lives of monks students lay brothers and African American neighbors on Skidaway Island Unlike a purely historical treatment this book amplifies the documentary evidence with archaeological findings including glass from arched church windows writing slate and slate pencil fragments a kerosene lamp and harmonica fragments The narrative balances the chronological story of the Skidaway Island mission with the larger history of African American education in Savannah and Chatham County from 1865 to the mission s closure circa 1900 Ultimately Laura Seifert s analysis shows how the roots of our educational system resulted in inequities today particularly because racism is a prominent thread that connects past and present problems Appleton's Cyclopædia of American Biography: Grinnell-Lockwood James Grant Wilson,John Fiske,1887
