Harold The Doctor:

Harold Shipman - Prescription For Murder Brian Whittle, Jean Ritchie, 2009-09-03 He was a pillar of the community serving on local committees donating prizes to the rugby club organising charity collections His patients thought the world of him he was attentive kind never too busy to chat Yet Dr Harold Frederick Shipman was also the most prolific serial killer the world has ever known with between 200 and 300 victims Quietly for many years the small bespectacled GP was making unexpected house calls and walking out leaving a dead body behind The murderous career of Dr Shipman only came to an end when police in Hyde Greater Manchester were called to investigate a forged will Overnight they found themselves embroiled in the biggest murder case in British history Substantially revised and updated since Shipman's suicide in prison this is a compelling account of these monstrous crimes and of the man who committed them The authors have had unparalleled access to friends colleagues and patients Their in depth and authoritative investigation looks at how he killed how he was able to get away with it for so long and most important of all why **Doctor Death** Natalie

Marshall, 2016-02-08 Trust me I'm a doctor Harold Shipman Dr Harold Frederick Shipman was known in England as Dr Death He is one of the most prolific serial killers in recorded history who between 1974 and 1998 was suspected of killing over 215 of his patients by poisoning them with lethal injections of morphine He was ultimately found guilty of 15 murders and sentenced to life in prison never to be released Shipman committed suicide while in prison on 13 January 2004

Harold Shipman Roger Harrington, 2018-03-12 Harold Shipman Doctor Death The Shocking Case of the Harold Shipman Murders As a society we are conditioned to believe that doctors will do their utmost to nurture our well being and protect our lives We implicitly trust that people only go into such professions to care for their patients in a loving and attentive manner Very few of us would suspect that someone claiming to promote our health would not do everything in their power to ensure our survival and even fewer of us would suspect that someone whose job it is to keep us safe would actively want to harm us That blind trust is exactly the mentality that led to over 200 people being murdered at the hands of Britain's most prolific serial killer Doctor Harold Fredrick Shipman Shipman used the trust of his patients as a weapon against them He managed to avoid detection as a murderer for almost 30 years by putting on a convincing performance as a conscientious care giver He would persuade a victim's family that he had his patients best interests at heart even after he had injected their loved one with a lethal opiate overdose and had watched them die **Dr. Harold's Note-book** Caroline Leigh Gascoigne, 1869

Harold's Will Greg Royer, 2024-02-26 Due to a series of bad decisions Harold finds himself fighting to save his legacy and his life Winning either fight seems unlikely The collision of two separate events from Harold's past is turning his life upside down Harold is quickly approaching the age at which his father dropped dead right in front of him from a deadly condition that Harold has inherited and a childhood friend who recently died by suicide because in Harold's mind of a horrible mistake Harold made when they were fourteen Unwilling to confront his past or his mortality Harold decides to fix the future But his

efforts to extend his control beyond the grave only make things worse alienating friends and family His irrational behaviour finally puts his life at risk when he finds himself lost in the Canadian Rockies in the dead of winter In the pit of his despair Harold hears a voice in the darkness that describes itself as a spirit named Herman A fan of Miley Cyrus bad jokes and of Harold himself Herman appears to hold a very unusual insight into the universe and the very reason for our existence While Herman s story stretches Harold s imagination it may be exactly what he needs to hear As he struggles to deal with his fear and guilt Harold must trust the disembodied voice of Herman and realize the implications of what he s done But will he survive long enough to fix the mess he s created

Seven Short and Very Short Plays Jean Claude Van Itallie, Sharon Thie, 1973 THE STORIES EAT CAKE A biting satire in which a frowzy housewife absorbed in her TV is visited by an eccentric rapist whose demands are somewhat different from what might be anticipated 1 man 1 woman HAROLD Two doctors examine a patient p
