Stern,2021-11-26 Bette Davis s career becomes a vehicle for a deep examination of American race relations Bette Davis was not only one of Hollywood s brightest stars but also one of its most outspoken advocates on matters of race In Bette Davis Black and White Julia A Stern explores this largely untold facet of Davis s brilliant career Bette Davis Black and White analyzes four of Davis s best known pictures Jezebel 1938 The Little Foxes 1941 In This Our Life 1942 and What Ever Happened to Baby Jane 1962 against the history of American race relations Stern also weaves in memories of her own experiences as a young viewer coming into racial consciousness watching Davis s films on television in an all white suburb of Chicago Davis s egalitarian politics and unique collaborations with her Black costars offer Stern a window into midcentury American racial fantasy and the efforts of Black performers to disrupt it This book incorporates testimony from Davis s Black contemporaries including James Baldwin and C L R James as well as the African American fans who penned letters to Warner Brothers praising Davis s work A unique combination of history star study and memoir Bette Davis Black and White allows us to contemplate cross racial spectatorship in new ways     **Impermanent Blackness** Korey Garibaldi,2025-02-04 Revisiting an almost forgotten American interracial literary culture that advanced racial pluralism in the decades before the 1960s In Impermanent Blackness Korey Garibaldi explores interracial collaborations in American commercial publishing authors agents and publishers who forged partnerships across racial lines from the 1910s to the 1960s Garibaldi shows how aspiring and established Black authors and editors worked closely with white interlocutors to achieve publishing success often challenging stereotypes and advancing racial pluralism in the process Impermanent Blackness explores the complex nature of this almost forgotten period of interracial publishing by examining key developments including the mainstream success of African American authors in the 1930s and 1940s the emergence of multiracial children s literature postwar tensions between supporters of racial cosmopolitanism and of Negro literature and the impact of the Civil Rights and Black Power movements on the legacy of interracial literary culture By the end of the 1960s some literary figures once celebrated for pushing the boundaries of what Black writing could be including the anthologist W S Braithwaite the bestselling novelist Frank Yerby the memoirist Juanita Harrison and others were forgotten or criticized as too white And yet Garibaldi argues these figures at once dreamers and pragmatists have much to teach us about building an inclusive society Revisiting their work from a contemporary perspective Garibaldi breaks new ground in the cultural history of race in the United States     *Walter White* Kenneth Robert Janken,2006 Walter White 1893 1955 was among the nation s preeminent champions of civil rights With blond hair and blue eyes he could pass as white even though he identified as African American and his physical appearance allowed him to go undercover to invest     Blowin' Hot and Cool John Gennari,2010-09-15 In the illustrious and richly documented history of American jazz no figure has been more

controversial than the jazz critic Jazz critics can be revered or reviled often both but they should not be ignored And while the tradition of jazz has been covered from seemingly every angle nobody has ever turned the pen back on itself to chronicle the many writers who have helped define how we listen to and how we understand jazz That is of course until now In *Blowin' Hot and Cool* John Gennari provides a definitive history of jazz criticism from the 1920s to the present The music itself is prominent in his account as are the musicians from Louis Armstrong and Duke Ellington to Charlie Parker John Coltrane Roscoe Mitchell and beyond But the work takes its shape from fascinating stories of the tradition's key critics Leonard Feather Martin Williams Whitney Balliett Dan Morgenstern Gary Giddins and Stanley Crouch among many others Gennari is the first to show the many ways these critics have mediated the relationship between the musicians and the audience not merely as writers but in many cases as producers broadcasters concert organizers and public intellectuals as well For Gennari the jazz tradition is not so much a collection of recordings and performances as it is a rancorous debate the dissonant noise clamoring in response to the sounds of jazz Against the backdrop of racial strife class and gender issues war and protest that has defined the past seventy five years in America *Blowin' Hot and Cool* brings to the fore jazz's most vital critics and the role they have played not only in defining the history of jazz but also in shaping jazz's significance in American culture and life

History and Tradition of Jazz Thomas E. Larson, Tom Larson, 2002      **The Other Side of Color** David C. Driskell, 2001 This volume presents selections from the highly respected Cosby collection of African American art Their introductions elaborate on their strong belief that African American families should themselves seek to preserve their cultural history and not rely on the mainstream They also provide interesting background about how they began their collection and what owning the art has meant to them The essay by Driskell curator author and scholar places each artist within the context of his or her era from the late 1700s to the present and explores the historical biographical social and political background of each period Also contains biographies of the artists Beautifully illustrated with 91 color plates and several other illustrations Oversize 10 25x13 25 Annotation copyrighted by Book News Inc Portland OR

*Racechanges* Susan Gubar, 2000-04-20 When the actor Ted Danson appeared in blackface at a 1993 Friars Club roast he ignited a firestorm of protest that landed him on the front pages of the newspapers rebuked by everyone from talk show host Montel Williams to New York City's then mayor David Dinkins Danson's use of blackface was shocking but was the furious pitch of the response a triumphant indication of how far society has progressed since the days when blackface performers were the toast of vaudeville or was it also an uncomfortable reminder of how deep the chasm still is separating black and white America In *Racechanges* White Skin Black Face in American Culture Susan Gubar who fundamentally changed the way we think about women's literature as co author of the acclaimed *The Madwoman in the Attic* turns her attention to the incendiary issue of race Through a far reaching exploration of the long overlooked legacy of minstrelsy cross racial impersonations or *racechanges* throughout modern American film fiction poetry painting photography and journalism she documents the

indebtedness of mainstream artists to African American culture and explores the deeply conflicted psychology of white guilt. The fascinating racechanges Gubar discusses include whites posing as blacks and blacks passing for white, blackface on white actors in *The Jazz Singer*, *Birth of a Nation* and other movies as well as on the faces of black stage entertainers. African American deployment of racechange imagery during the Harlem Renaissance including the poetry of Anne Spencer, the black and white prints of Richard Bruce Nugent and the early work of Zora Neale Hurston, white poets and novelists from Vachel Lindsay and Gertrude Stein to John Berryman and William Faulkner writing as if they were black, white artists and writers fascinated by hypersexualized stereotypes of black men and nightmares and visions of the racechanged baby. Gubar shows that unlike African Americans who often are forced to adopt white masks to gain their rights, white people have chosen racial masquerades which range from mockery and mimicry to an evolving emphasis on inter racial mutuality and mutability. Drawing on a stunning array of illustrations including paintings, film stills, computer graphics and even magazine morphings, *Racechanges* sheds new light on the persistent pervasiveness of racism and exciting aesthetic possibilities for lessening the distance between blacks and whites.
