Hard Traveling:

   Hard Traveling Carlos Arnaldo Schwantes,1999-11-01 The nearly two hundred rare and dramatic photographs in this work depict life at work in Oregon Washington Idaho and Montana in the late nineteenth and early twentieth centuries Work often arduous low paid and dangerous defined the region during its period of supercharged development from the 1880s to the 1920s A final section records work during the depression and war years in the 1930s and 1940s Complementing the photographs are statements by workers themselves government analysts and later observers The author s essays and commentary on the photographs demonstrate that from the beginning of U S control wage labor was crucial to integrating the Pacific Northwest into national and international networks of trade commerce and industry The development of lumber mining fishing railroad and service industries in the New Northwest marked the transformation of the region from an isolated periphery to a functioning component of the world economy and culture Schwantes also deals with the tension between the supposed freedom and individualism of the frontier West on the one hand and the constraints of wage labor as practiced in the late nineteenth and early twentieth centuries on the other This tension gave rise to an often militant trade unionism and political radicalism that was particularly marked in the Northwest   **Songs of Work and Protest** Edith Fowke,Joe Glazer,Kenneth Ira Bray,1973-01-01 Provides lyrics music and chord notation for work and protest songs and discusses each tune s significance in the labor movement   **There Ain't Nobody That Can Sing Like Me** Anne E. Neimark,2002 A detailed look at the life and songs of of the famous folk singer   My Attainment of the Pole Frederick Albert Cook,2022-09-04 In My Attainment of the Pole Frederick Albert Cook presents a compelling narrative of his 1908 expedition to the Arctic challenging the notion of the polar frontier Cook s literary style intricately weaves personal memoir and scientific exploration reflecting the Romantic ideals of adventure while simultaneously employing meticulous detail that characterizes early 20th century exploration literature His bold claims of reaching the North Pole the first to do so sparked fervent debate about truth and integrity in exploration situating the work within the larger context of imperial ambitions and national pride of the era Frederick Albert Cook was not only a passionate explorer but also a trained physician and a man of science which profoundly influenced his perspective on the rugged unforgiving Arctic landscape His motivations stemmed from a desire not only to validate his capabilities against fellow polar explorers particularly Robert Peary but also to push the boundaries of human endurance Cook s rich background along with his previous experiences in the wilderness informed his narratives bringing both an intellectual rigor and exuberant zest to his prose This book is essential reading for those captivated by the era of exploration and the complexities of human ambition Cook s vivid descriptions and emotional truths will resonate with anyone interested in the interplay of exploration truth and deception A profound journey into the heart of the Arctic it invites readers to ponder the very nature of discovery   *Strange Cocktail* Adriana X. Jacobs,2018-07-23 For centuries poets have turned to translation for creative inspiration Through and in translation poets have introduced new

poetic styles languages and forms into their own writing sometimes changing the course of literary history in the process Strange Cocktail is the first comprehensive study of this phenomenon in modern Hebrew literature of the late nineteenth century to the present day Its chapters on Esther Raab Leah Goldberg Avot Yeshurun and Harold Schimmel offer close readings that examine the distinct poetics of translation that emerge from reciprocal practices of writing and translating Working in a minor literary vernacular the translation strategies that these poets employed allowed them to create and participate in transnational and multilingual poetic networks Strange Cocktail thereby advances a comparative and multilingual reframing of modern Hebrew literature that considers how canons change and are undone when translation occupies a central position how lines of influence and affiliation are redrawn and literary historiographies are revised when the work of translation occupies the same status as an original text when translating and writing go hand in hand **The Oregon Trail: Sketches of Prairie and Rocky-Mountain Life** Francis Parkman,2021-05-10 The Oregon Trail Sketches of Prairie and Rocky Mountain Life is a first person account of a 2 month summer tour in 1846 of the U S states of Nebraska Wyoming Colorado and Kansas Francis Parkman the author was 23 at the time The heart of the book covers the three weeks Parkman spent hunting buffalo with a band of Oglala Sioux _x000D_ Contents _x000D_ The Frontier_x000D_ Breaking the Ice_x000D_ Fort Leavenworth_x000D_ Jumping Off_x000D_ The Big Blue_x000D_ The Platte and the Desert_x000D_ The Buffalo_x000D_ Taking French Leave_x000D_ Scenes at Fort Laramie_x000D_ The War Parties_x000D_ Scenes at the Camp_x000D_ Ill Luck_x000D_ Hunting Indians_x000D_ The Ogallalla Village_x000D_ The Hunting Camp_x000D_ The Trappers_x000D_ The Black Hills_x000D_ A Mountain Hunt_x000D_ Passage of the Mountains_x000D_ The Lonely Journey_x000D_ The Pueblo and Bent s Fort_x000D_ Tete Rouge the Volunteer_x000D_ Indian Alarms_x000D_ The Chase_x000D_ The Buffalo Camp_x000D_ Down the Arkansas_x000D_ The Settlements **Reindeer, Dogs, and Snow-Shoes** Richard Bush,2023-02-20 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost *Practical Disciplines of a Christian Life* Sharon Bahrych,2016-11-21 Practical Disciplines of a Christian Life is for women who are looking for helpful information on how to apply the various Christian disciplines into their lives This book will also give readers encouragement through their reading about other historical figures through short biographical sketches who have struggled with the same issues as the reader Each chapter ends with applications readers can use to begin growing in the individual disciplines each chapter covers Practical Disciplines of a Christian Life ends with a chapter which encourages readers to continue growing and moving forward in their Christian life reminding them that it is not a one time deal but that they are to grow each and every day They are to look for ways that God has moved them forward in their Christian growth by being able to look back and see where they have come from Overall Practical Disciplines of a Christian Life is to be an encouragement to all women

who read it that they too can move forward in their Christian growth and they don t have to feel stuck in place Some Christian disciplines are a trial and error before acquiring the knack of doing it right   **Thirteenth Census of the United States Taken in the Year 1910** United States. Bureau of the Census,1913   "*A Reliable Car and a Woman Who Knows It*" Curt McConnell,2000-09-15 The audacity of driving a horseless carriage from coast to coast in the early years of the 20th century is hard to imagine in an age of superhighways and global positioning systems Roads might be nothing more than muddy ruts made by wagon wheels sources of gasoline or replacement parts were few and agonizingly far between frequent repairs and tire changes were necessary and the traveler was subject to the whole range of nature s perils and discomforts For a woman to attempt the trip was at the time a jaw dropping event Yet in 1909 22 year old Alice Ramsey and three female companions piled into a Maxwell in New York City and 59 days later they triumphantly rolled into San Francisco A few years later silent film star Anita King would become the first woman to make the transcontinental drive solo These and other early coast to coast drives proved women s growing independence as well as the automobile s long distance viability Detailed accounts of five coast to coast drives make up this lively history Drawing from plentiful contemporary newspaper reports and the women s own words author Curt McConnell recounts the bold adventurers experiences day by day and mile by mile
