Harmons War:

Professional Military Development Of Major General Ernest N. Harmon Major Matthew B. Dale, 2014-08-15 This study is a partial biography of Major General Ernest N Harmon focusing on his military career from his West Point graduation in 1917 to his assuming command of the 2nd Armored Division in 1942 When Harmon attained division command in July 1942 he was one of the most experienced officers in the army to command an armored division However he is overlooked in many histories and leadership studies The intent of this thesis is to determine what in Harmon s professional military development prepared him to become a successful and widely acclaimed leader of armored forces in the European Theater of Operations ETO during World War II Harmon s career reflected the generation of army officers whose service began during World War I and ended just prior to or during the early years of the Cold War However his World War I experience was unique in that with only eighteen months of service he commanded the largest U S cavalry formation to see combat in France Harmon s interwar career mirrored that of most of his peers shifting between command staff instructor and student assignments Therefore this study also provides a snapshot era s officer professional development The first twenty five years of his career prepared Harmon for combat in World War II and the occupation of Germany that followed His career development and personal experiences forged his competence and character He personally played crucial roles in ending three of the greatest crises faced by American forces in the ETO Kasserine Anzio and the Ardennes The units that he commanded played decisive parts in securing North Africa seizing Rome and penetrating the Siegfried Line into Germany Following the war Harmon served in a variety of key positions including military governor of Czechoslovakia and the organizer and first commander of the U S Constabulary Force in Germany before retiring in 1947 with thirty years of military service

Harmon's Journal Daniel Williams Harmon, 2011-07-06 The first real look at the Canadian West Harmon s Journal the first published English language journal written in B C is a lively engaging story that unlike other early journals captures the rough and tumble life of a fur trader and explorer in the western Canada of 200 years ago Harmon s descriptions of the cultures and customs of the people he met provide important observations of various First Nations almost before they were touched by European culture He also details activities of the traders and explorers with whom he exchanged letters such notable personalities as David Thompson Simon Fraser and John Stuart Harmon writes with honesty and often raw emotion in his accounts of his travels and adventures and his reflections are often profound Harmon s Journal is the authentic 1957 edition of the journal edited by esteemed historian William Kaye Lamb

Report United States. Congress Senate, **Joint Force Quarterly** ,2009 **America's School for War** Peter J. Schifferle,2010-04-05 When the United States entered World War II it took more than industrial might to transform its tiny army smaller than even Portugal s into an overseas fighting force of more than eight and a half million Peter Schifferle contends that the determination of American army officers to be prepared for the next big war was an essential component in America s ultimate triumph over its adversaries Crucial to that preparation were the army schools at Fort Leavenworth Interwar Army officers haunted by the bloodshed of World War I s Meuse Argonne Offensive fully expected to return to Europe to conclude the unfinished business of that conflict and they prepared well Schifferle examines for the first time precisely how they accomplished this through a close and illuminating look at the students faculty curriculum and essential methods of instruction at Fort Leavenworth He describes how the interwar officer corps there translated the experiences of World War I into effective doctrine engaged in intellectual debate on professional issues conducted experiments to determine the viability of new concepts and used military professional education courses to substitute for the experience of commanding properly organized and resourced units Schifferle highlights essential elements of war preparation that only the Fort Leavenworth education could provide including intensive instruction in general staff procedures hands on experience with the principles and techniques of combined arms and the handling of large division sized formations in combat This readied army officers for an emerging new era of global warfare and enabled them to develop the leadership decision making they would need to be successful on the battlefield But Schifferle offers more than a recitation of curriculum development through the skillful interweaving of personal stories about both school experiences and combat operations collectively recounting the human and professional development of the officer corps from 1918 to 1945 Well crafted and insightful Schifferle s meticulously researched study shows how and why the Fort Leavenworth experience was instrumental in producing that impressive contingent of military officers who led the U S Army to final victory in World War II By the end of the book the attentive reader will also fully comprehend why the military professionals at Fort Leavenworth have come to think of it as the Intellectual Center of the Army **The Harmon Memorial Lectures in Military History** ,1990 **Armor** ,1988 The magazine of mobile warfare **Harmon's Journal, 1800-1819** Daniel Williams Harmon,2006 The first real look at the Canadian West Harmon s Journal the first published English language journal written in B C is a lively engaging story that unlike other early journals captures the rough and tumble life of a fur trader and explorer in the western Canada of 200 years ago Harmon s descriptions of the cultures and customs of the people he met provide important observations of various First Nations almost before they were touched by European culture He also details activities of the traders and explorers with whom he exchanged letters such notable personalities as David Thompson Simon Fraser and John Stuart Harmon writes with honesty and often raw emotion in his accounts of his travels and adventures and his reflections are often profound Harmon s Journal is the authentic 1957 edition of the journal edited by esteemed historian William Kaye Lamb

Commanding Professionalism William Stuart Nance,2023-10-03 When one thinks of influential World War II military figures five star generals such as Dwight D Eisenhower and Omar Bradley instantly come to mind As important as these central figures were to the Second World War the conflict produced equally effective lower profile leaders whose influence had an undeniable impact Among these leaders are William Simpson commander of the US Ninth Army and James Moore his chief of staff Working in tandem the pair helmed a unit that gained recognition as uncommonly normal an affectionate designation driven by their steadfast professionalism in all endeavors It was their unobtrusive leadership style that relegated these career military men to the footnotes of military history Commanding Professionalism Simpson Moore and the Ninth US Army corrects this historical oversight by examining the achievements of these overlooked heroes Focusing on Simpson and Moore s careers from 1940 through the end of World War II author William Stuart Nance recounts the pair s working relationship Together they successfully maneuvered through the squabbling of the American and British forces and developed an army admired for its consistency of conduct and military prowess capable of resisting the complex external and political machinations of the time Simpson and Moore s unflinching devotion to the greater good and their steady handle on the dynamics of command staff relationships proved essential to the war effort and its ultimate success Their example Nance argues remains aspirational and worthy of emulation in the military command structure of today

The Collaboration Ben Urwand,2013-09-10 To continue doing business in Germany Hollywood studios agreed not to make films attacking Nazis or condemning persecution of Jews Ben Urwand reveals this collaboration and the cast of characters it drew in ranging from Goebbels to Louis B Mayer At the center was Hitler himself obsessed with movies and their power to shape public opinion

The Ancestry of Lydia Harmon, 1755-1836 Walter Goodwin Davis,1924 John Harmon b ca 1639 married Elizabeth Cummings and moved from Saco Maine to York Maine Descendants lived in Maine Massachusetts and elsewhere *Report* United States. Congress.
