complementary conceptions of time and its re valuation of rural and scientific ways of knowing The collection concludes with four works whose insights into Cooper s views on gender domesticity and environmental philosophy grow out of comparisons with several contemporary women writers These remarkable essays by both established and emerging scholars of nineteenth century literature present new findings and insights into a writer who is being reintroduced to the fields of eco criticism and American literature , Elinor Wyllys Susan Fenimore Cooper,2018-09-20 Reproduction of the original Elinor Wyllys by Susan Fenimore Cooper *Elinor Wyllys.
