zombie narratives have introduced sexual themes endowing the living dead with their own sexual identity The unpleasant idea of the sexual zombie is itself provocative triggering questions about the nature of desire sex

sexuality and the politics of our sexual behaviors However the notion of zombie sex has been largely unaddressed in scholarship This collection addresses that unexamined aspect of zombiedom with essays engaging a variety of media texts including graphic novels films television pornography literature and internet meme culture The essayists are scholars from a variety of disciplines including history theology film studies and gender and queer studies Covering The Walking Dead Warm Bodies and Bruce LaBruce's zombie porn movies this work investigates the cultural political and philosophical issues raised by undead sex and zombie sexuality

**Desire Unlimited** Paul Julian Smith, 2014-08-12 In the last decade Spanish auteur Pedro Almodóvar has grown from critical darling of the film circuit scene to mainstream success Frequently comic often deadly serious always visually glorious his recent films range from the Academy Award winning drama Talk to Her to the 2011 horror film The Skin I Live In Though they are ambitious and varied in style each is a distinctive innovation on the themes that have defined his work Desire Unlimited is the classic film by film assessment of Almodóvar's oeuvre now updated to include his most recent work Still the only study of its kind in English it vigorously confirms its original argument that beneath Almodóvar's genius for comedy and visual pleasure lies a filmmaker whose work deserves to be taken with the utmost seriousness

**The Reality Effect** Joel Black, 2013-08-21 It used to be only movies were on film now the whole world is The most intimate and most banal moments of our lives are constantly recorded for public consumption In The Reality Effect Joel Black argues that the desire to make visible every aspect of our lives is an impulse derived from cinema one that has made life both more graphic and less real He approaches film as a documentary medium that has obscured if not obliterated the line between reality and fiction To illustrate this effect Black traces the uncanny interplay between movies and real life events through a series of comparative analyses from Lolita and the murder of JonBenét Ramsey to Wag the Dog and the Clinton scandal to Crash and Princess Diana's violent death

**Screening the Red Army Faction** Christina Gerhardt, 2018-07-12 Screening the Red Army Faction Historical and Cultural Memory explores representations of the Red Army Faction RAF in print media film and art locating an analysis of these texts in the historical and political context of unfolding events In this way the book contributes both a new history and a new cultural history of post fascist era West Germany that grapples with the fledgling republic's most pivotal debates about the nature of democracy and authority about violence its motivations and regulation and about its cultural afterlife Looking back at the history of representations of the RAF in various media this book considers how our understanding of the Cold War era of the long sixties and of the RAF is created and re-created through cultural texts

Feminism Without Women Tania Modleski, 2014-09-03 In a series of essays scrutinizing feminist and post structuralists positions Tania Modleski examines the myth of postfeminism and its operation in popular culture especially popular film and cultural studies First published in 1991

**The Art of Interruption** John Roberts, 1998 This is the first monograph length study that charts the coercive diplomacy

of the administrations of Richard Nixon and Gerald Ford as practised against their British ally in order to persuade Edward Heath's government to follow a more amenable course throughout the Year of Europe and to convince Harold Wilson's governments to lessen the severity of proposed defence cuts. Such diplomacy proved effective against Heath but rather less so against Wilson. It is argued that relations between the two sides were often strained indeed to the extent that the most special elements of the relationship that of intelligence and nuclear co-operation were suspended. Yet the relationship also witnessed considerable co-operation. This book offers new perspectives on US and UK policy towards British membership of the European Economic Community demonstrates how US détente policies created strain in the special relationship reveals the temporary shutdown of US UK intelligence and nuclear co-operation provides new insights in US UK defence co-operation and re-evaluates the US UK relationship throughout the IMF Crisis

Japanese Horror Films and their American Remakes Valerie Wee, 2013-10-23 The Ring 2002 Hollywood's remake of the Japanese cult success Ringu 1998 marked the beginning of a significant trend in the late 1990s and early 2000s of American adaptations of Asian horror films. This book explores this complex process of adaptation paying particular attention to the various transformations that occur when texts cross cultural boundaries. Through close readings of a range of Japanese horror films and their Hollywood remakes this study addresses the social cultural aesthetic and generic features of each national cinema's approach to and representation of horror within the subgenre of the ghost story tracing convergences and divergences in the films narrative trajectories aesthetic style thematic focus and ideological content. In comparing contemporary Japanese horror films with their American adaptations this book advances existing studies of both the Japanese and American cinematic traditions by illustrating the ways in which each tradition responds to developments in its social cultural and ideological milieu and examining Japanese horror films and their American remakes through a lens that highlights cross cultural exchange and bilateral influence. The book will be of interest to scholars of film media and cultural studies
