Hardy To Larkin Seven English Poets:

Hardy to Larkin John Whitehead, 1995 The quality shared by the seven major poets Thomas Hardy Gerard Manley Hopkins Rudyard Kipling A E Housman Edward Thomas Wilfred Owen and Philip Larkin whose work is appraised in this original and comprehensive study is their Englishness Each was at the same time a traditionalist and an innovator and part of John Whitehead's purpose has been to examine their indebtedness to previous writers Sufficient biographical detail is given to set the poetry in its social and historical context Written also as acts of homage the essays by paying close attention to the language used by these poets encourage in the reader the habit of teasing out of each line its lightest nuance so enabling him to enter into the poet's mind at the moment of composition

Women, Modernism and British Poetry, 1910-1939 Jane Dowson, 2017-03-02 Primarily a literary history Women Modernism and British Poetry 1910 1939 provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women's participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women's poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female impersonations and the rupturing of realist modes

Radical Larkin J. Osborne, 2016-04-30 The first critical monograph to benefit from the textual rigour of Archie Burnett's landmark edition of The Complete Poems 2012 Radical Larkin celebrates Larkin's technical genius by offering seven in depth analyses of the stylistic strategies he used to create eleven of his most famous poems

Larkin, Ideology and Critical Violence J. Osborne, 2007-11-23 This volume combines a theoretical critique of the biographical method that dominates Larkin studies with a revolutionary interpretation of his works that better accounts for their profound influence upon leading Postmodernists like Ian McEwan David Mitchell Carol Ann Duffy Damien Hirst and the creators of Jerry Springer the Opera

Allusion to the Poets Christopher Ricks, 2002-08-29 Allusion to the words and phrases of ancestral voices is one of the hiding places of poetry's power Poets appreciate the great debts that they owe to previous poets and are often duly and newly grateful Allusion to the Poets consists of twelve essays four published here for the first time on allusion and its relations in particular on the use that poets in English have made of the very words of poets in English The first half of the

book on The Poet as Heir consists of six chapters devoted to individual poets Augustan Romantic and Victorian Dryden and Pope Burns Wordsworth Byron Keats and Tennyson Allusion is always a form of inheritance not to be hoarded or squandered The critical and creative question is its imaginative co operation with other kinds of legacy with whatever for a particular poet or for a particular time is judged to be an unignorable inheritance of a throne perhaps or of land of intermixed languages of the human senses of money of literature itself or of our planet long lived but not eternal The second half of the book is six essays on allusion s affiliations to plagiarism allusion being plagiarism s responsible opposite to metaphor allusion being a form that metaphor may take to loneliness in poetry allusion constituting company to allusion within poetry to prose on A E Housman to translation as exercising allusion on David Ferry and to the clash between one poet s practice and his critical principles on Yvor Winters

Economies of Desire at the Victorian Fin de Sie Jane Ford, Kim Edwards
 Keates, Patricia Pulham, 2015-10-14 This volume marks the first sustained study to interrogate how and why issues of sexuality desire and economic processes intersect in the literature and culture of the Victorian fin de si cle At the end of the nineteenth century the move towards new models of economic thought marked the transition from a marketplace centred around the fulfilment of needs to one ministering to anything that might potentially be desired This collection considers how the literature of the period meditates on the interaction between economy and desire doing so with particular reference to the themes of fetishism homoeroticism the literary marketplace social hierarchy and consumer culture Drawing on theoretical and conceptual approaches including queer theory feminist theory and gift theory contributors offer original analyses of work by canonical and lesser known writers including Oscar Wilde A E Housman Baron Corvo Vernon Lee Michael Field and Lucas Malet The collection builds on recent critical developments in fin de si cle literature including major interventions in the areas of Decadence sexuality and gender studies and asks for instance how did late nineteenth century writing schematise the libidinal and somatic dimensions of economic exchange How might we define the relationship between eroticism and the formal economies of literary production performance And what relation exists between advertising consumer culture and dissident sexuality in fin de siecle literary discourses This book marks an important contribution to 19th Century and Victorian literary studies and enhances the field of fin de si cle studies more generally

Philip Larkin Stephen Cooper, 2004-10-10 Overturning many of the established perspectives on Larkin s poetry and prose Cooper s book presents new evidence from a range of previously unpublished sources and is the first full length critical work to analyse Larkin s early fiction as well as advancing new readings of *The Less Deceived* *The Whitsun Weddings* and *High Windows* Critics have tended to label Larkin s poetry as sexist racist and reactionary However this volume demonstrates that Larkin s artistic impulse throughout his career was to challenge orthodox models of social and sexual politics Focusing on the Brunette Coleman novellas and the unfinished novels a structural blueprint is identified as prefiguring the later poems commentary on sexual and social conduct Further unpublished material includes correspondence workbook drafts dream

records and a playscript depicting alternately hostility to wartime heroics revulsion from capitalism unease with traditional gender roles and an interest in psychoanalysis This study makes available to scholars paintings by Larkin's friend James Sutton which illuminate the writer's concern with social oppression especially the predicament of women in the 1940s This is a fresh and revealing study on Larkin's artistic subversion stylistic and thematic it reveals the underlying themes of Larkin's entire oeuvre About Larkin, 1999 The Road of Danger, Guilt, and Shame Carol Efrati, 2002 The commentaries of other critics are taken into account but the author also presents her own explications based on her close reading and wide knowledge of literature BOOK JACKET The Lyric in Victorian Memory Veronica Alfano, 2017-11-11 This book is a study of nineteenth century poems that remember yearn for fixate on and forget the past Reflecting the current critical drive to reconcile formalist and historicist approaches to literature it uses close readings to trace the complex interactions between memory as a theme and the often memorable formal traits such as brevity stanzaic structure and sonic repetition that appear in the lyrics examined This book considers the interwoven nature of remembering and forgetting in the work of four Victorian poets It uses this theme to shed new light on the relationship between lyric and narrative on the connections between gender and genre and on the way in which Victorians represented and commemorated the past The Thomas Hardy Journal, 1995

Philip Larkin, Popular Culture, and the English Individual J. Ryan Hibbett, 2019-02-18 Despite the denigrating revelations of his published letters Philip Larkin looms larger than ever both as an English national icon and as a championed voice of postwar English poetry Philip Larkin Popular Culture and the English Individual seeks to move beyond the decades long preoccupation with Larkin's reputation and canonical status approaching Larkin instead as part of a persevering cultural phenomenon through which the traditionally distinguished individual is reconstituted in the company of the ordinary and the interchangeable It tracks how Larkin's poetic texts negotiate and engage with representations of popular culture at a time when notions of celebrity authenticity and cultural authority were newly and deeply unsettled by rock and roll and when cultural capital had become a coveted substitute for diminished imperial wealth From his unprecedented f bombs to his cultivation of a familiar comedic personality this book examines how Larkin realigns common social practices and popular art forms be it attending a church service watching television or enjoying a concert to the isolated knowing gaze of the individual

Rácz, 2015-11-24 In Philip Larkin's Poetics István D.
