**Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day; denominational and institutional profiles; intellectual traditions in Christian education; biblical and theological frameworks; curricula; missions; adolescent and higher education; theological training; and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education.

**Religion and American Politics** Mark A. Noll, Luke E. Harlow, 2007 These essays examine how religious beliefs and practices have shaped political thought and behaviour, and vice versa, and how in certain periods religious and political thought has coincided or moved in opposition, and how minority perspectives have challenged majority views.

**A Goodly Heritage** Jacob E. Nyenhuis, 2007-06-06 A signal contribution to the fields of church history and theology, this festschrift contains fifteen well-researched essays covering such subjects as religious conflict in the nineteenth century; Hope College history; a noble experiment in unifying community archives; recent ideological conflict in Reformation studies; and contemporary issues in the Reformed Church in America. Publisher

**Tools for Understanding** James Hart Brumm, 2008 Beginning with Donald Bruggink's own notion that history is a tool for understanding, the dozen essays in this volume are tools for understanding four areas of his life and his fifty-five years of ministry. While all the contributors to this volume have benefited from Bruggink's friendship, teaching, and ministry, the first and last essays are by the contributors he has known longest, who had a formative role in his life: Eugene Heideman and I. John Hesselink. Contributors: George Brown Jr., Laurie Z. Baron, James Hart Brumm, Kathleen Hart Brumm, John W. Coakley, Russell L. Gasero, Eugene Heideman, I. John Hesselink, Allan Janssen, Mary L. Kansfield, Normal Kansfield, Jacob E. Nyenhuis, J. Jeffery Tyler, Dennis Voskuil.
